

I asked and received Permission from TheStrategyGuy to transcribe all this. -yumyum36
Mickdude also gives permission to appear in this smut -mickdude
(Additional Note: Quotes by Tutonga and Jon have been mixed between the two and not
corrected as of yet, will fix soonish)

So at the start of the night someone called the "True Vampire Queen" came in to voice chat and started talking about aspirations for vampirehood in the game, before leaving. "TheStrategyGuy" followed soon after asking for help since she was "mad" at him. We asked why, and he said "I advocate for the entire extermination of vampires." So we teased him to hell.

This transcription begins approximately 30-60 minutes after TheStrategyGuy graced us with his presence, and this transcription begins at 9:52PM EST.

TheStrategyGuy (TSG): It is inappropriate for someone with my station to be engaged in such, uh, base activities with, uh-

Mickdude (MD): So you're engaged then?

TSG: No, I-

Tutonga (Tut): So legit question, are you going to roleplay this entire scenario, like being with what you said about, and she's gonna be hardcore roleplaying the vampire queen, will you stick to the RP all the way through, into your next character. Like I'm talking about if she does capture you, get you to sign a contract of being her, uh, leash pet and all that good stuff, would you roleplay through that.

TSG: Now hold on-

Tut: You can be defiant all you want, but would you go along with it?

Seal Puppy(SP): 50 shades of Elyria?

TSG: Before I even sign anything you better hope that the Winged Hussars are gonna arrive, because I'm gonna- Don't, no no don't tag her!

(She was tagged 41 times in the following hour)

(Chat bursts into laughter)

Tut: So the whole RP scenario... The contract is the formality of the RP, right? Or are you going to freely, free RP the whole thing?

TSG: Look can we stop that? *(the tagging intensifies)* Because she's going to see it and-

Lech: He's all embarrassed now because his crush!

TSG: No, no, hold on.

Lech: Earlier you agreed to this as well!

TSG: Nonononono, now hold on, no, no, I did not agree to it, I said, if it comes down to the point where it was death or cage I would pick cage.

Norena (Nor): So it's "Not that I wouldn't".

TSG: *sighs*

SP: Hah! We're all tagging her.

TSG: No! Stop.

SP: She's going to have like a yellow wall when she gets back.

Lech: We love you StrategyGuy.

MD: 7 pings... 8 pings...

TSG: Now hold on... Serpentius you've got to help me here man. This is, this is...

SP: Tag her also Serpentius.

TSG: Nonono. Holdup, let's get one thing straight, all I said was that I would prefer cage. Ok, I said I would prefer cage when it comes to cage or death.

Lech: What would you do for a Klondike bar?

SP: Can we do a kingdom token thing, to get this started? I'd pay money for that.

Lech: StrategyGuy maybe, you should just not talk about this anymore, you're only digging yourself a bigger hole.

(Serp posts in text chat, so pings slow/stop)

MD: Or is it a bigger cage at this point.

Lech: Yeah!

Nor: We all understand what your point is and....

MD: You want to be caged, we get that. It's ok. We're not kinkshaming you here, we get it.

SP: You live in the day and you want to experience the night, we get it.

TSG: No, no. I'm a staff officer, I can't be...

(cut off by entire chat bursting into laughter)

SP: Dammit man, I'm a staff officer, not a lover!

TSG: Well, I can't, look I can't be caught being her th-, you know, her whatever. I'm a Staff Officer, what would that look upon me, upon my career in the military.

SP: You can't be caught?

MD: So it's like a romeo and juliet thing, it's like hidden lovers.

Nor: How romantic!

MD: Oh my god.

SP: I heard the words 'can't be caught doing this.' Not 'I will not be doing this.'

TSG: Oh my god.

Tut: It's ok man, we've got your back.

Waerdarewe (WDW): We've all been there.

Tut: Just consider, we'll forget all about this. Forget all about that. Just admit to this and we'll forget all about it... for like 3 years.

TSG: Y'know she actually comes here because you all tagged her, I would probably, I'm a Staff Officer ok?

Lech: See... You give people on the internet an inch, we'll go ten miles.

MD: So, uh, the question is that since you gave us an inch....

TSG: No, I would rather not be getting any unit of measurement at all.

MD: Wait, getting?

TSG: Yeah that's what I....

WDW: Whatever floats your boat, bud.

TSG: Oh. Hold on. Alright, I misunderstood.

(chat laughs)

Nor: So, given the conversation, are you a Staff Officer or an Officer of Staff?

TSG: Ok, hold on.

Jon: Oh my gosh.

TSG: I can't. I can't- I'm a staff officer, I can't be caught doing this.

MD: He just keeps saying!

SP: You're the only member of Blackheart that I have a meme of. I hope you know that.

MD: Wait no, he's not Blackheart.

WDW: I'm a staff officer.

TSG: I'm a staff officer. Oh my god.

Tut: StrategyGuy, you're a great sport man, a great sport.

yummyum36 (Yum): Ok, for real, StrategyGuy, what is your mail system going to provide that VampireQueen's mail system would not?

MD: Also, also just so that we're inclusive of everyone, what would your female system going to include that VampireQueen's female system would not?

TSG: What?? I don't know too much about a "Fee Mail" system.

WDW: No shit.

(laughter in chat)

TSG: No I'm serious, I don't know too much about a "Fee Mail" system.

Nor: I'm laughing so hard I'm crying.

Lech: You know, how many jokes are you walking into here now?

TSG: I, I...

MD: No he's crawling into them. On a leash.

TSG: I'M A STAFF OFFICER OK?

(chat laughs)

SP: We're making a joke now, but we're setting up a long distance relationship, watch. An abusive one!

TSG: No.

Tut: Yeah, I can see it now, he's gonna end up being like the first vampire, just because.

TSG: No!

MD: He's going to survive for the entire 10 years, forced to live. You're going to be happily married for 10 years.

Nor: Little vamp babies!

MD: Oh my god, little vamp babies.

Nor: They'll be staff vampires.

TSG: It's not that I... You understand if, for all of you, if you're in a high station, you can't be caught y'know, being on a leash somewhere-

(chat laughs)

SP: The words: Can't. Be. Caught. Not "I can't do that".

Nor: You know back in the olden times, they did a whole lot of things with a whole lot of people.

Tut: There weren't screenshots back then.

