The Sisterhood of The Traveling Pants

Ann Brashares

Tibby and her three friends, young curious teens, all had action-packed summers. Each of the teens wanted a perfect summer to talk about since they were all going their separate ways for a few weeks. But, as the girls were all saying their goodbyes, Tibby noticed a pair of pants on Carmens dresser and the girls decided to try them on because Carmen was going to give the jeans away anyways. Even though all the girls had different body shapes, the pants fit everyone. So, all four girls decided the pants were magical, even a list of rules and a schedule were made with the pants. (Such as not washing them). Then, when each girl got the pants, they expected something magical and good to happen. Many of the events that happened while wearing the pants seemed like the complete opposite of magical. I think the theme of this book is, life can be hard, so perseverance is key. I chose this theme because each of the girls ran into problems where they have to persevere in order to push through the problem and find a way out. I would rate this book an 8/10 because this book can be hard to understand in some parts because it is a 4 way story. I think middle schoolers would enjoy this book, especially girls. This book also is a movie that I recommend. *This book includes taxes*
