

SL: The \$283,693 trap new coaches on Instagram fall for

This new 4-step plan that I used to make \$283,693 in my first four months of coaching online reveals the **glaring** mistake most coaches make...

Thinking that you need thousands of followers to make money from your Instagram coaching business.

Because I started with 974 followers... and made \$283,693 after 4 months.

And I didn't pay for a single ad or send a single cold DM.

I only followed the 4 steps in my "OMSD" plan.

And today, I'm showing the serious coaches on Instagram how the OMSD plan works.

And I'm doing it for free.

So, if you think that you need 50,000 followers to be able to make a dollar or two from your Instagram,

[Then click here and I'll prove that you don't even need 1000 followers to make six figures from your coaching business on Instagram.](#)

P.S. Beginner coaches on Instagram are signing their first clients 2-5 days after learning the OMSD plan.
