**Addressing Transformation of Mental Health Care**

The Office of Foundations Relations is pleased to share this open call for funding from Klingenstein Philanthropies. Please forward the call to interested faculty in your departments and divisions.

**UCSC Contact:** Samantha Forde | [forde@ucsc.edu](mailto:forde@ucsc.edu)

**Funder:** Klingenstein Philanthropies, The Klingenstein Third Generation Foundation

**Opportunity:** [Addressing Transformation of Mental Health Care](#)

**Application Deadline:** January 13, 2023 (11:59 pm EST)

**Overview:** The Klingenstein Third Generation Foundation is interested in supporting academic researchers who are positioned to provide rigorous high-quality research focused on transforming mental and behavioral health care that improves outcomes for children and adolescents. Projects should use novel models or promising approaches to expand the number of professional and paraprofessional treatment personnel who are trained to deliver mental health services, and/or to deliver care in non-psychiatric settings (e.g., primary care, schools, home, or other novel settings); to develop digital technology (e.g., the internet, apps for cell phones); and that help parents access care for their children.

Primary outcomes should demonstrate that the project is being designed for scalability. Secondary outcomes include clinical or functional outcomes that are likely to improve when access to care is enhanced. Applications will be reviewed, and selections made, by a [Scientific Advisory Committee](#).

**Eligibility:**

- Academic researchers from universities, research institutions that are positioned to provide rigorous high-quality research focused on transforming mental and behavioral health care that improves outcomes for children and adolescents are eligible.
- Investigators can be at any stage in their career but must have collected enough pilot data to inform the development of the proposed research project.
- Mentoring from a more senior academic researcher is strongly recommended for investigators who are early in their career.

**Funding:**

- Each award will be in the amount of \$100,000 per year over a two-year period, for a total of \$200,000 per grant.
- Payment of the second year of funding is contingent on sufficient progress during the first year of the grant.

**Timeline:**

January 13, 2023, 11:59 pm EST Applications due

April 1, 2023 Award notification

July 1, 2023 Funding starts, after IRB approval has been established and all relevant contracts have been put in place.

**Special Instructions:**

Please notify the Office of Foundation Relations if you are interested in applying to this opportunity ([cfr@ucsc.edu](mailto:cfr@ucsc.edu)). Please submit a [proposal intake form](#) prior to UCSC's internal [Institutional Deadlines](#).
