Aurelius Valeheart

Aurelius Valeheart is a Aasimar (Life) Cleric played by Larry McHale

Backstory

"They call her the Ardent One, the goddess of love, passion, and beauty. But twenty years ago, no one spoke her name. No temples bore her mark. No prayers were whispered in her honor. And yet, here I stand, ready to carve her place into history."

*"I was not born into a world that knew Divera, but from the moment I learned her name, I felt **the call to something greater**. While the gods of old had temples raised in their honor, hers were yet to be built. The faith that shaped me was not one of grand halls and ancient rituals—it was young, uncertain, full of those who **believed not because they were raised to, but because they felt her presence stir within them.**"*

*"I was taken in by one of the first small congregations devoted to her—a gathering of scholars, healers, and visionaries who had heard the whispers of something new, something radiant. They taught me the first prayers, the first rites, the first acts of devotion. But even as I studied, even as I prayed within those walls, I knew **faith was never meant to be confined to a single temple**. The gods do not live only in stone halls—they live in the world, in the places where devotion lingers, where love has been felt, where passion has burned brightly and faded to embers."*

*"I have not yet knelt in forgotten shrines, brushing away centuries of dust to uncover murals of lovers embracing—but **I will**. I have not yet stood beneath crumbling arches, feeling echoes of prayers whispered by those who came long before—but **one day, I will**. And when I do, I will **bring her light to those places and ensure they are never lost again.**"*

*"I do not follow the safe, well-worn paths of faith—I seek the roads that **time has buried, the prayers that history has silenced, the places where the divine still lingers, waiting to be remembered**. Diverra is young among the gods, and so am I. But that does not make our purpose any less true. There are places in this world where love was once sacred, where beauty was once worshiped, where healing was once more than just a service—it was a calling. **I will find them. I will restore them. I will ensure that her presence is known.**"*

*"For now, I walk with a healer's hands, a believer's heart, and a seeker's soul. But one day, I will kneel in those ruins, I will uncover those stories, and I will see **Divera's name written into history, not as a passing fancy, but as an eternal truth.**"*

Religion (deities)

Diverra, the Ardent One

Relations

- ◆ **Ty** → **The Battle Master** – Has come to me with a vision of a group that I am part of to fulfill a quest to help him with his fathers murder (*Cloak of Defiance*)
- ◆ **Sean** → **Sorcerer** – Confides in me about a past issue? He has tattoos underneath his long shirt/Jacket, and he may believe they (cultist?) are evil or religious that put them on him. He wanted to get some wisdom from me and would like to help him to get rid of them since they cause him discomfort. So he has been coming to our temple even though he is not religious.
- ◆ **Bordi** – Owner / Barkeep of the Dyed Cane – Frequents the bar known for its "barken-tea" drinks. Bordi frequents the Temple to Diverra in Emberstran as well.
- ◆ **High Priestess Maladra Sent** – Priestess of Diverra at the Temple to Diverra. She lets me know that I always have a place to stay.

Goals and Motivations

- ☐ **Prove That New Faiths Can Stand the Test of Time** – Convert a major figure to recognize Diverra's divinity and establish a lasting place of worship in her name.
- ☐ **Stand Against Those Who Suppress Love and Joy** – Confront and defeat a ruler, force, or oppressor who seeks to control, forbid, or destroy love, beauty, or personal freedom.
- ☐ **Heal and Inspire Along the Way** – Perform acts of healing and compassion that become legend, unite at least two lovers against impossible odds, and create a work of devotion to Diverra.

DM Secrets

The High Priestess draws you into a quiet side chamber, her voice low and measured. “Aurelius, a moment. Merchants traveling the Glimmercoast road found Arnol two nights ago. He was badly wounded — barely alive when they brought him to us. He claims bandits jumped him on the road, but... I did not press him. He is resting now in the inner ward. I thought you should know.”

Thank you Priestess, I really appreciate you letting me know. Does he require Healing? Is there anything I can do or does he need rest? By the way when we just got here, you stated we communicated - for some reason I don't understand what gave you that impression?

Did you not use Diverra's Sending magic to send me a message about Ainslie and your new drow friend?

I did not, i was blessing our group and studying. Plus we ran across a flying ship that crashed and I was blessing and burning the body's.

Priestess;

Thank you for allowing Arnol to go to Stoneshore. I would like you to please do me a favor, please be very wary of Lady Rook as I may believe that she may be buying or looking for political influence and as you know we are only influenced by Our Goddess and always follow her direction. BTW; the passkey is celibacy.
