CHAPTER 1: GENERAL INFORMATION

1-1 General- The Navy Junior Reserve Officers Training Corps (NJROTC) program is composed of NJROTC and Navy National Defense Cadet Corps (NNDCC) units established in secondary level educational institutions of the United States under authority of 10 U.S.C. Secs. 2031, 2032, and 2033 and 10 U.S.C. Sec. 7911.

NJROTC units are provided with the administrative and logistic support necessary to operate effectively through directives and instructions from the Commander, Naval Service Training Command (NSTC) via the NJROTC Area Managers.

Each unit's Senior Naval Science Instructor (SNSI) is responsible for all aspects of material management within the unit, material management functions include monitoring and receipt control of procurements, uniform and textbook issue control, and miscellaneous functions as assigned to effectively operate the unit.

1-2 NNDCC Resources and Guidance

- 1. Curricular and Instructional Materials- The US Navy (USN) shall provide curricular and instructional materials and guidelines used to instruct the NJROTC curriculum. The amount and type of materials provided is subject to the availability of funds.
- 2. **Cadet Uniforms-** NNDCC cadet uniforms are funded and procured by the host school. NNDCC units may order uniforms through the Navy Exchange Command (NEXCOM) directly by the host school without reimbursement from the USN.
- <u>3.</u> Clothing Receipts- Citizen Development Management Information Subsystem (CDMIS) generated Custody Cards are recommended for use by NNDCC units.
- 4. **Cadet Uniforms Replacement-** The cost replacement of uniform clothing items will be borne by the host school without reimbursement by the USN. However, as NNDCC uniforms are school property, the school may require cadets to provide restitution for uniform clothing items that are lost, mutilated, or destroyed through the cadet's own misconduct or carelessness
- 5. **Government Furnished Equipment-** The USN may provide the host school with Government furnished equipment (including arms, tentage and equipment) needed to administer the NNDCC curriculum. The amount and type of equipment provided is subject to the availability of funds.
- 6. **Supply Guidance-** NNDCC units must maintain all Government furnished curriculum, instructional materials, and equipment as governed by NSTC M-5761.1B and the NJROTC Supply Manual. Other supply oriented guidance as governed within the NSTC M-5761.1B and the NJROTC Supply Manual is encouraged to be enacted within an NNDCC unit.

1-3 NJROTC Resources

- 1. **Funding Resources-** The federal government provides NJROTC with two sources of Appropriated Funding (APF):
 - a. **Operation and Maintenance, Navy (O&MN)-** APF provides resources for the daily operation and maintenance for the NJROTC program.
 - b. **The Military Personnel, Navy (MPN)-** APF provide for basic uniform items as well as maintenance and alterations of those uniform items in support of the NJROTC program.

Funding for O&MN and MPN appropriations may be sourced through the federal Procurement Integrated Enterprise Environment (PIEE) system via a Wide Area Workflow (WAWF) claim as directed by NSTC or your Area Manager. Table 1-1 details funding examples.

Table 1-1. Appropriation Types

APPROPRIATIO N TYPE	TYPE OF EXPENDITURES	EXAMPLES	PROCEDURES
MPN	Uniform items	See Tables 2-1, 2-2	Order via CDMIS.
	Uniform maintenance	Tailoring, dry-cleaning	Procure locally. When funds are available, submit WAWF claim as directed by your Area Manager.
O&MN	Organizational items	See Table 2-7	Order via CDMIS or use USM funds
	Cadet travel	Orientation trips, NSTC supported National competitions	When funds are available, submit WAWF claim as directed by your Area Manager or NSTC.
	USN-owned property	Drill rifles, instructional material, and other equipment	Purchased by NSTC and shipped to units.
	Unit Support and Maintenance (USM)	See section 1-4 below	NSTC provides unit funding via WAWF.

1-4 Unit Support and Maintenance- The following expenses are common examples of items that should be funded from the USM funds provided to the host school for support of the NJROTC program:

Advertising and publicity materials

Air rifle and drill team equipment, supplies, and repairs. (Custom fitted equipment and gear is prohibited)

Air rifle range fees

Audiovisual equipment repairs and supplies, if the equipment was provided by the USN

Computer refresh support for laptop computers

Curriculum related Software

Digital camera

Drone licensing fees and academic programs

Drones, drone spare parts, equipment

Entrance fees

Film, developing costs, and other camera supplies

Flags and related parade equipment

Internet access

Keys and locks

Long distance toll charges for official calls made in connection with the program

Minor repairs to computer and classroom equipment provided by the USN

Name tags

Plaques, trophies, ribbons, frames, and folders

Postage

Printing and engraving

Subscriptions to USN-related publications and periodicals

If an expense is not included on this list, contact your Area Manager before incurring the expense.

1-5 Funding by Accounting Classification Reference Number (ACRN)- APF will be provided under an ACRN as directed by NSTC or your Area Manager. Table 1-2 lists the current ACRNs for NJROTC.

Table 1-2. ACRNs List

ACRN	CDMIS	TYPE OF APF	USE FOR:
AA	ORI	O&MN	Orientation Trips
			NJROTC National Orienteering Competition
AB	ALT	MPN	Uniform Maintenance
AE	USM	O&MN	Unit Support & Maintenance
AF	BBC	O&MN	NJROTC National Brain Brawl Competition
AG	JLAB	O&MN	National Joint Leadership Academic Bowl
AJ	AR EQ	O&MN	Air Rifles and Equipment
AM	NDCM	O&MN	NJROTC National Drill Competition
AN	LA	O&MN	Leadership Academy
AP	IST	O&MN	In-Service Instructor Training
AQ	NIOT	O&MN	Instructor Seminars
AR	BLT	O&MN	Basic Leadership Training
AT	CU IT	O&MN	Advisory Boards Training
AU	CYBP	O&MN	National CyberPatriot Competition
AV	SAIL	O&MN	Sail Training
AZ	NARC	O&MN	NJROTC National Air Rifle Competition
			JROTC National Air Rifle Competition

The ACRNs listed within Table 1-2 will be used when submitting WAWF claims as directed by your Area Manager or NSTC.

