

Talawanda City School District Request for Proposals

Wireless Access Points E-Rate 470 - Funding Year 2024

Talawanda City School District is seeking bids for the following Category 2 Eligible Services under the E-Rate Program: Wireless Access Points.

Requirements

- 100 - Aerohive AP5010 wireless access points or equivalent, new in box
- Required
 - VM management software licenses for all wireless access points
 - Currently using ExtremeCloud IQ Pilot on prem version 21.1.23.4-IQVA
- Like to have
 - 5 Year license support
- This project is intended to replace our existing Aerohive devices in THS
- No cabling, installation, configuration or other ancillary services. This is a hardware and management software purchase only.
- E-Rate Category 2 Eligible Services only
- Questions should be submitted via email and will be posted publicly, with the service provider's company name, at [Talawanda E-Rate](#).
- The District will only purchase these items at its sole discretion after this funding request is approved in writing on a USAC FCDL.
- All quotes will be reviewed 30-45 days after the filing of Form 470.
