

So ever since i put the document about Fontaddict, Syringeon Guy made a post about Font's DM's on discord, which I just came to the conclusion that it's just his response to my document and and basically telling his side of the story, and i wanna talk about somethings about it.

So first i'm gonna talk about the "Alien fucker" thing. Yes, I did make repeated jokes about Fontaddict saying "Smash" to an artwork that KeeweeCookie678 (aka Mac) made about an alien character named Zeep. (created by FluffyMoon) And despite Fontaddict telling me to stop, I didn't because at the time i thought it was funny ragebaiting him, which looking back it was pretty dumb for me to do something like that. And that caused him to tell me to "shut up" and to "leave" and stuff like that, which I didn't like. (hypocritical I know)

The second thing I wanna talk about is why I made that document about Fontaddict. I didn't make it to sabotage or ruin his name, I only made the document because I was done being quiet about the drama with me and Fontaddict, I just wanna let out everything about it. The streams, the conversations, and the thoughts that have been in my mind.

And Third thing, something different, my health. Ever since I almost killed myself I tried to wipe it all with a smile, laughing along with the users that followed me and supported me, old or new. I tried my best to move on from it but it sticks to me like glue, i tried being friends again with Fontaddict but that didn't go well,

no matter what I do or act, the drama will always be there, I can't escape it no matter what I do. I hate myself for everything I did in those streams, the jokes, the drama, and me almost drowning myself. And after i join back in comic studio i'll get harassed like Fontaddict, people telling to go fuck myself and saying that they know for what i did, as well as stuff like "This response is going to be FUCKING ASS", "Hey chatgpt give me a reponse to when i got exposed", "At this point just FUCKING quit", or "i bet this is gonna be worse than Luki". And then I'll just be buried away knowing that I lost everything. Everybody hates me and there's nothing I can do or say to fix it. Have I mentioned I hate my fucking body, and because of that, I sometimes forget to feed myself, and I know it's not the best way to lose weight, but I don't really care to be honest, I don't wanna be seen as a fucking bottomless pit. Sometimes I wanna drown myself again just to make it all stop, but I won't, and maybe because there's still some sanity left me? I don't know, all I know is that I wish I never join streamyards.

I wanna say that i'm sorry for acting what i did while i was in streamyards, there's no excuse for what I acted before and i wanna own up to it, whether or not you accept my apology and forgiving me is up to you, it's your opinion and I can't change it.

Thank you for your time.

everything that i have is now gone, and it's all my fault. no one will forgive me for calling gio THAT word due to me getting mad at him for causing me to get banned. If i could, i'll say sorry to everyone but I can't. I guess I have no choice but to move on from it. Maybe i'll start somewhere new, if i just kill myself it will be a lose lose for everybody.

So here's my final message to everyone, I'm sorry for everyone, Glo, Fontaddict, my viewers, everyone. I don't care if you forgive me or not, I'm probably just gonna leave comic studio since i don't think this damn site is even healthy for me anymore.

See ya i guess.