1-6 Requisitioning Procedures- The NJROTC unit will use the requisitioning procedures shown in Table 1-3 for requirements that are not routine direct expenses. Any item not covered in the table or included in routine expenses should be requested from the Area Manager.

Table 1-3. Requisition Guide

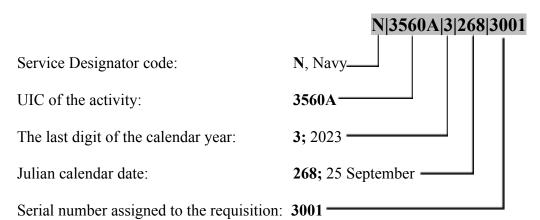

Table 1-3. Requisition		ALLOWANCE	FUNDING	STANDARD PROCEDURES
	Initial issue	10	NSTC/ AJ	As directed by NSTC
Air Rifles (Chapter 8)	Replacement	As required	NSTC/ USM	As directed by Area Manager. USM funds are also authorized for use in procuring air rifles.
	Repair	As required	USM	Unit procures through USM funds.
	Initial issue	See Table 6-1	NSTC	NSTC procures and ships to unit.
Audiovisual Equipment	Replacement (normal wear and tear)	As required	NSTC	Survey through CDMIS. NSTC procures and ships to unit.
(Chapter 6)	Replacement (stolen)	As required	School insurance	Report to Area Manager. Survey through CDMIS. NSTC procures and ships to unit.
	Repair	As required	USM	Unit procures through USM funds.
Drill Rifles	Initial issue	30	NSTC	NSTC procures for direct shipment to unit or NSTC ships rifles from disestablished unit.
(Chapter 7)	Support (spare parts)	As required	NSTC	Unit requisitions from NSTC via CDMIS.
	Allowance changes	As authorized	NSTC	Unit letter with justification to NSTC via Area Manager.
Forms (Chapter 4)		As required	NSTC	Available via Area Manager.
	Initial issue	Based on Enrollment	NSTC	NSTC procures and ships to unit.
Instructional Materials (Chapter 3)	Replacement	Based on Enrollment	NSTC	Order submitted annually via CDMIS Annual Instructional Materials Report (AIMR)
(Спарист 3)	Allowance changes	As authorized	NSTC	Request via AIMR in CDMIS OR Email with justification to NSTC with Area Manager approval.
Uniforms And Organizational Equipment (Chapter 2)	Initial issue	As required	NSTC	Ordered via CDMIS as authorized by NSTC.
	Replacement	As required	NSTC	Ordered via CDMIS as authorized by Area Manager.
	Swords	As required	NSTC	Ordered via CDMIS as authorized by Area Manager.
Video Training	Initial issue	See Table 5-1	NSTC	NSTC procures and ships to unit.
Aids (Chapter 5)	Replacement	As required	NSTC	Order submitted annually via CDMIS AIMR

1-7 Requisition Numbers- Most material provided from Department of Defense (DoD) activities will have a requisition number (document number) assigned to the request and the shipping documents. This number is assigned by the ordering or shipping activity. It is used to track and identify items as well as to provide status on outstanding orders.

The number is made up of the service designator, Unit Identification Code (UIC), Julian date, and a serial number. The service designator code to be used for NJROTC requisitions is "N" for Department of the Navy (DoN). The UIC is a five-digit code assigned by the USN to identify a specific USN activity for supply and accounting purposes. The Julian date consists of two elements: the last digit of the calendar year and the numeric consecutive day of the calendar year. Tables 1-4 and 1-5 are Julian date calendars. Ensure that the proper calendar (perpetual or leap year) is used when assigning a Julian date.

An example of a requisition number and its explanation is shown below:

Requisition: N3560A32683001 00-160-0770 GLOVES DRESS WHITE

1-8 National Stock Number (NSN)- The NSN is composed of a 13-digit stock number. It consists of the four-digit Federal Supply Classification (FSC/ "Class") and the nine-digit National Item Identification Number (NIIN). The NIIN consists of a two-digit National Codification Bureau (NCB) number followed by a seven-digit item number. *NJROTC Supply will reference either the NSN or NIIN for an item.

An example of a NSN and its explanation is shown below:

BAG DUFFEL 8465-01-117-8699

Nomenclature: **BAG DUFFEL** *NSN: 8465-01-117-8699

FSC/ "Class": **8465**

*NIIN: 01-117-8699

NCB: **01**

Item Number: 117-8699

1-9 Requisition Follow-Up and Discrepancy Procedures- Requisition follow-up discrepancy reporting for all requisitions must be completed through the Area Office via email. This procedure will ensure that a record of the request is maintained while enabling the information to be forwarded up the chain of command until resolution can be reached. NJROTC units will NOT submit a Supply Discrepancy Report (SDR) for any item received that appears to be damaged, is improperly packaged, or does not match the shipping documentation. If necessary, NJROTC Supply will submit a SDR. It is important that the unit provide as much information as possible: UIC, date of original submission, requisition number(s), nature of discrepancy, national stock number(s) (NSN), and item descriptions are considered vital, and are usually readily available and easy to locate.

NOTE: A FOLLOWUP SHOULD BE SUBMITTED FOR ANY ITEM REQUISITIONED BUT NOT RECEIVED WITHIN 30 DAYS.

CHAPTER 2: UNIFORMS AND ORGANIZATIONAL ITEMS

2-1 Allowance- Units are authorized a uniform allowance equal to the actual cadet October enrollment report of each fiscal year.

Funding dictates that only two pairs of shoes per cadet will be issued during a 3 or 4-year academic program; three pairs of shoes per cadet may be issued during a 5-year academic program. If shoe replacement is required above the allowance, the cost will be borne by the cadet unless the shoes were defective or other extenuating circumstances exist. Exceptions are at the discretion of the SNSI with Area Manager concurrence.

