

Hello Kleb Band Parents,

We are happy to announce and congratulate your child for being selected to play the **Percussion**. We will send this information to the councilor and your child will be placed in the correct band class.

The next step is for you to purchase the sticks, class materials and practice marimba. You will need to contact Music and Arts or H&H Music to purchase the sticks, materials and the practice marimba. The company's purchase information is listed below. Please follow the recommended list so that you and the music company are in sync with what we want the students to purchase and play.

Congratulations again, and we look forward to a FANTASTIC school year!