TSG: *Stress sigh*

(happy posts some advice in chat)

Lech: You need to slow down, as Happy [NPC] says, and think about what you're saying man.

TSG: Well-

Lech: Happy, you try and give out advice and he just doesn't. You try to lead a horse to water and he just doesn't.

TSG: How about we care about...

Lech: Oh howdy hey Simmons, you just walked into some really crazy stuff.

Simmons: Oh yeah, I'm just listening and enjoying him. Sorry, go on.

TSG: Basically, what's happening, they think that, y'know, just because I said I wouldn't mind... well ok. OH GOSH.

Lech: Just because I said I wouldn't mind being what StrategyGuy?

Medusa: Being on a leash.

TSG: Now look, I'm a staff officer, I can't-

(chat just erupts in laughter)

Jon: This is going to be an official Elyrian meme.

SP: You just became the fucking definition of Red vs. Blue

Tut: You just hit refresh on the CoE meme bucket.

SP: Guys, I'm a staff officer!

TSG: Yes, I'm, that's why I'm saying! Can you imagine what people will think of my if some of my-

MD: Yes, we can imagine! Living it right now!

TSG: No, what would you do if you caught your commanding officer fricking half whatever, not wearing clothes.

SP: So you're thinking about it now?

TSG: No, no, I'm saying, you would, you understand that people would look down on you, right? That that's something that-

MD: So you only want her to look down on you?

TSG: Oh my god.

Lech: This is why you keep it secret. But, obviously, it's hard for you.

TSG: We are a secret! Oh wait hold on.

(laughter)

TSG: I mean, let's keep it a secret.

(increasing laughter)

SP: Alright, let's keep it a secret.

TSG: I didn't do anything wrong.

MD: Yes you did.

...

TSG: Stop tagging her, she's actually gonna come here, and then I'm gonna have to-

Lech: No she went to bed a few hours ago, but in the morning man, ugh.

TSG: Because if she comes in this call I'm just going to have to blast off.

(laughter)

Lech: You've given me so many quotes to work with, with memes, I could go for the next few days.

Jon: I can't believe you've actually just said that.

TSG: Now hold on, no I'm saying-

Lech: You keep on saying "I'm saying, I'm saying, I'm saying", but you're only digging the hole, or rather the cage is so big now.

Nor: Guys, guys, guys, he's a Staff Officer.

TSG: Alright in my defense, I'M a staff officer. What I'm trying to say is-

Medusa: That's no excuse for your behavior.

Jon: Now that one was forced, that one was forced.

TSG: All I'm trying to say is that, is I have, people look up to me, you know what I mean and y'know.

Lech: But not your lady friend vampire chick.

TSG: Yeah. Well-

Lech: Yeah. Well.

Medusa: Yeah, she looks down on you.

TSG: We're... I think she wants to hurt me. I'm trying to be her friend, she wants to hurt me, there's a difference there, you see.

Nor: Well, usually when a person threatens another with bodily harm, I mean...

MD: It's kinky!

TSG: Why does this always happen to me. How come every time I want to be friends with a girl, they want to hurt me, I don't understand.

(laughter)

TSG: I don't understand this!

Medusa: You open your mouth before you think.

TSG: This is why I joined the military because I don't have to deal with this though.

MD: What the fuck is he talking about?!

WDW: Like the actual military, or like the military... in game-world?

MD: He's probably Air Force.

TSG: What the hell, I'm not Air Force.

Jon: If he says the Marines I'm going to die.

TSG: No, I'm not the Marines, I was army, I could never do Marines. I could do like 3 pullups at most.

WDW: (Laughing)

Lech: You know, I'll have to say Strategy Guy, you've done a well job this evening, look how many people you got in this voice chat. I've gotta applaud to you. Yeah, thank you, everyone give an applause if you can.

(Applause)

SP: He got a developer to come in here.

TSG: I'm just... You guys just gotta help me, y'know. Because this situation.

Lech: We'll help you confess, yeah.

TSG: What do you mean confess?

SP: We've been doing that, we've been tagging her for you.

TSG: No!

MD: This was an intervention, you've come to grips with your true self. You just like to be in cages and submission.

TSG: No, no- I don't.

Jon: She's going to have like 41 tags.

Tut: She's going to die when she logs in again.

Nor: We'll have the blood bags waiting for you.

SP: Jon, wait this is the 7 things, right? This is acceptance.

Jon: Oh.

TSG: Ok no, what I'm trying to say is, sure, I mean I suppose I wouldn't mind but...

(chat laughs)

TSG: I'm just saying, just because I wouldn't mind, doesn't make it appropriate for someone of my standing. You know what I'm trying to say. Oh. Ah. (Realization sets in)

(laughing)

Medusa: You're not talking, you're digging the hole deeper, just stop.

MD: No, keep talking, keep talking this is great.

SP: I think he wants to be in the hole, he wants to be there clearly.

Jon: Dig to China man, dig to China man.

TSG: No I'm just trying to clear the misunderstanding we have here, because...

TSG: Y'know how about we talk about you know...

Yum: What exactly are your duties of your position?

WDW: Yeah, what are your daily duties as a Staff Officer, I'm curious.

SP: Finding the vampire.

MD: His duty station.

TSG: I work on the day to day administration of my troops.

WDW: But what does that mean?

MD: Does it have anything to do with cages and/or leashes?

TSG: No... So OK. On a daily basis, I have to ensure that we do have daily routine orders, standard operating procedure throughout the day-to-day events, but when it comes to the-

MD: So some dominant/submissive roleplay?

TSG: Ah- I uh, ok, to make things short, I work with a lot of men.

(laughter as I've never heard before)

Lech: What?!

M.Real: You're doing it on purpose!

MD: I'm calling bullshit.

Lech: You're literally killing me.

Jon: Has to be doing this on purpose.

TSG: So ok my job, ok, there's a lot of things that I do a lot of things on a day to day basis. So what are you thinking, what's the question, like what I do, for my job, my role or on the day-to-day basis?

Nor: What are you assigned to do, on a day-to-day basis?

TSG: Ok so well basically as vice chief of staff, my job is to administrate military records, including spreadsheets, documents, such and such. Preserving and maintaining standard orders and standard operating procedures, daily routine orders, oversee the chain of command, you know, manage day to day activities, field exercises and operations, and maintenance of military units.