2-2 Requisitioning- Requisitions for uniforms, insignia, ribbons, and organizational equipment are processed using CDMIS. Table 2-1 shows examples of MPN and O&MN. Cadets are prohibited from placing orders within CDMIS. Table 2-2 shows uniform allowances for a cadet.

NOTE: When placing orders through CDMIS, clothing items are to be ordered <u>separately</u> from organizational items.

Table 2-1. NJROTC Clothing (MPN) and Organizational Items (O&MN)

2-4 CLOTHING SIZES- Clothing sizes are shown in CDMIS within the supply clothing order section with the NSN, description, price, and unit of issue. Sizes listed are the only sizes available from standard stock. Exact measurements are crucial in order to obtain proper uniform fit.

Figure 2-1.	Comm	on Body	Measurement
HEM INSEAM		Hem	Should be long enough to have a 2" hem and touch the top of back shoe heel. The trousers may have a full break in the front.
			III the Hollt.

NECK SLEEVE

Neck	Measure around the neck with one finger
	between the tape and
	the neck.
Sleeve	Raise arm parallel to
	the floor, bending it at
	the elbow to form a
	right angle with palm
	facing down to the
	floor. Measure from
	the center of the back
	(parallel with the
	elbow) along the arm
	and to the wrist.

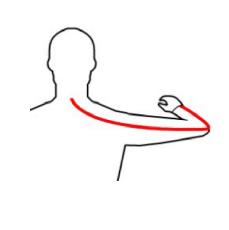

Figure 2-2. Female Measurement

BUST WAIST HIPS

Measure around the
fullest part of the breast
under arms.
Measure around the
natural waistline, right
above the belly button.
Measure around the
fullest part of the body
at the top of the hip.

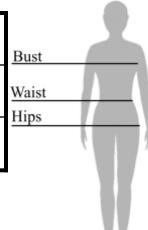

Figure 2-3. Male Measurement

Chest	Measure around the
	fullest part of the chest
	under arms.

BUST WAIST SEAT

Waist	Measure around the natural waistline, right above the belly button.		Chest
Seat	Measure around the fullest part of the body at the top of the hip.	hest	Waist Seat
	<u>S</u>	eat	Seat

Table 2-6. Female Size Charts

Coat Size: Female Size + Height Nomenclature*
*For Relaxed Fit Jacket Sizes use S- Petite, L- Tall

(XP) Extra Petite	(P) Petite	(R) Regular	(T) Tall	(XT) Extra Tall		
(under 5' 1")	(5' 1" - 5' 4")	(5' 4" - 5' 7")	(5' 7" - 5' 10")	(5' 10" - 6' 1")		
Add HEIGHT nomenclature (XP, P, R, T, XT) to SIZE nomenclature (J, M, W) to determine ORDER SIZE.						
Example: 6JP (Juniors Petite)						

Bust	32 ½	33 ½	34 ½	36	37 ½	39	41	43	45	47	49	51
Waist	24 ½	25 ½	26 ½	28	29 ½	31	33	35	37	39	41	43

9 3/8	2 1/8	4	10	11 1/4	3 1/8	4 7/8
10	2 1/2	4 1/8			•	

2-5 SWORD MEASUREMENTS- The length of the blade is determined by placing the tip of the blade at approximately ear level when an individual carries the sword at the "Carry Sword" position, which is when the sword is drawn, arm at side and blade in a vertical position pointing skyward. The blade will not extend beyond the eye of the cadet.

Figure 2-6. Sword Measurements

Measurements can typically be based on the height of the cadet. Sword tip not to exceed eye.

If you are within a 1/2-inch of a sword size: round up to the nearest size.

If you are within 1-inch of a sword size: round down to the nearest size.

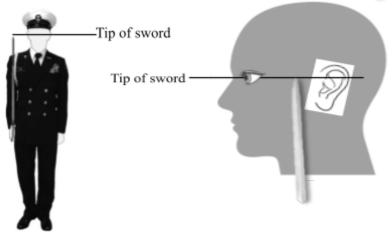

Table 2-11. Sword Size Chart

HEIGHT	HEIC	ТНЗ	HEIGHT
4'10"-4'11"	5'6"-	5"7'	6'2"-6'3"
5'0"-5'1"	5'8"-	5'9"	6' 4"-6'5"
5'2"-5'3"	5'10"-:	5'11"	Over 6' 6"
5'4"-5'5"	6'0"-6	5'1''	

Sword

2-6 ISSUE CONTROL- All uniform items will be issued to NJROTC cadets through the Clothing Custody Manager within CDMIS.

The following uniform items are prohibited from being re-issued: shoes, garrison covers, combination caps, PT shorts, PT shirts, undershirts, and socks. Cadets withdrawing within 30 days must return the shoes with other uniform items. If withdrawn after 30 academic days, they may retain the shoes issued.

Requirements of issued Clothing/ Uniform items:

- **Signature acknowledgement-** Cadets and their parents or guardians will be required to sign a CDMIS generated Uniform Custody Card upon issue of clothing items.
 - o Figure 2-1 is a sample of the CDMIS produced Uniform Custody Card.
- **Record maintenance** These custody cards will be filed with the unit record and maintained at the host school for each cadet.
- Uniform return- Cadets are required to return all uniform items to the unit Minor Property Custodian (MPC) upon completing or dis-enrolling from the Naval Science course. The SNSI will make diligent efforts to recover all issued clothing from dis-enrolled cadets.
- **Restitution** The cadet will make restitution in the event that clothing is not recovered or is returned damaged. In determining the amount of restitution, SNSIs will consider such factors as item condition, fair wear and tear, fair value based on replacement cost, and consistency with school policy.
 - 1. Restitution delivered to the SNSI via a certified check or money order made payable: "Treasurer of the United States"
 - 2. The SNSI will forward the check or money order and a CDMIS generated survey to:

NSTC NJROTC Supply 320 Dewey Avenue BLDG 3 Room 106 Great Lakes, IL 60088-2911

If neither recovery nor restitution is effected, the appropriate school authorities will be notified. If necessary, school authorities may preclude students from graduating said school until recovery or restitution is effected.

