

Highlands Ranch High School

Douglas County School District

Scott Fiske, Principal

September 8, 2026

Dear Sophomore Student and Parent,

We are excited to inform you we are offering the **PSAT/NMSQT** on October 7th at HRHS. The **PSAT/NMSQT** is offered to all juniors, and available for sophomores to opt-in to take if they choose. Although it is not a required test in October for any sophomore, some students prefer to take the early in their sophomore year to gain targeted feedback before the state PSAT 10 in April and/or before they take the **PSAT/NMSQT** as a junior, when they may qualify for scholarships. Additionally, students who meet the qualifying score on the **PSAT/NMSQT** are eligible to enroll in Concurrent Enrollment Pre-Calculus or Calculus. This is a great opportunity to earn both high school and college credit while challenging yourself academically.

If you would like to take the **PSAT/NMSQT**, please use [THIS FORM](#) to opt into the test. Please note, your My School Bucks account will be assessed a \$18 testing fee that is not refundable if you change your mind or miss the test. Again, this assessment is not required and is strictly optional for sophomores.

The deadline for completing the linked form above to opt into this test is Monday, **September 14th at 3:00pm**. We have to order and pay for each sophomore's test by the end of the day Friday, so that deadline is firm. If you have any questions, please feel free to reach out to me directly at cglunz@dcsdk12.org.

Sincerely,
Christopher J. Glunz
HRHS Assistant Principal & School Assessment Coordinator