Happy: Social Suicide is what you're doing right now.

TSG: Uh, well I mean I work very closely with operational staff, y'know.

MD: You mean a STAFF officer working with operational staff.

TSG: Yeah, yes. Also my role entails that I do aid in the support of ongoing operations in all stages, including planning, development, deployment and execution. So I do a lot of things. I have a lot on my table. That's basically what I do. I'm just saying - um, um, ah (he cuts himself off here, gj gj!).

Lech: I'm taking every quote tonight and I'm going to compile them, so that when we do make the book, we have a bunch of original quotes just for you.

SP: The number one joke is "I'm a staff Officer".

Lech: Oh no, that's the title of the book.

TSG: Well look, I'm the very model of a modern major general. (laughs)

Nor: It's been a long time since I heard that song.

TSG: I just hope, I hope, that y'know, having all these troops around me, that if she does come over-

MD: All these men?

TSG: Yeah, I can have a lot of my men on top of her. So that way she won't-

(LAUGHTER)

TSG: What I mean by that-

(LAUGHTER)

Lech: This is one messed up relationship.

SP: He works with a lot of men, and he wants them on top of her.

TSG: No, so that means, I won't be the one taking it. Oh my gosh.

(LAUGHTER)

TSG: No what I'm trying to say is- (cuts himself off) Hold on, I'm not, I'm not, I'm not very good at this kind of stuff, ok? What I'm trying to say is that I'm trying to avoiding something that will happen to me in the future. Right?

Jon: So the way I see it, StrategyGuy is a very *lucky* guy.

TSG: Why am I lucky?

Jon: One second. It just so happens all of his luck is bad luck.

(laughter)

Medusa: Don't forget that he likes to share.

TSG: I just, everyone thinks that, everyone thinks I'm this kind of- *sigh* You guys are going to egg it on until she actually does it, and then I'm going to end up where I don't want to be.

MD: In a cage?

TSG: Yes.

MD: Like a cage?

TSG: Yes!

MD: So you said you wanted to be in a cage?

TSG: No I said I wouldn't mind it.

MD: So you wouldn't mind it?

TSG: No, what I mean by wouldn't mind it, is I'd prefer it to being killed.

Jon: Well, I'll have a cage free in my castle anyday.

MD: Nonono, you're not a vampire so he's not into it.

Jon: No, no but if he wants refuge, I will provide it.

MD: However you are a man, he's used to working around men, as a staff officer.

Jon: That's true.

TSG: I've-

Lech: You're literally killing me right now.

WDW: I love the part that I have a fucking headache.

Lech: I know how you feel man.

Jon: See I was going to get off like 45 minutes ago, but I-

MD: You were going to get off?

(laughter)

Nor: Fellow adventurers, I did not touch that staff!

SP: A new challenger appears!

TSG: You know, Jon you walked right into that one.

SP: Don't try that, you're going to fall back in.

TSG: You walked right into that one buddy.

SP: Take what you got and run with it.

Medusa: Well he was trying to get off, but you killed it.

Lech: See? Now everyone's gonna kill it.

TSG: He's, he's, you know, I think Jon is a good guy but I think he needs to help me.

Lech: Is he a good man?

TSG: Yes.

WDW: He means well.

TSG: I mean, so. He has pledged to help me in this crusade.

Yum: (in chat): @vampire_queen You going to kill Jon or TSG first?

MD: He's going to give you a hand. While he's getting off.

Jon: Wait, wait, how does it coming to killing me? I've never threatened Vampire Queen once.

TSG: That's not what I told her.

SP: You're after, uh, her lover.

Lech: What is this a love triangle?

(laughter)

Jon: I'm staying out of this messed up circle.

Lech: It's a one-sided love Jon Warren, don't worry.

TSG: Look, I, uh, I've made a terrible mistake and I don't know what to do.

Medusa: Stop talking?

(chat in general agreement)

Jon: Type your messages out and then say them, but read them first.

Lech: But think!

Nor: Don't type them in chat for everyone to see first.

SP: Don't hit enter, don't hit enter.

Jon: Yeah, exactly, don't press enter.

Lech: This has been a good night.

SP: This was worth it. This was probably, I hate to say it, but this is sad, it is, this is the best part of my day compared to how work went. This is what I needed.

TSG: Well I mean, you know, it's what I do, I aim to impress.

Lech: Apparently.

TSG: I just can't wait until this thing comes out and then I can play with it.

MD: Oh wait um-

TSG: I mean this game if you what I mean.

Nor: If we know what you mean, WINK.

???: I have no more tears left.

(laughter)

TSG: Why- What has this conversation developed into? I have no idea.

Medusa: It's turned into gutter talk.

SP: It's been that way for the past 30 minutes. It didn't just become this way.

WDW: Hey Strategy, what tribe are you planning on playing?

TSG: I don't really want to be kypiq, if I was kypiq-

Lech: Well, what if Vampire Queen's kypiq.

TSG: I would laugh.

WDW: Well I mean she's still a vampire.

Medusa: If she's a Kypiq, you better be careful how many you put on top of her.

TSG: Well if she's a kypiq, I could do it myself.

Scuttle(Scut): I'm just disappointed I missed the rest of this conversation.

SP: Oh you have no idea Scuttle.

Lech: You want all the quotes from this thing?

SP: Scuttle, you gotta help me spread something in blackheart. I'm a Staff Officer.

Scut: You're a what officer?

SP: I'm a Staff Officer. It's the new thing.

Scut: Really?

MD: Let's all just type it at the same time, in Blackheart.

Lech: Which chat you wanna do.

SP: I haven't gotten in trouble yet I'm willing to do it.

Medusa: Serp's gonna ban us all.

MD: He hasn't yet, which tells me, he's not.

Medusa: He's probably took his headphones off and not listening.

WDW: Very likely.

Scut: Can I be a Staff Officer too?

TSG: No!

Scut: Why not?

TSG: Well, I mean... Are you a vampire?

Scut: Well I mean I'm Blackheart. So, yeah.

TSG: You're a Vampire?!

Jon: Oh god.

TSG: Ah no, if you're a vampire you-

MD: He wants to get in your cage right now.

Lech: How unloyal! You already have The True Vampire Queen!

SP: Oh god.

Scut: I'm so glad I joined.

SP: The only thing that could've made this night better is if she had come back in here, and just been silent like she normally is and waited, and asked him a question and then he had answered it.

(Some stuff here relating to chat, going to ignore it because it'll be confusing to read. Someone posted a bondage picture (and quickly deleted), and TSG said it was "half accurate". Lot of references to chat)

SP: We need to get the, uh, the good fanfic writers in Blackheart, and get them on this. It's gold.

Jon: By the way, there's a lore contest going on right now.

Scut: I've never entered a lore contest in my life, I don't know what you're talking about.

MD: You would win, and this would continue.

Tut: This could be generational too.

Lech: I got this everything compiled in google docs. (Note: Not as much as this though haha!)

Jon: I am giving away a \$50 prize in the lore contest that ends in 4 days.

Scut: Wait, do I have to be part of the free kingdom to write this?

Jon: No you don't.

Lech: Scuttle would you like the quotes? I can send them to you. I want someone to make this.

Scut: The quotes?

Lech: Yeah, the quotes, I compiled a list of the quotes from tonight's escapade.

Scut: Yeah, I'll take them. Take them off your hands.

SP: Record them forever.

Nor: For Posterity.

Lech: You must name "I'm a Staff Officer" though, that's the only thing I ask of you.

Scut: "So in short I work with a lot of men."

Scut: "We are a secret. In reference to being a couple with the vampire."

TSG: No, no, hold on, I've gotta give you a little bit of context there.

Scut: No I don't want any context, I don't want any context when I read these.

TSG: No, but when you read- I don't actually you know work-

SP: Scuttle, scuttle wait a minute to put these in complete context, he said "I work with a lot of men and I want to pile a lot of men on top of her."

TSG: Now hold on, hold on, hold on there one moment, now ok, there were a lot of things around that if you know what I mean.

Scut: ...I'll have a lot of men on top of her so I'll be the one taking it.

TSG: No, no, no, hold on....

(laughter)

Scut: Did you say this?

(laughter heightens)

Lech: He said these exact words.

TSG: No, no there is context there...

SP: You're right! It's there.

TSG: No, because, what happened was someone asked me, what my job is, and I said what my job is. And to simplify I said I work with a lot of men. Ah, um, and basically and basically what happened is that there is one person that wants to hurt me-

MD: Hurt you in a very specific way.

TSG: And, and, and I made a statement that because I have troops with me, that if she does try to kill me, um, ah, I will put a... have a lot of men on um, ah....

Scut: Because you're a staff officer.

TSG: Yes, because I'm a staff officer.

Scut: And you have a lot of men?

Medusa: And he's into cages and leashes as well.

TSG: No, no, well, um, no hold on.

Lech: Haha, Hold on?

MD: Hold your leashes here.

SP: Wait wait wait, He never, wait. Strategy I got you there, he never said that verbatim, he said he wouldn't mind it.

TSG: Yes, I would not mind- Wait, no ok, hold on.

(Laughter)

TSG: But even with that I said I would prefer that.

Lech: Welcome back.

(cackling)

TSG: I said I would prefer that over being killed, because you know, being killed is not, not too pleasant. I would rather be in a cage than being killed, because being killed isn't pleasant, if you know what I mean.

SP: But being in a cage is?

TSG: No, no, ok, hold on. Hold on, let me rephrase that one again.

MD: Please do.

SP: Let me ask you a really good question right now, do you really want to rephrase that?

TSG: I don't know. At this point, I don't know. It always gets worse and I don't know why.

SP: I mean, I'm going to say it, I don't think you can get any worse right now, but you might surprise me.

TSG: Look....

Jon: He needs an interpreter.

TSG: Yeah.

Jon: You need to be on the lookout for an interpreter.

Yum: PM one of us, and then we can like, resay your messages for you.

SP: Jon! We are interpreting this.

Scut: Get one of the um... one of the several men he works with.

SP: We're interpreting this to the vampire queen for him.

TSG: No, no, no don't send this to her, because then she'll-

MD: She knows.

Lech: Oh, I'm already getting all the compile of all the quotes you've had throughout the night and I'm gonna send it to her.

Tut: All the memes.

TSG: But, but, but then no, she's gonna...she's probably gonna be really... she shouldn't know.

Tut: Hey you never know, maybe this will, instead of getting killed, it'll actually guarantee that you won't get killed.

MD: This could spark your relationship with her.

SP: You'll learn about her mail system.

M.Real: I bet now you'll definitely get to be in the cage.

TSG: No, ok...

Scut: Do you only want to be in her cage?

TSG: I don't wanna be! Ugh...

Tut: Or is it any cage?

WDW: Well he doesn't know about the "Fee mail" system.

Lech

SP: Uh, he was ok with Jon's cage also, remember?

TSG: I said... ok, the reason I don't want to, is as a staff officer, I, people look up to me, right, I can't be seen in, in, in her cage, people are gonna think...

WDW: In compromising Situations right?

TSG: Exactly.

Scut: So as long as they aren't around it's ok for you to be in a cage?

TSG: Well, yeah. (*quickest whoa ever*) Whoa whoa, no. NO.

SP: Earlier he said "I can't get caught."

TSG: Yeah, I can't get caught.

Scut: Yeah, yeah, so it's ok as long as you don't get caught?

TSG: Yeah. NO NO. No not ok.

(laughter)

Tut: *(mocking)* Yeah, no no.

SP: Scuttle you missed it. You don't know the joy this chat has brought me tonight.

Jon: The other day, when you were talking about not chatting with your men, I thought that policy was a bit standoffish. Now I think it's a great idea!

(laughter)

TSG: I can't get too friendly with the rank and file, you know what I mean.

WDW: No, no, no we don't know what you mean, please explain.

TSG: You get too friendly with the rank and file, they're going to take advantage of you.

SP: Guys, serpentitus is telling us to stop tagging as many people for now. *(in reference to text chat)*

Jon: Wow, there's a great amount of them.

SP: We have a ton of them.

Lech: Poor girl.

MD: What do you mean poor girl? We're helping her find true love.

TSG: I'm not-

MD: We're doing her a favor.

SP: We're expressing his feelings for him.

Nor: It must be very lonely being a vampire.

MD: "Limit your tags to a couple." So we can tag StrategyGuy and Vampire, they're a couple.