It is essential that checks/money orders be within 45 days of the issue date when sending to NSTC to ensure ample processing time by DFAS. Checks/money orders that do not meet this requirement will be returned for reissue.

Clothing deemed unfit for reissue because of normal wear and tear will be surveyed via CDMIS following the procedures in chapter 9 of this manual. On average a unit can anticipate surveying up to 25% of the clothing inventory annually.

2-6 ALTERATIONS/ CLEANING OF UNIFORMS- Certain minor alterations, such as the adjustment of sleeve length or waist size, may be necessary. Alterations include the attachment of insignia, minor repair of uniforms to be reissued, and cleaning or laundering in preparation for storage. Alterations are limited by the availability of funding for each fiscal year (1 October through 30 September). Reimbursement is not authorized for routine uniform cleaning, which is the responsibility of the cadet during the school year.

2-7 ORGANIZATIONAL ITEMS- Organizational items for cadets listed within Table 2-7 are not considered part of the male or female uniform allowance for costing purposes, nor are they included in the allowable cost of the cadet uniforms. These items are ordered, controlled, and issued using the same procedures that are used for uniform issue. These items are issued to cadets as required.

Sword Allowance - Swords may be issued only to cadets in the grade of lieutenant (junior grade) and above. Six swords are authorized for either a company or battalion size unit (100 or more students).

Organizational items are funded with O&MN funds are to be ordered separately from clothing items.

CHAPTER 3: INSTRUCTIONAL MATERIALS

- **3-1 ALLOWANCE-** The NJROTC program establishes the NJROTC/ NNDCC unit instructional materials and their allowances as shown within Table 3-1.
- **3-2 REQUISITIONING-** All items listed in Table 3-1 are initially provided as part of the unit's start-up kit; unless otherwise stated. Those items provided by NJROTC Curriculum Supply are listed on the Instructional Materials (IM) page within CDMIS.

Annual Instructional Material Report (AIMR) - Thereafter, the CDMIS generated Annual Instructional Material Report (AIMR) is used to manage the allowance of instructional material needed to replenish a unit's inventory for subsequent school years, taking into account the unit's on hand inventory and items to be surveyed (unusable/lost). The AIMR will be submitted by each NJROTC/ NNDCC unit to NJROTC Curriculum Supply via CDMIS annually. The exact due date (usually, mid-January timeframe) will be announced by Official Mail Message (OMM) via email.

For requests at other times during the year or for instructional material items not included on the AIMR, units should contact NJROTC Curriculum Supply.

NJROTC Regulations

NSTC M-5761.1B governs the administration of the NJROTC/ NNDCC program and is available from NJROTC Curriculum Supply. Each unit is required to have a current copy of this instruction and NJROTC OMMs effecting changes to this instruction.

3-3 ISSUE CONTROL- All textbooks, non-consumable supplies, and items of equipment are issued through Instructional Materials Custody Manager within CDMIS to NJROTC cadets. These items will be collected by the SNSI annually for reissue.

Requirements of issued Instructional Material:

- **Signature confirmation** Cadets and their parents or guardians will be required to sign a CDMIS generated Instructional Materials Custody Card upon issue of books and other materials.
- **Record maintenance** These custody cards will be filed with the unit record and maintained at the host school for each cadet.
 - o Figure 3-1 is a sample of the CDMIS produced Instructional Materials Custody Card.
- **Restitution** The cadet will make restitution in the event that textbooks are lost or damaged. In determining the amount of restitution, SNSIs will consider such factors as item condition, fair wear and tear, fair value based on replacement cost, and consistency with school policy.
 - 1. Restitution delivered to the SNSI via a certified check or money order made payable: "Treasurer of the United States"
 - 2. The SNSI will forward the check or money order and a CDMIS generated survey to:

NSTC NJROTC Supply 320 Dewey Avenue BLDG 3 Room 106 Great Lakes, IL 60088-2911

If neither recovery nor restitution is effected, the appropriate school authorities will be notified. If necessary, school authorities may preclude students from graduating said school until recovery or restitution is effected.

It is essential that checks/money orders be within 45 days of the issue date when sending to NSTC to ensure ample processing time by DFAS. Checks/money orders that do not meet this requirement will be returned for reissue.

All textbooks or other non-consumable items not available for re-issue must be surveyed in CDMIS in order for replacement to be warranted.

- **5-1 ALLOWANCE-** The NJROTC program establishes the NJROTC/ NNDCC unit instructional materials and their allowances as shown within Table 3-1. The DVDs listed in Table 5-1 are the **only** titles approved for use by the NJROTC units.
- **5-2 ORDERING-** All DVDs listed in Table 5-1 are initially provided as part of the unit's start-up kit.

Replacement DVDs may be ordered during the AIMR each year.

For requests at other times during the year or for instructional material items not included on the AIMR, units should contact NJROTC Curriculum Supply.

CHAPTER 6: AUDIOVISUAL/INFORMATION TECHNOLOGY EQUIPMENT

6-1 ALLOWANCES- The NJROTC unit audiovisual equipment and information technology (computer related) equipment allowance lists are established by NSTC (NJROTC). This equipment is provided to a unit when it is established and is refreshed periodically as budget permits. Requests for additional equipment must include a complete justification, and should be submitted by email to NSTC (NJROTC Supply) via the Area Manager. The NJROTC unit audiovisual equipment allowance is shown in table 6-1 and information technology equipment allowance is shown in table 6-2.

CHAPTER 7: DRILL RIFLES

Each NJROTC unit SNSI is encouraged to conduct training in rifle drill and each unit has an allowance of drill rifles to perform this training. This chapter provides the procedures and guidance for acquiring, maintaining, storing, and disposing of drill rifles.

