Attention All Renegade Wing Pilots and Recruits!

New Republic Intelligence has intercepted an Imperial distress signal coming from the Zavian Abyss. A Star Destroyer has collided with debris and has suffered severe engine and shield damage. In order to capitalize on their misfortune, you and a wingman are being scrambled at the highest level of haste.

You will each be flying a prototype B-wing outfitted with the latest in ordnance storage technology. This system allows twice the loadout of auxiliary ammunition, as long as one of them is Proton Bombs. Choose your other armament wisely, and quickly, we may not get another shot like this.

For years, Buccaneer Squadron has prided itself on blowing stuff up in the most spectacular fashion with whatever tools we have at our disposal, so we know you all will be more than capable in destroying this Star Destroyer and its escorts with your two B-Wing starfighters bristling with firepower.

We estimate that you have no more than 60 minutes to complete this task before assistance arrives and we lose this opportunity.

Good luck, and May the Force be with you!

The winners of this event will be the team with the most time remaining once the Imperial Star Destroyer has been destroyed.

This challenge is intended for 2 pilots and should be completed in a Custom Fleet Battle. It must be completed between midnight EASTERN TIME 07/10/2021 and 07/25/2021. Practice runs flown outside this time are not allowed to be submitted.

You must submit your entries to Lock via discord PM by MIDNIGHT EASTERN US time on 7/25/2021. You may share them however you like, or not at all. Special thanks to Lock who has graciously volunteered to collect the entries as he is currently grounded due to joystick issues.

Also thanks to the amazing Silence for the work on the ribbons. There will be a ribbon for First, Second and Third place teams, as well as a participation ribbon, and ribbons for future challengers who are able to get within 15 or 30 seconds of the winning time.

In our first attempt, we completed the challenge in 6:58... Can you do it faster?

DON'T FORGET to grab a screenshot of your final time for your entry. Some in the wing can stream your entry if you are unable too. Animal or Bulldog can do it if you don't mind them seeing your strategy. Feel free to send as many submissions as you want, but only the best will count. But please make sure it's sent before MIDNIGHT EASTERN US TIME on 7/25/2021.
