ABSTRACT

Abstract written in English, palatino linotype format, font size 11, space 1.0. Abstract up to 200 words, contains a summary of the introduction, research objectives, research methods, and research results.

Keywords: Write 3 keywords

1. INTRODUCTION

In this section, the text is typed in Palatino Linotype, 12pt with 1.15 line spacing. The distance from the last sentence to the next paragraph is one space (6 pt after spacing). The maximum length of the article is 20 pages.

Jurnal Ilmiah: Suara Edukasi Hukum is published twice a year, in May and October. This journal accepts research articles from researchers, lecturers, students, and practitioners, in Indonesian, that have never been published in other journals, proceedings, newspapers, or other media.

For the convenience and efficiency of the author in formatting the writing, use this template by copying, downloading, or requesting an email attachment from the editorial team, and then replacing it with the author's material.

2. RESEARCH METHOD

Describe the research method used concisely. If a method is not commonly used, describe it in detail. The procedures used in the research can be illustrated in the form of a flow chart, figure, or other supporting diagrams.

3. RESULT AND DISCUSSION

3.1. DISCUSSION A

This section contains analysis and discussion. Chapter titles are written using Palatino Linotype font size 12, 1.15 spacing, justified, using Arabic numbering, and can be named in any way the author deems effective. **Citations using the reference list / bibliography must use the Mendeley application, American Psychological Association 7th Edition style (Use in-text citations (body notes). Do not use footnotes).**

3.1.1. Sub-A

Sub-chapter titles are written similarly to Chapter titles, using Arabic Numbering. Sub-chapter titles can also be named in any way the author deems effective.

3.1.2. Sub-A

Sub-chapter titles are written similarly to Chapter titles, using Arabic Numbering. Sub-chapter titles can also be named in any way the author deems effective.

3.2. DISCUSSION B

3.2.1. Sub-B

If figures are included, use figures with the best possible resolution to ensure clarity, readability, and accurate presentation of information.

3.2.2. Sub-B

If the author uses a table in their writing, the table writing format is as follows:

Table 3.2.2. Terrorism Cases in Indonesia (2000)

No.	Time / Date	Terrorism Incident	Victims
1.	August 2000	Bombing at the Philippines Embassy	2 dead, 21 injured
2.	September 2000	Bombing at the Jakarta Stock Exchange	10 dead, 90 injured

		(BEJ) parking floor	
3.	December 2000	Bombing at churches in major cities on Christmas Eve	16 dead, 96 injured

3.3. DISCUSSION C

This section contains analysis and discussion. Chapter titles are written using Palatino Linotype font size 12, 1.15 spacing, justified, using Arabic numbering, and can be named in any way the author deems effective. **Citations using the reference list / bibliography must use the Mendeley application, American Psychological Association 7th Edition style (Use in-text citations (body notes). Do not use footnotes).**

4. CONCLUSION AND RECOMMENDATIONS

Summarize what has been produced in the research, not merely what is imagined to be done. State clearly the (unique) contribution provided in this field of study. The conclusion should be expressed in narrative form.

5. REFERENCES

The references used are mostly primary literature (research results) and are current (last 10 years). References are listed with a Hanging Indent, 0 mm spacing between references, and sorted alphabetically. When performing citations, it is mandatory to use software such as Mendeley, Zotero, or others, or at least use the References feature in Microsoft Word. Some examples are written as follows:
