

Product: The Sustainable Trench Coat

Detailed Description:

The Sustainable Trench Coat is a reimagined classic, designed with both style and environmental consciousness in mind. Crafted from recycled polyester and organic cotton, this trench boasts a timeless silhouette with a belted waist, double-breasted front, and signature storm flaps. It features:

- **Water-resistant outer shell:** Repels light rain and keeps you dry.
- **Removable lining:** Provides warmth and versatility for different seasons.
- **Adjustable cuffs and shoulder straps:** For a customized fit.
- **Deep pockets:** Offer ample storage for everyday essentials.
- **Neutral color palette:** Available in classic beige, navy, and black to complement various outfits.

This trench coat is ethically produced, using sustainable materials and practices throughout the manufacturing process. It caters to the modern individual who desires both fashion and functionality while minimizing their environmental impact.