TSG: Well no, we're not a couple.

SP: So it's like a swinger kind of thing?

MD: It's an on-and-off type of thing, I think.

Jon: It's an open relationship.

SP: It's open because Jon's there.

TSG: It's just. I don't know, it feels like she's trying to mess with my head.

MD: Is that she's all that she's messing with?

TSG: I don't know, I hope so, as in... (cuts himself off, learning here)

MD: Go ahead.

TSG: I don't, I don't like being messed with too much, because I feel like she's gonna like-

Scut: So you like being messed with a little bit?

TSG: No, I'm saying that because she's eeeeaguhhhh, know what I mean, she's kind of scary if you know.

MD: What was that?

TSG: But that's ok, because I'm a staff officer.

MD: You keep saying that as if like-

Lech: -it helps.

Nor: I can't believe that nobody laughed at that! (*referring to the "eeeeaguhhhh" noise.*)

SP: That's the sound of her sucking his soul out, that's exactly right.

TSG: (*muttering*) Ok, I think on a serious note though, I think we should all band together to make sure she doesn't hurt me.

Scut: But you're a staff officer, you shouldn't be afraid of her.

TSG: Well, I'm not afraid, I'm-

Lech: Hey Mickdude, do you think Blackheart would mind if I post "I'm a Staff Officer" into their chat?

MD: No they love stuff like that.

Jon: They're pretty friendly.

Lech: Cool.

Scut: They're probably going to be reading that and not knowing the context.

Jon: Well everybody will know the context, it's just a matter of spreading the news.

Lech: Hotter than Malvorne on hotcakes.

WDW: StrategyGuy, you are famous.

Jon: You're going to be famous, all of Elyria will know your name.

Lech: Yes.

TSG: Why?

Lech: But not for the reason you wanted to though.

Jon: They may not know your name or serial number, but they'll know your rank.

Pax: Yeah, they'll all point and lean over and say "Yeah, that's the Staff Officer."

WDW: Everybody will know you are the staff officer.

TSG: Yeah, I know, I don't want to brag, but I am a staff officer, you know.

SP: If I made t-shirts, you think people'll would buy them though?

Scut: Be careful, he has a lot of men he might get on top of you.

SP: Maybe they'll want a shirt.

TSG: What?

Medusa: As long as it doesn't have that meme on it.

TSG: I'm just, I'm just, basically this started, I just wanted to make sure, you know, that I don't wake up one night and she's right there you know what I mean.

Medusa: You should stop right now.

TSG: I just don't wanna be killed, you know.

SP: So as long as she doesn't kill you?

TSG: Yeah, basically.

(first silence of night)

TSG: Well, ok, to that statement, it's as in, yeah, I don't wanna be killed.

Nor: All in favor of his king giving him up to the vampire queen say 'I'.

(Voice and text chat fill up with I)

TSG: Ok, ok hold on hold on.

SP: I would so throw down money to get coin to make this to happen. And that's something I'm interested in.

TSG: No, no, no, I, I, I, will have to say that I'm against this idea.

Nor: But you just said I!

Scut: Wait, so one strategyguy and all of strategyguy's men versus vampire queen, who do you think you would win?

MD: I think strategyguy would win.

SP: Yeah because he wouldn't have to take it then.

MD: He'd end up in her cage, so he'd win.

Scut: But what if the men let her take him.

TSG: That, that is dereliction-

Scut: Dereliction of duty.

(laughter)

SP: I will pay so vampire queen to be a vampire now. I will pay for tokens to make this happen.

Scut: Vampire tokens?

SP: Yeah, they get to be the first vampire. If y'all want money, serpentius, here we go right here, this is where it's at. Fuck the free kingdom, we gonna do this.

Jon: Maybe I should make this a campaign policy.

WDW: Wait, wait, StrategyGuy she's going to find you at your... Where are you stationed at, your what?

TSG: My duty station? (Sounds like doody station)

WDW: She's going to come find you? Where?

TSG: Well my duty station has, you've to understand...

Scut: How much protection do you have there?

TSG: It's going to be my headquarters, it's definitely going to be troops there, you know what I mean.

Scut: So what's going to be in your doody station besides men?

(moderator join chat)

TSG: Well... "What do I play with besides men?"

(laughter)

Scut: I didn't say that, I didn't say that, I asked you what else you is in your duty station besides men.

TSG: oooooohhhhhoh. I misinterpreted what she said.

Noslim *(the moderator)*: I did too and that was a glorious time to walk into the room.

Lech: Noslim I need to send you the quote list from tonight.

Noslim: This community never disappoints me.

SP: I'm coming in here at least an hour of every night to talk with y'all.

MD: No Slim, I'm a staff officer.

SP: Yeah, I'm also a staff officer.

TSG: Look-

SP: I do have, I do have special doodies.

MD: I have a doody station.

SP: I'll pile on top of the vampire queen for StrategyGuy.

MD: I handle a lot of men.

Scut: Yeah, in my doody station.

TSG: No if I'm in my duty (doody) station, she's not going to come after me.

MD: Come before you? *(faint, didn't hear until relistening)*

(laughter)

TSG: No, look, because if she comes into my duty (doody) station, and she comes for me, I'll come after her.

SP: Oh so if she comes for you in the doody station, you're gonna come for her.

TSG: *(clarifies to separate from self)* Yeah, my guys are gonna come for her, yes.

(laughter)

TSG: Why is this turning into something like this?

Scut: Because you said "My guys will come for her."

TSG: Ok, but we're slaughtering the language now!

SP: Any person who joins this chat is gonna be-

WDW: We better not have any new players tonight.

Yum: Anyone who's new get baptized.

Noslim: So we're talking about the Navy?

SP: Well his doody station, does staff a lot of men, because he's a staff officer.

TSG: We're talking about a vampire that, well there's this one girl who wants to kill me-

MD: No she doesn't want to kill you.

SP: She wants to put you in a cage.

TSG: Well-

MD: Or a leash.

SP: And he doesn't really mind it as he says.

TSG: No, no, I said I would prefer it over being killed, because I would not enjoy being killed.

WDW: Right, but if she comes to your doody station, where you take you doodies very seriously...

TSG: Yes.

WDW: ...Your men will come for her.

TSG: Yes.

MD: They're coming after her.

TSG: Yes.

