15 mins	Introduce 9E-Lesson: Explain to advisees: - This lesson provides some tips on how to become better communicators. FYI: The lesson ends with an activity: Students pair up. Directions for the activity are in the final slide in the flex lesson	- Whole class can engage together in each activity of the 9E Lesson and students can type their answers in their own lesson where applicable OR - Advisory Facilitator can assign the 9E Lesson and have Advisees complete independently OR - If the Advisory Facilitator has another activity, you can do that instead

7 mins	Close out discussion Quick share outs: You may ask Advisees: - Were you able to describe your object to your partner? - What was difficult? - What was easy? - What did you learn about how you communicate details and information?	- If class completes lesson: Advisees talk about how easy or difficult it was to describe an object to their partner. Advisees can share their drawings
