Idle Animation Commissions: [OPEN]

Hi, welcome! Thank you for checking out my commission page! If you have any questions please do not hesitate to DM or send an email. At the moment my commissions are PAYPAL or Ko-Fi only. ^^

Please let me know if you change your username or move accounts while I am working on your commission, that way I can still find you.

Will draw: Fanart, OCs, Pretty much anything.
WON'T draw: NSFW content or real people. (skimpy outfits are okay!)

- I do not accept only written/text descriptions as reference, please have reference images ready. If you don't have any reference images on hand a drawing with your mouse using Microsoft Paint alongside the description will work.

- I am a full time university student with full time homework! My schedule is genuinely packed but I always take time on weekends to work on art. Though I cannot guarantee how long your commission will take, I am continuously working on them! I am grateful for your patience!

- Slots are first come first serve! It is one slot per person but you are free to order as many commissions as you like!

***FULL BODY Idle Animation* 25$ CAD** :

- Canvas size is approx. 1000x1000 px .gif format, I may resize it to larger amounts in order to properly fit the character.
