HOW TO COMMISSION ME:

WHAT DO YOU NEED TO GET ART FROM ME?

☆ Check the slots -> [FIRST PAGE](#)

☆ You DM me on TWITTER ([@nekopureido](#)) and give me a common description of what you want me to draw (what kind of work, how many characters, BG details, etc).

I will accept it or decline it (if your request doesn't suit my working conditions or I won't be able to do it neartime).

P.S.: Please understand that I can have problems IRL and sometimes physically can't draw because my wrists are aching from one period of time to another. I'll let you know when I'll be able to draw your commision (if it's the cause) ASAP. Also, if it happens during the drawing of your commision I will also let you know if things become awful and we'll decide what to do (will you wait or I will refund your money back).

☆ Since I accepted your commision you need to give me a full description and references of poses\characters\outfits. Probably, I will ask you for some details to be sure I understand what you want me to draw correctly.

AT THIS STEP I WILL ALSO TELL YOU THE TOTAL COST. ° ✧ \ (o/ o) ✧ . °

☆ Then you need to wait for me to sketch. You are able to make 4 small corrections and 2 big ones in the sketch. Extra corrections will cost 1 USD / per one. Other steps include only 2 small corrections for free. Extra corrections will cost 2 USD / per one.

☆ When all the corrections are done and the art is accepted, you will need to pay me 50% of the total cost if it's a huge commission or full price if it's not. **ATTENTION!!!** The paying method is PAYPAL ONLY. After accepting the payment I will continue working on your art. Depending on the complexity of the work it will take me 5-20 hours for any art. If you suddenly decide not to take commission or won't be satisfied with the results of work I won't refund the payment. I always try my best so let's respect each other and our time. Don't make it a waste. (╯▽╰)b

If you want your art 『ASAP』 you will need to extra pay 50% of the total cost of the artwork.

—————

☆ When I finish your order I will send you low quality screenshots of the work and you will need to pay me a residual amount of the price.

OPTIONAL:

- *I can send you screenshots during the whole work (I will also answer your messages firstly when I am online, it's not optional).*
- *I can stream you the process of drawing in Discord (I won't talk during it on VC).*
- *We can talk about unrelated topics but don't forget that I'm not your friend, so don't try to get a discount by doing this.
You won't succeed (ง'▽')o*
- *I give priorities for orders for music covers ♪♪((d ^ w ^ b))♪♪*
