

College Comp
Mr. Reynolds
The Element
Ch. 7 assignment

Directions: Choose one of the options below to complete while or after you have read Ch. 7.

1. Create an infographic that illustrates the key figures and main ideas from the chapter.
2. Draw your own visual interpretation of the key figures and main ideas from the chapter.
3. Choose one key quote from the chapter and write a short (one paragraph) response to it.
4. Do a little research on luck. What did you find? Share that in a short paragraph.
5. In this chapter, Robinson talks about the importance of being able to “reframe” a situation in order to get a new perspective on it. Write about a time YOU did this.
6. In this chapter, Robinson talks about the importance of being able to “reframe” a situation in order to get a new perspective on it. Give us an example of someone (famous or just a regular person) who did this in their lives or business.
7. Using [Wakelet](#) or [Smore](#) give us three examples of famous people who have made the most out of their luck. In the Storify document, be sure to include a picture of them and explain why they were lucky.
8. Watch a TED Talk on luck (there were at least half a dozen when I checked). Write a short paragraph connecting it to this chapter.
9. Create a Padlet board with at least five examples of successful people who used luck to find their elements. Also include two examples of regular folk who you would consider “lucky” in finding their elements.
10. Come up with another original idea and submit it.
