

**ASBDA Membership Resource List  
for the South Central District Bandmasters Association**

Please find below a list of our South Central District Bandmasters Association members who are also members of the NC Chapter of the American School Band Directors Association and who would love to serve as a resource for your band program. Please feel free to reach out to any of them to assist you with MPA prep, general advice, or mentorship. We encourage you to reach out to someone in the profession as an ally, but this list can provide a good starting point if you don't already have close associations in the area or if you wish to seek additional options.
