

Black Lives Matter in #PHLed

Incorporating Black Lives Matter in a Science Classroom

- Activist Farmers Tell the Food System that Black Lives Matter (article from Takepart): <http://www.takepart.com/article/2016/02/19/soul-fire-farm>
- Food Systems curriculum from [Activist Farmers Tell the Food System That Black Lives Matter](#) from Johns Hopkins University: [About](#)
- Environmental Science curriculum inspired by the above article and curriculum:
https://docs.google.com/presentation/d/1N0rOn6HGQaxdB9EieYKvTeGVIBX9Y4eGL9rb_VsQr4Q/edit?usp=sharing
- The Biology of Skin Color:
<http://www.hhmi.org/biointeractive/biology-skin-color>

If you have additional ideas for incorporating Black Lives Matter in a Science classroom, send them to BLMPHLed@gmail.com or add them to [our resource share](#).