MD: She's coming first.

TSG: Yes, no wait, wait, you're making this sound very weird. I said if she comes for me, I'm gonna come for her.

Nor: Remember guys, his very serious staff.

TSG: I don't understand, I can't use any other word for this.

SP: If she... approaches you?

Scut: If she... confronts me.

Yum: Attacks?

Jon: This is why vocabulary is so important.

TSG: Not approach, because we're not just going to just approach her, if you know what I mean. You can't just waltz into a duty station, you can't just waltz in there. If that's not your duty station you gotta check in with the CIC, you know with your uh, your commander that is currently on duty, your duty officer, to allow you on post, otherwise-

Scut: So there's Doody officers too?

TSG: Huh?

Scut: There's doody officers too?

TSG: Yeah, there's an OIC-

MD: Oh, I see.

TSG: Yes, so you have an Officer In Charge of the post, and if you're a visitor, you're going to have to get permission from the OIC to be allowed on. So, so if she just waltzes in she won't be able to get on. Basically if she approaches the gates of the duty (doody) station, right, they're going to ask her what she's doing here, if she has authorization to be here, and if she says no, they (47 minutes done out of an hour and 15)

Scut: But what if she kills the OIC?

MD: Then she'll come for the OIC.

TSG: Yes.

WDW: Wait who's going to come for her?

Lech: You just walked into that.

TSG: No, no, basically if she approaches the gates of the duty (doody) station, alright, they're going to ask her what she's doing here, if she has authorization to be here. She's gonna have to get permission from the OIC to be allowed as a visitor on post.

Scut: What if the OIC gives her permission?

WDW: What if she says "I'm coming here to doody."

TSG: Huh?

SP: What if she's coming to report, what if she wants to enroll in your military unit thing you're talking about. What stops her from being like-

TSG: You don't enroll at a duty (doody) station, there are recruiting posts around, you don't go to a duty (doody) station and "Hey a doh".

SP: What if she's reporting (said: re-poo-ting) for doody though then.

TSG: Oh if she's reporting for duty (doody), she will have the paper, you know the proper transfer paperwork from wherever she's coming from.

SP: Ok, then, so what stops her then.

TSG: What do you mean?

SP: She can get in now.

TSG: Yes, technically if she's authorized to, yes.

WDW: It wouldn't be hard for her to forge those papers right?

TSG: I mean, it would be very strange unless you're coming back after... It would be very strange for you to report for duty (doody) coming from somewhere else. You would usually come with your unit.

Noslim: Yeah, that sounds fun. When I was in the marine corps, I allowed, I allowed a lot of visitors on the post.

TSG: Yeah, yeah, it's not for visitors to come on, but if it's her, then they're going to know it's her, you know what I mean?

Nor: Strategy I gotta question.

TSG: Yes.

Nor: Well, ok, well, a couple questions. First you said, all vampires have to be destroyed, right?

TSG: I said they are, yes.

Nor: Ok, so what if she actually joins your military, I'm not sure what your group decides to call it, but what if she joins your military and reports to doody? Well what then?

TSG: Well, there are certain minimum requirements and standards before you can enlist in the military, you know, there are certain standards that you must meet, you know, age requirements, you must meet fitness requirements-

Lech: Well I'm going to get off now, I'm going to go to bed, good luck.

MD: Oh, you've gotta get off now too?

Lech: StrategyGuy you're digging yourself a deep, deep hole man.

TSG: Why?!

Lech: Because you're obviously in the navy, when you say you're in the army. I'm out.

TSG: Well basically I said there are minimum standards and if she's a vampire she won't meet the minimum standards. Um, one of them is that you must be a man.

(chat reacts in horror)

WDW: Whoa, whoa whoa, whoa.

TSG: Not a man as in like-

Medusa: Racist! Racist!

TSG: Not a man as in like male, I mean man as in like the species of not.... M - A - N - N (he spelled it this way), right, so that is everything that is not a vampire.

Nor: A human?

SP: But a vampire is a demi-human, they're still human.

TSG: Yeah, but they're not, they're not menn, you know, you know.

SP: But they are men, they're demi-men.

TSG: Well, ok, then I-

Tut: I think he's trying to say vampires as people too.

TSG: Vampires are not people!

Tut: Well let's just say she's working her way up to vampire, and she's not there just quite yet, and then she's also in the military with you, and then you happen to be posted with and that's the start of this entire trilogy.

TSG: I... Well I don't plan to have any... Well ok, basically what I'm trying to say.

MD: You don't want to have any....

Yum: Kids, right?

MD: You don't want kids is what you're trying to say?

TSG: No I want kids, but-

MD: So you're not going to use birth control?

TSG: *sighs*

Nor: I think he's trying say that he basically doesn't want vampires among his race.

TSG: Yeah basically I don't vampires among my-

SP: In the open?

TSG: Yes.

MD: Because you're a Staff Officer.

TSG: Yes. Well, no basically, I feel like, I feel like she would have to be very brave to come after me, you know. So.

Jon: So I thought of a great career for StrategyGuy in Elyria. Everytime a noble or king has an announcement they have to make, they go to the Kingdom Herald, StrategyGuy, then he goes to announce it to the people.

TSG: Why?

Jon: In its glory.

MD: All of its glory?

TSG: I am a good speaker, I must admit that.

MD: You talk goodly?

TSG: Yes.

Jon: The best speaking.

SP: He has to speak for Malvorne.

MD: Oh Serp's AFK, let's go guys, now we really bring it out.

Noslim: Now I've got to explain this document to my wife. Wait, wait, wait it's not what you think it is. I'm scared that she's going to get some ideas, you know?

???: Are you scared of becoming the staff officer?

Noslim: My wife is badass, she did two tours in Iraq, she's a Marine too, so...

MD: Why would you do that to yourself.

Noslim: I don't know. I like punishment.

MD: Wait, wait, wait are we just going to ignore that?

(laughter)

Noslim: He is a staff officer.

TSG: I agree with him, pain is weakness leaving the body.

MD: So you like pain?

TSG: I didn't say I liked it, I said it was, you know.

Noslim: I was not a Staff Officer, I was a Staff NCOIC, thank you.

MD: Oh I see.

Noslim: Yeah, Staff Non Commissioned Officer In Charge.

MD: Oh I see.

SP: So staff and officer was in the name?

