Senior Portraits: Students take multiple photos. A "drape" is provided for all students to wear. Students can choose between 3 drapes: a dress (image #1) a suit (image #3), or a plain white or black button-down shirt (image #5). Both are worn over their own clothes. We ask that all students wear a tank top or tube top underneath their clothing to make changing into and wearing the drapes easier. Drapes can be raised to cover shoulders. We also ask that students come with their hands and nails camera-ready. Students also get photographed in full cap and gown attire with props (image #2 & #4). Those who come dressed up (not casual attire) can get a personal shot done as well.
