## 1<sup>st</sup> PRACTICE Monthly Oral Exam, Fall Semester 2024

Class: 302 / 303 / 304    Level: I2    Name: \_\_\_\_\_    No. \_\_\_\_\_

Oral Test	Part A: Reading & Answer			Part B: Listen & Answer
Questions	Reading (40%)	Question 1 (20%)	Question 2 (20%)	Question 1+2 (20%)

**A. Reading & Answer:** Read & answer the following questions. (80%)

### Life Cycle of a Pumpkin

It takes a male and female flower to make a pumpkin. It also takes bees to make pumpkins. They move the pollen from male flowers to female flowers. When a bee visits the male flowers, the pollen sticks to the bee's body and legs. The pollen rubs off the bee as it goes in and out of the flowers. When the pollen reaches a female flower, the fuzzy green ball at the end of the flower begins to grow into a pumpkin.

**PART A QUESTIONS TO PRACTICE ANSWERING:**

- 1. What kind of flowers do we need to make a pumpkin?**
- 2. How do bees help make a pumpkin?**
- 3. How do the bees transfer the pollen from one flower to another?**
- 4. What part of the female flowers start to grow as a pumpkin?**
- 5. Which type of flower receives the pollen, and which type has the pollen taken from it?**

**PART B QUESTIONS TO PRACTICE ANSWERING: (20%)**

- 1. What do you like to do?**
- 2. How many people are in your family? Who are they?**
- 3. What do you like to do? Who do you like to do it with?**
- 4. What is your favorite food? Why?**
- 5. How old are you? What grade are you in?**
- 6. What school do you attend?**
