

Upload one clear couple reference image before generating.

MAIN PROMPT
Create an ultra-realistic premium iPhone lock screen wallpaper featuring the referenced couple in a fashionable cinematic street-style composition.

FORMAT LOCK — NON-NEGOTIABLE
Vertical iPhone lock screen wallpaper format.
Full-screen mobile composition.
Optimized for premium iPhone wallpaper usage.
Do not generate square, landscape, cropped, poster, or desktop-style composition.

IDENTITY LOCK — NON-NEGOTIABLE
Use the uploaded reference image as the exact identity source for both people.
Fully preserve each person's face, facial proportions, hairstyle, hair color, skin tone, body proportions, individuality, and recognizable features without changes.
Do not alter, beautify, redesign, stylize, age, or reinterpret their appearance.
Do not change face proportions.
Maintain a natural face ratio of 3:4.
Both people must remain clearly recognizable as the same individuals from the reference image.

SCENE & CAMERA
Ultra-realistic fashion couple shot from an extremely low-angle perspective, as if the camera is placed

near the ground and looking upward.
The girl stands confidently in a stylish outfit while making a natural “V” gesture with her hand.
The guy walks confidently beside her with relaxed stylish body language.
Bright blue sky in the background.
Premium outdoor daylight look.
Fashion editorial energy.
Natural motion, natural body posture, and believable interaction.
Avoid stiff posing or artificial model behavior.

STICKER & DOODLE ELEMENTS
Add playful sticker-style decorative elements around the characters.
Include floral doodles, yellow dotted outlines, white sketch lines, hearts, stars, sparks, and small playful visual accents.
The doodles should feel clean, modern, fun, and intentionally designed.
Keep the sticker elements around the couple without covering or distorting their faces.
Do not overcrowd the composition.
Maintain a premium Apple Keynote-style visual balance.

IPHONE LOCK SCREEN INTERFACE
Add a realistic iPhone lock screen interface.
Include Dynamic Island at the top.
Include a small lock icon.
Include a large clock reading exactly: 08:30.
Include the date reading exactly: Friday, May 16.
Include battery charge reading exactly: 80%.
Include a clean weather widget.
Include realistic notification cards.
All interface text must be in English, fully legible, grammatically correct, clean, and free from errors.
No random symbols.
No AI text artifacts.
No misspelled words.
No broken numbers.
No corrupted UI elements.

CHIBI DETAIL
Place small chibi versions of the same couple next to the clock.
The chibi versions should be cute, clean, and playful while still resembling the couple.
Keep them small and decorative.
Do not make the main couple cartoonish.
Only the small chibi versions should be stylized.

LIGHTING & COLOR
Bright colorful daylight aesthetic.
Clean blue sky.
Premium high-contrast mobile wallpaper look.
Natural skin texture.
Realistic fabric details.
Sharp, vibrant, polished colors.
Avoid plastic skin, harsh overprocessing, or fake CGI lighting.

OUTPUT STYLE
Ultra-realistic iPhone lock screen wallpaper.
Premium Apple Keynote aesthetic.
8K quality.
Bright colors.
Fashionable couple editorial.
Playful sticker-doodle composition.
Clean mobile UI realism.
High-end social media wallpaper quality.

NEGATIVE PROMPT
Avoid unreadable text, English errors, random letters, distorted typography, plastic skin, distorted faces, changed identity, extra limbs, extra fingers, broken hands, unnatural anatomy, CGI look, full cartoon style, blurry details, low quality, watermark, logo artifacts, cropped faces, incorrect clock, incorrect date, incorrect battery percentage, and messy UI.
