49. Read the text!

Thread: How people will get around

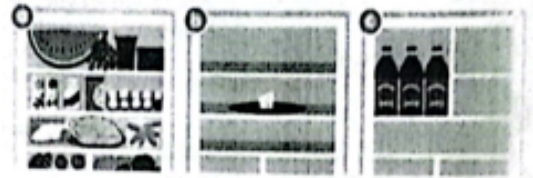

Hi, I'm Jaka. Of course we don't know how people will get around in the future, but I think there'll be big changes. I think people will move around without polluting the air and transport will be a lot safer than it is today. Cars, for example, will be emission-free, and they'll be driverless because a computer will drive those cars of the future. There won't be any accidents.

Tell me what you think!

Source: SuperMinds 6