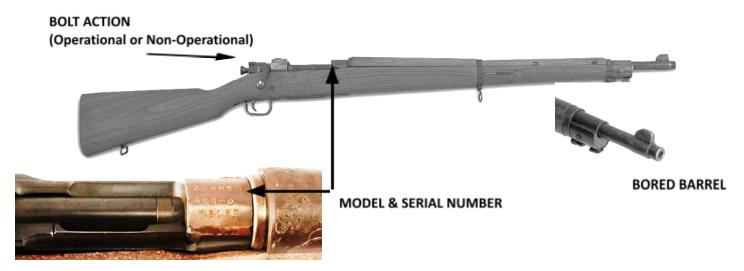

7-1 ALLOWANCE- NJROTC units are authorized 30 drill rifles with some units being increased or decreased depending on enrollment or other justification. Authorized drill rifles are listed in Table 7-1.

Table 7-1. Authorized Dummy Drill Rifles

NOMENCLATURE/ MODEL	NSN
Rifle, Dummy Drill, MK5-0 (Non-operational bolt)	1005-00-109-5682
Rifle, Dummy Drill, MK5-1 (Operational bolt)	1005-01-069-8565
Rifle, Dummy Drill, MK6-0 (Non-operational bolt)	1005-01-120-5389
Rifle, Dummy Drill, Daisy Facsimile 1903	1005-LL-L00-1903

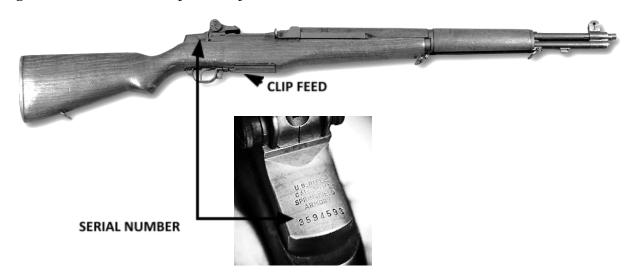

7-2 DEMILITARIZED DRILL RIFLES- MK5-0 and MK5-1 Drill Rifles- These rifles are demilitarized 1903 Springfield Rifles on loan from the USN Small Arms Weapons Registry in Crane, IN. Rifle stocks may be wood or plastic. Barrels will be bored and may be plugged. Refer to Figure 7-1 for visual details to identify MK5-0 and MK5-1 Drill Rifles.

Figure 7-1. MK5-0 and MK5-1 Drill Rifle Identification

MK6-0- This is a demilitarized M1 Garand Rifle /eapons Registry, Crane, IN. Rifle stocks may be wood or plastic. Barrels will be bored and may be plugged. This rifle will have a clip feed in front of the trigger guard. Refer to Figure 7-2 for visual details to identify a MK6-0 Drill Rifle.

Figure 7-2. MK6-0 Drill Rifle Identification

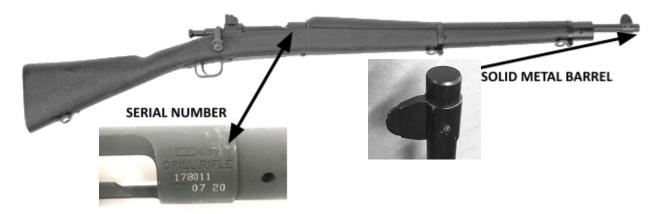

Repair- MK5-0, MK5-1, and MK6-0 replacement parts are not available.

Survey- Units are **NOT AUTHORIZED** to survey MK5-0, MK5-1, and MK6-0 Drill Rifles. The SNSI will contact the Area Manager and NJROTC Supply for authorization and disposition instructions.

7-3 DAISY MODEL 1903 DRILL RIFLE- The Daisy Model 1903 Drill Rifle a manufactured replica of the 1903 Springfield rifle. Rifle stocks may be wood or plastic. Refer to Figure 7-3 for visual details to identify a Daisy Model 1903 Drill Rifle. The Daisy logo will be imprinted on the receiver.

Figure 7-3. Daisy Model 1903 Drill Rifle Identification

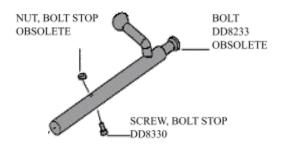

Repair - It is the responsibility of the NJROTC unit to keep drill rifles in good condition. Because of the type of drill performed, the drill rifle will become damaged and will require replacement of damaged parts. The NJROTC unit must repair damaged drill rifles. Refer to Figure 7-4 for rifle part breakaway.

NJROTC instructors may order drill rifle repair parts at no cost to the unit through CDMIS.

Survey - Units are authorized to survey Daisy 1903 drill rifles or parts when deemed beyond usable condition. Rifles should be disassembled and demolished in a manner that is unable to be reassemble into a rifle.

Obsolete Bolt - Daisy has reconfigured the bolt assembly for the Model 1903 Drill Rifle. The redesigned bolt no longer uses a Bolt Stop Nut. The Bolt Stop Screw secures to the outer facing part of the redesigned bolt.

Obsolete bolt

Hollowed out chamber for Bolt Stop Screw to fit inside of bolt with nut securing the screw on the topside of the bolt

New Bolt

Bolt stop screw attaches on the outside/ topside of bolt, no nut needed to secure bolt stop screw.

*Quantities listed are to build ONE complete drill rifle

- **7-4 INVENTORY-** Drill rifle accountability is maintained as "Government Property" in CDMIS. When listing drill rifles into CDMIS, use only one of the four nomenclatures MK5-0, MK5-1, MK6-0, or Daisy Facsimile 1903. Serial numbers listed in CDMIS should only be those imprinted on the rifle's barrel. **Drill rifle nomenclatures and serial numbers are** <u>NOT</u> **to be improvised.**
- **7-5 TRANSFER OF DRILL RIFLES BETWEEN UNITS-** On occasion units will request to transfer drill rifles to another nearby unit. When this occurs the SNSI will contact the Area Manager and NJROTC Supply for approval and shipping instructions if required. All transfers will be accomplished via CDMIS by changing the property record to "transferred". The **receiving unit <u>must</u>** add the transferred rifles to their units' property within CDMIS; CDMIS will not automatically transfer the rifles within the system to the receiving unit.

