

AlyKattStudios Terms of Service !

1

- I reserve the right to decline any commission I do not feel comfortable with.
- I reserve the right to use commissioned artwork in my portfolio unless explicitly requested otherwise.
- Once a price has been settled I'll send you a PayPal link and you will first receive a basic sketch of your order. Revisions will be made if necessary and once you're satisfied, you'll get updates on your commission when it's finished!
- Reference pictures are REQUIRED on the client's part. I need the closest kind of reference pose you would like your character to be in. If somewhat different from the reference, written tweaks of the pose and moods/expressions are fine.
- I'll only allow one large revision during the sketch phase. Please note that I will not accept large revisions after you've approved the sketch.
- Commissioned art is for *personal use only*, not commercial use. Feel free to post the finished product wherever you want. Credit is required!

I'm not limited to OCs! I can create fanart, or an original art piece in this style as well!

Let's go through the prices, shall we?
