INTERNATIONAL WORKER SUPPORT & RELATIONSHIP

Jane Doe will be the NAC representative that liaises between the church and IW.

IW will serve with Global Ministries of the C&MA and will be accountable to Global Ministries leadership in developing ministry strategy. As National Alliance Church partners with them, they all will work to fulfill the vision through communication and consultation as the ministry develops.

Global Ministries will ensure that IW has sufficient training needed to fulfill their responsibilities. Global Ministries, in partnership with NAC, will ensure that the ministry and IW have access to pastoral care. GM, represented by the Canadian Regional Developer and the X Team (IW) will manage the on-going progress of the ministry and provide required administrative support and services.

IW will also visit, serve, and report on the ministry with the other churches within their cluster and District during their home assignment.

IW and NAC may jointly modify this covenant at any time. This covenant is scheduled for renewal on or before July 2021. This ministry partnership will be reviewed, beginning a minimum of 6 months before the end of this period.