Noslim: Yeah.

TSG: Initially when I was looking at the Marines, I'm like "This is cool" but then I saw their PT standards, and I'm like "Nahh." Haha Ha.

MD: No, you'd rather go where you could be a Staff Officer?

TSG: No it was you know, in the army, they'd call me Caboose because when we go on PT runs-

Scut: You're always in the back?

TSG: Yeah so-

(laughter)

Medusa: You need to stop talking.

TSG: So basically whenever we would go on our PT runs, I would start at the front of the formation, and by the time we got back, I'd be all the way at the back of the formation. I did not like running.

Noslim: You kept it in the rear with all the gear.

SP: So you started at the front and ended at the back?

TSG: Yeah whenever we'd go on our runs, I hate running, I hate PT, PT was not good for me.

Medusa: You need to stop talking.

Scut: So what if the PT involved being put in a cage, would you still go through that?

TSG: I'd prefer that over running.

Scut: Really!?!

SP: Everything we have asked as to what you prefer, the cage has won everytime.

TSG: No, ok, hold on-

Jon: Given a cake and a cage...

MD: I think we understand much you like the cage, though.

TSG: Look-

Yum: Strategy do you know who Caboose is?

TSG: Yeah it's a back part of the train.

SP: So you're the back?

TSG: Well, yeah, of course.

Scut: In the back of all the other men?

Medusa: Well he was bending over in the main.

SP: You gotta remember he starts in front of all the men, and slowly works his way back.

MD: But he prefers being in the cage to that.

WDW: Caboose, caboose

TSG: Hey, I don't like running. Running is something I don't like to do.

Immaculate(Imm): Are we still trolling StrategyGuy?

MD: No, we're having a conversation.

Scut: We're not trolling.

Medusa: He's come in and put his foot down his throat, and then the rest of the body parts.

MD: Immaculate, look you don't understand, he's a Staff Officer.

Imm: Oh, my mistake.

MD: Yeah, your mistake.

SP: Yeah you better look out buddy or we'll pile our men on you.

MD: He'll be coming first.

WDW: And then he'll go to the rear.

TSG: I, I, I love my job.

(laughter)

SP: You can't make this up!

WDW: It has a lot of perks, huh?

TSG: Oh yeah!

MD: There's a lot of ups and downs.

WDW: What are some of those perks, huh? I'm curious.

TSG: Well I mean, pension for one, that's a good one. I think, I think, what really draws me to it most is that I work with a good group of guys.

MD: You get to staff officer them?

SP: You're reaching for that one, he was good on that one.

Nor: Go ahead, continue, sorry for interrupting.

TSG: I think, I just, I just like my job. It's something, I don't have to deal with people if you know what I mean.

MD: Just guys.

TSG: Yeah.

WDW: What's your unit name?

TSG: Well, so, right now, we, you know, we, because the game is pretty new and we haven't and we haven't filled enough units, we're eventually, we are going to start renumeration units and then we'll actually be posted somewhere. So once the game launches, we'll have active duty stations for you know, whoever we have in service at that time.

MD: And all those guys will just come together?

TSG: We do, we do have a command structure.

MD: Are you on top or on bottom?

TSG: I'm pretty high up there. I actually report directly to the chief of general staff. So.

MD: So you're beneath the chief of general staff, but you're on top of others?

TSG: Yeah I'm on top of a lot of other guys.

Scut: You're on top of a lot of other guys?

SP: Yeah he's a power top.

TSG: What?

SP: Never change StrategyGuy, never change.

Scut: What even happens in your doody station?

TSG: What happens in a duty (doody) station? I can tell you that very easily. It's a lot of waiting for something to happen.

Scut: Waiting for people to come?

MD: It's waiting but there's some action in there too?

SP: I think the moment's come and gone.

55:33

[Chat collectively agrees to just let the "well" recharge for a bit. He talks about military stuff.]

1:24:55

TSG: I hope she just doesn't see this conversation.

(True Vampire Queen join voice chat IM NOT KIDDING)

Noslim: Oh she will, she will.

Jon: Are you kidding 41 pings?

MD: 41 pings.

Tut: And not to mention the Private messages.

TSG: You can see my private messages!?

MD: You've been private messaging her?

TSG: No, I thought someone have been seeing my private messages.

Tut: Got the DMs?

MD: Slid into her DMs?

SP: How did this start back up again?

MD: Because, shush, it's so much better to talk about than the military.

Tut: Well what I was saying was, this has been great and all, but tomorrow is when the cake gets baked.

TSG: Why?

SP: Because she'll see it.

Tut: Yeah, she'll see it and be able to respond to everything.

(general chatter)

Yum: Everyone shut up. What time are you getting back into the voice chat tomorrow?

TSG: Me?

Yum: Yeah, like in hours?

Medusa: Yeah how many hours.

Yum: 9 hours?

TSG: I don't have a final tomorrow, so I could go for whenever.

Tut: Before we all get banned, along with StrategyGuy for sexual harrassment.

Noslim: It's not harassment if it's wanted.

MD: Yeah it sounds like she does want to put him in a cage.

TSG: Well yeah-

MD: Yeah, see he said yeah.

Yum: So StrategyGuy-

Tut: Well I think it's really sweet that you and her are going to have this dedicated RP thing going on.

MD: I mean at this point it's ERP.

Vampire Queen (talked over by Tut): Go on then.

Tut: I mean, it's borderline then, he's the straight man and she's the whatever.

Imm: Is someone going to write, like, a newsletter on this, once it's done?

MD: Oh yeah, Blackheart is writing a, uh, fanfic.

Tut: The examiner, has anyone told the Examiner?

SP: I've got Blackheart on this also.

Yum: I've got the transcript, in case.

TSG: Look-

MD: No, Strategy, the most romantic thing you could do is give her the fanfiction of you two, you know the ship.

Yum: Don't forget the love triangle with Jon, Jon's the most important bit.

TSG: I'm just, I'm just-

Noslim: You need to have her talk to my wife, Brenlie, because I think she could be a good influence for her. I mean her for Brenlie. Not Brenlie for her.

TSG: Why?

MD: Because obviously Noslim's wife also likes cages.

TSG: You want her to hurt her you? I don't understand.

MD: Hey, hey, any ship, any port in the storm, that right Noslim?