- RIFLE RACK TO BE PAINTED OR VARNISHED BEFORE MOUNTING ON WALL e,

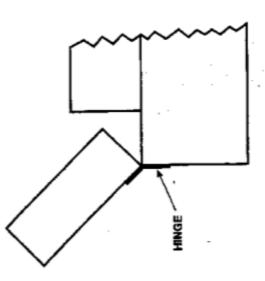

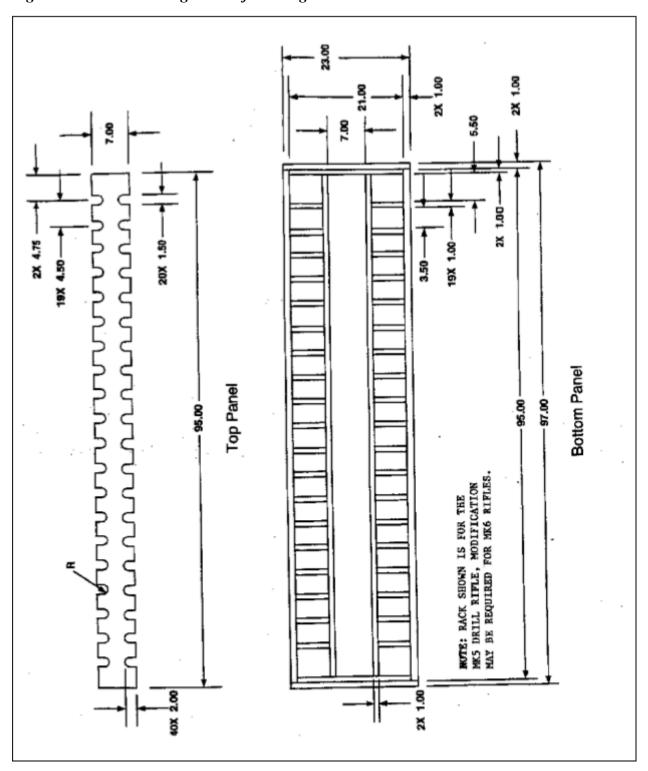

Figure 7-7. Free Standing Drill Rifle Storage Rack

CHAPTER 8: MARKSMANSHIP

8-1 AUTHORIZATION- NJROTC/ NNDCC units may participate in USN approved marksmanship programs. Participation must be approved by school officials. Approval must be written on school letterhead and kept on file at the unit.

8-2 AIR RIFLES

Classes of Air Rifles

There are two classes of air rifle competition:

- o **Sporter-** is the beginner/intermediate level
- o **Precision-** is the advanced/expert level.

Both classes require different types of equipment and gear to compete.

Types of Air Rifles

There are 3 types of air rifles used within the NJROTC program:

- **Pre-Charged Pneumatic (PCP)** air gun uses high-pressurized air in the chamber as the propellant force to discharge the pellet. The pressurized air is compressed up to 3000-4000 psi via high pressure air tank, high pressure air compressor, or high pressure air hand pump.
- Carbon Dioxide (CO2) air gun uses pressurized CO2 in the chamber as the propellant force to discharge the pellet. CO2 rifles are refilled via pressurized CO2 tanks or CO2 cartridges.
- Variable Pump air guns have a built-in air pump that fills the chamber with pressurized air via a manual hand pump on the rifle.

PCP and CO2 air rifles are recommended for competition matches.

8-3 ALLOWANCE- Units are authorized ten (10) air rifles per unit, additional rifles may be authorized per the Area Manager. Naval Science Instructors are encouraged to conduct small arms marksmanship and safety training. Air rifles (.177 caliber and lower) are the only small arms authorized for marksmanship training in the NJROTC program. **Units are specifically not authorized to have any operable rifles greater than .177 caliber.**

8-4 PROCURING- If funds are available, NSTC will issue a "Letter of Authorization" via NJROTC OMM (email). The unit may purchase air rifles and equipment with school funds per guidance and submit a WAWF claim for reimbursement. USM funds are also authorized to purchase air rifle equipment and supplies. Refer to table 8-1 for funding authorizations.

8-5 REPAIR- The NJROTC unit SNSI will be responsible for the safe operation of all air rifles. The SNSI and staff members will review the manufacturer's manual and become knowledgeable of the air rifle's operation, disassembly, assembly, cleaning, repair, and safe handling requirements. Replacement parts for the air rifle will be obtained through the manufacturer or an authorized dealer.

Table 8-1. Air Rifle Funding Authorizations

NOMENCLATURE	AUTHORIZED FUNDING
Air rifle equipment, and supplies	Unit Support and Maintenance funds
Custom fitted equipment and gear is prohibited	Additional funding as directed by NSTC
Air rifle range fees	Unit Support and Maintenance funds
Replacement Parts (Sporter & Precision)	Unit Support and Maintenance funds
Repair (Sporter & Precision)	Unit Support and Maintenance funds

8-6 INVENTORY- Air rifles acquired with NJROTC funding will be maintained as "Government" property in CDMIS.

8-7 SECURITY- NJROTC air rifles will not be removed from school property except for use at an NJROTC event or with written permission of the SNSI or designated representative.

Air rifles require the same stringent storage as drill rifles. Storage must be stringent enough to preclude loss by theft or pilferage. At the minimum, the air rifle must be stored in a lockable container or storage rack in an area of limited accessibility; preferably in an armory, separated from other equipment and clothing storage areas.

CHAPTER 9: PROPERTY AND RECORDS MANAGEMENT

9-1 INVENTORY CONTROL- An inventory is a physical count of items for the purpose of verifying the recorded stock balance. The unit has complete accountability for all government material provided for the unit. The inventory should be complete and accurate in order to provide a good audit track of all receipts, issues, and transfers.

