

-
- 
- a. Prepare your manuscript, including figures and tables, using a word processing program and save it as a *.doc or *.docx. **We do not accept any format other than *.doc or *.docx**
 - b. Page Layout Size: A4
 - c. Margin: Normal (All, 2.54 cm)
 - d. Line Space: 1.0, Space After 6 pt, Space Before 6 pt
 - e. Manuscripts are written in 2 column format, except for the abstract and bibliography sections. The distance between columns is 0.5 cm
 - f. Decimal number must be written using <.> not <,>
 - g. Research articles have **a word limit of 3800 words, a limit of 40 references, and a limit of 4 tables and figures (Not 4 tables and 4 figures)**. Additional tables and figures can be added as Supplementary material
 - h. Figures and Tables must be placed at the end of page
 - i. Replace the section information with your contents. Do not include the section information text!
 - j. Keep the line number in the document
 - k. **IMPORTANT!** We only accept the submission that follows the Author Guideline **AND** written with water marked-template document!.

COVERING LETTER

First author*¹⁾, Second author ²⁾, etc. [Times New Roman 10]

Manuscript has main author and co-authors. Author names should not contain academic title or rank. Indicate the corresponding author clearly for handling all stages of pre-publication and post-publication. Consist of full name author and co-authors. Corresponding author is a person who is willing to handle correspondence at all stages of refereeing and publication, also post publication.

I. First author*:

1. Name :
2. Affiliation :
3. E-mail :
4. Orcid ID : (if the author doesn't have the ID please register at <https://orcid.org/>)
5. Phone number :

II. Second author:

1. Name :
2. Affiliation :
3. E-mail :
4. Orcid ID :
5. Phone number :

III. Third author:

1. Name :
2. Affiliation :
3. E-mail :
4. Orcid ID :
5. Phone number :

INTRODUCTION

Describing the background of the work and its aims. The introduction must be written using 300 until 500 words. It should be written using Garamond 10.

MATERIALS AND METHODS

It should contain sufficient detail so that when reading in conjunction with cited references, all procedures can be repeated. For experiments reporting results on animal or human subject research, an ethics approval statement should be included in this section.

Table 1. Genetic variability of ...

Character	A	B	C	D	E
AA	45.99	56.32	180.34	45.33	19.34
BB	16.89	238.77	300.56	40.23	23.22
CC	17.75	9.26	14.54	20.22	14.34

Description : A= legend; B= legend; C= legend; D= legend; E= legend

CONCLUSION

It should contain a short conclusion about the original contribution of the paper, discuss the policy or management implications of the findings, provide a critical assessment of the limitations of the study, and outline possible promising results for further research. The conclusion is written using 50 until 100 words. It should be written using Garamond 10.

Materials and methods must be written using 300 until 500 words. It should be written using Garamond 10.

RESULTS AND DISCUSSION

Results and discussion can be written in the same or separate sections. Results and discussion must be written using 1000 until 2500 words. It should be written using Garamond 10. Figure Line Space: 1.0, Space Before 4 pt. Table Line Space: 1.0, Space After 4 pt. The content of table should be written using Garamond 9. The caption of table and figure should be written using Garamond 8.

ACKNOWLEDGMENT

Acknowledge the contributions of specific colleagues, institutions, or agencies that aided the efforts of the authors. The acknowledgment must be written using 20 until 50 words and it should be written using Garamond 10.

REFERENCES

In the text, references to the literature should be by author and year. The list at the end of the paper should include only works mentioned in the text and should be arranged alphabetically by the name of the first author. Use Harvard style for Mendeley or EndNote user. References should be consist of 10 until 40 references. It must have a minimum 50% of the last 5 years references and 80% are journals. It should be written using Garamond 8.
