

## Best Front 9 Best Back 9

This game is an individual competition. Each player will enter his gross score per hole and Golf Genius will apply your handicap. You will be competing in two categories, front and back 9 total nets. Based on your flight, you will compete against other golfers for the low net score on each 9 holes played. Golf Genius will score the game using the latest handicaps, account for the Net Double Bogey rule, and post the individual scores to GHIN. Check on the Golf Genius Portal next day for competition results.