The unit accounts for clothing, textbooks, and equipment on CDMIS generated custody cards (chapters 2 and 3). Materials received from DoD or a commercial vendor usually arrive with a shipping document or invoice detailing the shipment. Military Property Custodians (MPCs) should ensure that the material and the quantity received matches the paperwork that accompanies the shipment. Report any variance to NSTC (NJROTC Supply) via the Area Manager Office as described in chapter 2.

- **9-2 MILITARY PROPERTY CUSTODIAN (MPC)-** The MPC is an SNSI or NSI or, under extenuating circumstances (i.e. SNSI and NSI depart without replace onboard, etc.), other school official appointed in writing by the school's principal. A copy of the appointment is required to be maintained on file at all times. A complete inventory of all naval property is required prior to the reappointment of the MPC position.
- **9-3 RECORDS MANAGEMENT-** The MPC must maintain all records including supply requisitions, WAWF claims, and any transactions that pertain to federal funding directed to the NJROTC unit by the DoN. The MPC may destroy these records ten (10) years after final payment or cancellation of a transaction, per DoN Records Management Schedules, Chapter 7, 7000-45 GRS 1.1 010.
- **9-4 NJROTC MILITARY PROPERTY-** Military property may also be stated as "USN" or "government" property. Military property is all property, real or personal, owned or procured by United States armed forces. All equipment costing \$100.00 or more belonging to the USN will be maintained through the property management system within CDMIS. NJROTC units will attach identification tags, commonly called "tool tags", to the equipment in order to comply with this requirement and will inventory this equipment as part of the annual Military Property Inventory. Tool tags are available from each Area Office.

Tool Tags- All government property will be physically marked with an appropriate designation showing U.S. USN ownership and a property control number (tool tag) provided by the Area Manager. The MPC will accomplish this by affixing each piece of government property (except drill rifles) with a tag, plate, or other device provided by the Area Manager containing the property control number. The SNSIs will request identification tags for all items (except drill rifles) that fall within the definition of government property by providing the nomenclature, brand, model number, serial number, and price by letter to the Area Manager.

Drill rifles are not required to be tagged. The serial number of the drill rifles will be used to identify and track the items.

9-5 ANNUAL INVENTORY- NJROTC units are required by NSTC to conduct an annual physical inventory to account for all government property that is listed as an allowance item by the unit.

The annual inventory will be CDMIS generated and physically verified by the SNSI. The government property inventory will be verified and signed by the Area Manager and submitted as part of the AMI each time an inspection is conducted.

9-6 RELIEF FROM RESPONSIBILITY- The unit must have an MPC assigned at all times. If the MPC leaves prior to the hiring of a replacement, the SNSI must appoint another MPC. The SNSI, NSI, or some other school official will be appointed as the MPC. The MPC will be designated in writing by the SNSI or, in the SNSI's absence, a school official. The MPC designation letter will be forwarded to the Area Manager. The following paragraphs describe the actions required when there is a change in MPC.

Transferring MPC responsibility- the relinquishing and relieving MPC will perform an inventory. The discrepancies, shortages, and overages will be adjusted by the relinquishing MPC using CDMIS survey procedures prior to transfer of property responsibility. The results of this inventory will be reported on a certificate of transfer letter. A sample letter is shown below.

Military Property Custodian Transfer Certificate - A copy of the certification of transfer letter will be provided to the Area Manager and the relinquishing MPC, and a copy will be retained by the relieving MPC in the document file.

To: Subj: MILITARY PROPERTY CUSTODIAN TRANSFER CERTIFICATE					
I, <u>name of receiving MPC</u> , certify that the balance shown on the property records maintained within NJROTC unit <u>UIC</u> as of <u>date</u> are correct to the best of my knowledge and that the property is in my custody.					
I, <u>name of relinquishing MPC</u> , certify that the balance shown on the property records maintained within NJROTC unit <u>UIC</u> as of <u>date</u> are correct and that I am relieved of the responsibility for all unit property.					
Signature of receiving MPC					
Signature of relinquishing MPC					

- **9-7 PROPERTY TRANSFERS-** The Area Manager must approve the transfer of all NJROTC unit property. This includes all items on loan to other NJROTC units. All transfers will be accomplished via CDMIS by changing the property record to "transferred". The receiving unit <u>must</u> add the transferred property to their units' property within CDMIS; CDMIS will not automatically transfer the property within the system to the receiving unit.
- **9-8 EXCESS PERSONAL PROPERTY-** IT Equipment- Upon determination and concurrence by the Area Manager that an item is in excess of unit allowance or obsolete, disposition instructions must be obtained from NSTC (NJROTC Supply). The disposal (turn in) of government material to the Defense Reutilization and Marketing Office (DRMO) is required to be documented on a DD-1348-1A, DOD Single Line Item Release/Receipt Document. The DD-1348-1A will be prepared and forwarded to the unit upon request from NSTC (NJROTC Supply). Units without ready access to DRMO facilities may donate excess IT equipment to schools, churches, or other non-profit organizations. As a last resort local disposal is authorized.
- **9-9 SURVEY-** The CDMIS generated supply survey report is used to document the survey process when government property is lost, damaged, destroyed, or becomes obsolete. This form is the official document to support establishment of debts, relief from accountability, and adjustment of accountable records. Since all material and property is accountable through CDMIS, all surveys will be generated using CDMIS.
- **9-10 MISSING, LOST, STOLEN, OR RECOVERED GOVERNMENT PROPERTY-** The Area Manager should be notified expeditiously if the following are missing, stolen or recovered.

All firearms or weapons, regardless of value (NJROTC drill rifles are included for reporting purposes).

All government property having a value of \$100.00 or more.

All government property considered "sensitive items" regardless of the actual or estimated value.

A single incident resulting in a cumulative loss of government property exceeding \$500.00.

