

## Carnival Game, Dunk Tank & Movie Screen Instruction Sheet

This document serves as a tool to help you understand the rules and instructions for the carnival game(s) you are renting from us. These instructions are perfect for you to print out to give you to your volunteers/staff running the carnival game (when applicable).

Keep in mind that you are required to have a volunteer/staff running a game to ensure your attendee's are able to not only enjoy the play, but to also make sure the equipment stays in proper working order and the accessories stay with the equipment.

Radar Gun

Game Instructions:

The radar gun can be used alone without other equipment or paired with another item such as its popular matchup the "Inflatable Speed Pitch" unit. If played alone you would hold the trigger to see how fast the ball was thrown or kicked. You can use it for baseball, football, soccer, tennis, golf, racing, and more!

**Tip:** It is best if not being used as handheld that the scanner be behind where you throwing it but not where it will be hit.

**Prize level Recommendations:**

A) Big Prize for speed over a specific target amount of your choosing. B) Small Prize for consolation prizes for those who can't throw/kick the ball at the speed you specified for the Big Prize.

**Operators Required: 1**

This game is not permitted to be left unattended and requires an operator to be making sure participants are not "playing" with the radar gun.

**Supplies Included with Game:** Please make sure all supplies are returned with the game.

- Remote Digital Display Board (display range 10-250mph)
- Carrying Case
- Radar Gun
- Tripod Stand
- Power Cords (2)
- Extension Cords (if used)

**Power Needed:** 2 standard outlets

**Water Needed:** n/a

**Precautions:** This game needs to be indoors or under a pavilion/tent if there is any chance of rain. It is the customer responsibility to ensure the radar gun does not get wet.

## Electronic Putting Green Golf Simulator

Putting Challenge golf game is the truly ultimate edition indoor golf putting game and trainer. Putting Challenge Ultimate Edition allows you to practice putting at home for greatly improved scores in your golf game. This professional quality training tool is the most realistic putt simulator ever developed. Golfers can use Putting Challenge to practice shots on ever changing simulated greens to put themselves at the top of their game. The playing surface changes contours and slopes to simulate differences in greens encountered in real play. Putting is more than half your golf game and can make or break your score. Practice year round to build confidence in your game play and train your eye to read any green better than ever before.

Electronic Putting Challenge will not only entertain you at home and improve your golf scores on the course but it is also a phenomenal tool for parties, corporate events, and trade shows. Great fun for the

family and the very best training tool for the serious golfer.

### Game Instructions:

Practice your putting, as a training tool, or competition with this putting challenge. The playing surface changes contours and slopes to simulate the differences in greens encountered in real play. Great for Corporate Parties, trade shows, school events!

Allows over 72 electronically changing golf green countours automatically. Four 18-hole courses on two skills levels (2 amateur and 2 pro) Computerized Keypade displays and announces player's turn, hold number, penalty strokes, average putts-per-players and even cheers for hole in ones! Up to 4 players at a time. Auto ball return.

### Prize Level Recommendations:

Winner of the 18 hole tournament can get a prize or gift certificate depending on the type of event you are doing.

### Operators Required: 1

**Supplies Included in Game:** Please ensure all items are monitored & returned at pickup.

- Golf Ball

**Dimensions:** 118"L x 31"W x 38"H

**Precautions:** This game needs to be indoors or under a pavilion/tent if there is any chance of rain. It is the customer responsibility to ensure the radar gun does not get wet.

#### Cash Cube

Having a fundraiser, carnival, or special event this year? Check out this NEW Inflatable Cash Vault available for rental by 3 Monkeys. The Inflatable Cash Machine is a very unique and the perfect fundraiser excitement adds on!

Use it to see which contestant can gather the most cash or tickets from the cash vault as they go flying inside the machine. Also includes a Digital Timer so you can designate how many seconds you would like each participant to have before his or her turn is over. This Inflatable Cash Vault is great for kids all the way up to adults.

**Game Instructions:** Participants enter and try to grab as much money/coupons as they can in the allotted time they are given. (Time is determined on digital timer set by you)

**Tip:** Print coupons or "fake" money ahead of time and slightly crumble.

**Prize Level Recommendations:** money, gift certificates, or prizes to be awarded

**Operators Required:** 1

WAX HANDS

Game Instructions: Simply dip your hand in the clean solution (dish soap/water) and then into the ice/dish soap/water combo and listen to the team member about dipping your hand into the clear wax gently keeping the same shape of your fingers/hand while you dip and after keeping that shape. After the initial dip you will be redipped 1-3 more times depending on the firmness. At that point the team member will take the wax off your hand and ask you what colors you want on the hand. She/he will dip the hand with colors and present your masterpiece at the end.

We do recommend that the participants are old enough to understand how to keep their hand in the same position with little to no movement in order to make the mold. In some cases we are able to get a foot of a smaller child as that is easier for them not to move as much.

Tip: Add a 2<sup>nd</sup> attendant to help move the line along & expect long lines. This is very popular and therefore you may want to assign a line end at about ½ hr to the end of the even to cut off the end of the line.

Prize Level Recommendations: none – the keepsake is the prize! ☺

Operators Required: a minimum of 1 operator – however if you can add a 2<sup>nd</sup> operator or at least a volunteer that is a little helpful.

Supplies Included with Game: unlimited wax

Power Needed: standard outlet (\*We do need the location and outlet ready on arrival so we can plug in right away)

Water Needed: none

Tables needed – (2)
