

A Hobby

A hobby is what you like to do in your free time. Different people have different hobbies because different people like doing different things.

Some people are fond of collecting stamps, coins or badges. I think collecting things is easy and interesting. Collecting things is popular with people of all ages because you begin to learn many new facts about history and famous people. When you have a special theme for your collection, it is called thematic. My friend's collection of stamps is thematic, his theme is cars.

A lot of people collect books, pictures, cups, toys and many other things.

But collecting is not the only hobby people have. Children are fond of doing sports. Girls are fond of dancing. In their free time they go to the dancing clubs.

I am sure that grown-ups and children are fond of playing computer games. It is very interesting and exciting. I know many hobbies. They are reading, making models, fishing, drawing and others.

Some people are fond of travelling. They visit other cities and countries on their holidays to know more about people's traditions and enjoy beautiful nature. A lot of people like to spend their free time in museums, galleries, theatres and cinemas. All children are fond of music. They listen to their favourite singers and groups.

My parents and grandparents like gardening. My mother grows beautiful flowers in our garden every year.

I've got a hobby too. My hobby is

I think that a hobby makes our life bright.