CHAPTER 10: DONATIONS OF SURPLUS PERSONAL PROPERTY

10-1 GENERAL INFORMATION- Surplus government property may be available for NJROTC use. Donations may be made only as authorized with respect to the disposal of surplus property of the armed services and defense agencies. In addition, the Secretary of a military department may donate, without expense to the United States, certain material not needed by the DoD. The donation of surplus property to an authorized unit is subordinate to any need for property by a federal agency, but takes precedence over its sale, destruction, or abandonment.

10-2 SCREENING CATEGORY- NJROTC units are authorized to screen and accept donations from a Defense Reutilization Marketing Office (DRMO). Under new guidance from Defense Logistics Agency (DLA), NJROTC units are now categorized as donation-screening activities. Donation screeners are limited to set times, dates and property availability. Likewise, depending upon the location, donation screeners may be charged a fee for property selected. NSTC (NJROTC) does not fund fees levied by DRMO.

10-3 SCREENING LETTER- A screening letter must be prepared to authorize personnel to screen and select surplus DoD property at DRMOs in a given GSA region. A sample letter is shown below:

Subject:	Identification of Do	nation Screener(s)			
1. In accordance with the referenced letter, the following individual(s) is(are) authorized to screen and select surplus DoD property at Defense Reutilization and Marketing Offices in GSA Region(s):					
Screener	Name	Region, Unit	Mailing Address	Phone	
2. Scre	eening privileges may be	terminated upon evidence o	f unauthorized use or abuse o	of such privileges.	
3. Cop		en provided to the applicabl	e GSA region(s) identified in	paragraph (1) of this	
Your Sigr I TEMS I	natureONATABLE TO NJRO	OTC UNITS			

The types of personal property authorized for donation to NJROTC units are limited to those items required to fill shortages in the unit's authorized allowance or such items as clothing, office supplies, shelving, etc.

10-4 APPLICATION FOR DONATION OF SURPLUS PROPERTY- An application for donation of surplus property is processed using forms and procedures established by DRMO. The Area Manager must approve all requests for surplus property and forward DRMO screening forms to NSTC (NJROTC Supply) who will produce and provide to the unit the appropriate documentation for surplus property pickup.

CHAPTER 11: PROCEDURES FOR DISESTABLISHMENT

When it becomes necessary to disestablish a NJROTC/ NNDCC unit such disestablishment will be directed by Secretary of the Navy (SECNAV).

11-1 ACCOUNTABILITY- Unless otherwise authorized by NSTC, all USN provided materials, including textbooks, references, training aids, uniforms, naval artifacts, USN-owned equipment, drill and air rifles (and related ammunition), and organizational equipage in the custody of the unit being disestablished will revert to USN custody before 30 June of the current school year of the SECNAV disestablishment approval; unless otherwise stated by the USN.

To properly account for the inventory, turnover, and shipment of these materials, the Area Manager will establish a mutually satisfactory schedule with the Military Property Custodian (MPC) assigned by the host school in accordance with the written agreement.

11-2 DISPOSITION GUIDANCE PLAN

- 1. **Inventory** Account for all USN-owned property by producing a current CDMIS Military Property and Clothing Wall-to-Wall Inventory. Compare this inventory data to that of the last annual Military Property and Clothing Wall-to-Wall Inventory Report to NSTC, and perform a sight verification of on-hand property. Reconcile any differences to the Area Manager's satisfaction. Document all gains and losses via a CDMIS generated survey.
- 2. **Disposition of USN-Owned Property-** The Area Manager and the MPC will conduct disposition of USN-owned property as agreed by both parties within 30 calendar days of disestablishment SECNAV approval.
- 3. **Transfer of Custody** In order to maintain MPC integrity, all identified USN-owned property must be "Transferred" within CDMIS to the receiving UIC as approved by the Area Manager; receiving UIC may be another NJROTC unit, the Area Manager, or to the NJROTC Program Supply.
 - a. The **receiving NJROTC unit <u>must</u>** add the transferred property to their units' property within CDMIS; CDMIS will not automatically transfer the property within the system to the receiving unit.

Actual disposition of USN-owned property and material will vary by unit location. The Area Manager will coordinate with NSTC (NJROTC Supply) to redistribute these assets to other NJROTC units, or for return to NSTC. NJROTC Supply will prepare and provide to the Area Manager all necessary documentation for transfer and/or shipment.

11-3 REIMBURSEMENT OF GOVERNMENT PROPERTY- Funds collected as reimbursement to the USN for lost books and/or uniforms should follow this procedure:

- 1. Reimbursement delivered to NSTC NJROTC Supply via a certified check or money order made payable: "Treasurer of the United States"
- 2. Mail check or money order and a CDMIS generated survey of lost items to:

NSTC NJROTC Supply 320 Dewey Avenue BLDG 3 Room 106 Great Lakes, IL 60088-2911

11-4 REIMBURSEMENT OF INSTRUCTOR PAY (NJROTC units only)- The host school officials should be advised that the USN share of reimbursement for instructors will continue through the 30 June date to reassure them, and the Area Manager, that knowledgeable personnel will be available for assistance.

11-5 DISPOSITION OF ADMINISTRATIVE MATERIAL- Student records, PAO and local history records shall be sent to the Area Manager to be retained for seven years. Local disposition is recommended for the curricula, lesson plans, NJROTC instructions, directives, regulations, etc. If there is an abundance of office supplies, refer to the Area Manager for disposition instructions.

11-6 PACKING AND SHIPPING MATERIALS- NSTC (NJROTC Supply) will provide guidance and shipping documentation to the Area Manager concerning shipping and packing materials and shipping method. When a military base with shipping facilities is within reasonable proximity, NSTC (NJROTC Supply) will liaison with the shipping facility to arrange packing and shipping. In remote locations where no military base with shipping facilities is available, NSTC (NJROTC Supply) will provide guidance concerning alternatives.

END

TERMS

ACC- Alternate Combination Cover

AIMR- Annual Instructional Material Report