Noslim: Pain is better than death.

TSG: Exactly.

Noslim: Enjoy it while you can.

TSG: Did I not say that guys? That's exactly what I said. I would rather have pain than death, exactly.

Medusa: No you said you'd rather be leashed or caged than death.

TSG: Yeah.

MD: You also said you'd rather be leashed or caged than run.

TSG: Yeah I don't like PT.

MD: You also said that you'd rather to be leashed or caged than-

Medusa: Anything.

Noslim: Don't run from it, just let it happen.

TSG: You're right, I'm not gonna run. If there's one thing I hated the most, the one thing I hated the most, it was PT. Hated it.

Tut: Did you learn the lesson of PT?

SP: But like, that's you doody.

MD: That is your doody station.

TSG: HATED PT. I think I would rather go around licking things so I could go to sick call rather than PT.

Noslim: Yeah, we all know those. How long were you in for?

TSG: Uh, 4 years, before I went to college for engineering. And then, I'm graduating, and then I actually got a job offer for the army corps of engineers, so pretty happy about that.

MD: No don't go back! Don't go back!

TSG: No I'm going back in as a civilian, Army corps of Engineers.

MD: No don't go back.

TSG: Why?

MD: Run.

SP: He has the security clearance required.

SCMNomad(SCM): Go back.

SP: Later Serpentius.

SCM: I still haven't caught on to what you guys are talking about by the way.

TSG: Oh crap, I have to, I have to, I, um, guys-

Vampire Queen: Yeah, and hello.

SP: YES!

(laughter)

Tut: Speaking of the-

MD: Strategy, strategy here we go.

Vampire Queen: I've been listening to you guys for about the past ten minutes. Thank you for waking me up.

MD: Strategy, get down on one knee, and tell her you're a staff officer.

SP: You're her Staff Officer.

TSG: I should have have scrolled up and I didn't.

Vampire Queen: I'm still catching up reading everything I've been fucking tagged in.

MD: We counted 41.

Vampire Queen: It was 46.

Tut: Remember we had to delete some.

Vampire Queen: You were way off.

SP: We're not good at counting, we're just Staff Officers.

Nor: Doody Officers.

TSG: I just don't wanna be hurt.

Vampire Queen: Oh don't worry, it won't hurt, you'll enjoy it.

SP: Clearly, have you read any of what he's posted?

Vampire Queen: I'm trying to.

Medusa: I think you two need a private room.

MD: Jesus christ.

Tut: Just don't get caught.

SCM: What are you guys talking about? I'm a little behind.

Vampire Queen: "I can't be caught doing this?" Wait, what?

Tut: Just take a good 20 minutes to read and mull through all of it, because it's wonderful.

SP: My favorite part is "If you come for him, he'll come for you and then your men will come for you."

Vampire Queen: And here I thought I could go to bed early tonight.

MD: No, he's going to keep you all up all night.

Vampire Queen: Fuck! (*laughs*)

SP: You have to read this, I'm sorry it had to be done.

Vampire Queen: You guys are too cute.

MD: No, you're not meant to say that about us, you're meant to say this about Strategy! He's going to get jealous.

Vampire Queen: No, I think you guys are cute, he's just a caged animal, a pet.

TSG: (*whimpering*) I'm a Staff Officer.

(*laughter in chat*)

SP: Well there we go, going to bed on time.

Tut: Yeah, I was like "Tomorrow's going to be great."

MD: Nope!

SP: That's what happens when you tag someone 46 times.

Vampire Queen: Actually I didn't hear any of it until somebody DM'd me directly.

MD: Well thank god somebody DM'd you otherwise these two lovebirds would've never met up.

Tut: Do you have the document? (*with the quotes*)

SP: Yeah, it's in blackheart.

MD: I'm a staff officer.

Vampire Queen: You guys have been busy.

Noslim: Yeah, it's been a wild night in the doody.

Medusa: A wild night over here.

Vampire: Whoaaa.

TSG: Uh, you guys spelled "come" wrong (*in the document*).

Vampire Queen: I like that meme a lot. I'll share it in my personal discord channel, it'll get quite a laugh.

Tut: You know that picture is only half true, right?

Vampire Queen: Yeah the part where it says you're a Staff Officer isn't true.

TSG: Nonono that part is the true part.

Vampire Queen: hahahahaha

Medusa: Oh, your laugh is good.

Vampire Queen: I am half asleep though.

TSG: I have two corps.

SP: I thought they wouldn't let you have them.

TSG: Not for this, but look I'm going to hide in my sea of men. Oh wait-

(laughter)

Medusa: Just shut up. Stop talking already!

SP: I've invited you to Blackheart I think you'd have fun there(to vampire queen).

MD: Now look, Vampire, we're not saying there's something going on here, but if you come for him, he's gonna come for you too.

TSG: No, if she comes for me, there's a lot more people that are going to come for her, trust me.

Vampire Queen: Nonono he is going to come for me, so I'm just going to sit there while he comes to me, while I work on the other more important people.

Medusa: And when it happens can we have video footage please?

MD: No! We don't want video footage of that.

Vampire Queen: Hahaha, oh I will be recording it, that is for sure. But remember I moved you to the bottom of the list.

SP: That's where he likes to be, he start at the front and works to the bottom.

Tut: The Caboose.

TSG: I think what they mean to say, is that we're here to negotiate.... Your unconditional surrender.

Vampire Queen: *(laughing)* You wish.

Tut: Said that with such conviction though.

Vampire Queen: Lot of confidence in that stuttering.

MD: He's just not used to female parts.

SP: Systems.

Medusa: He's used to a group of men.

MD: Yeah he's used to males.

Yum: Yeah, uh, Vampire Queen's mail system is superior to StrategyGuy's.

Vampire Queen: What I find very funny though is how he's found so many men who want to be against me, but I haven't seen one of them.

TSG: You know, uh, your situation is very tenuous at best, and I believe firmly-

MD: How firmly?

TSG: -t-t-t-t-to unconditional surrender.

Medusa: I think you need to have a cigarette and a drink, then come back to talk to us.

Noslim: Maybe.

Vampire Queen: I think you're a little bit too excited.

Tut: Who is it who had the transcribe.

Noslim: I mean he's firmly against it now, but two more Coors, and he might be like "Whip me baby, whip me clean."

Yum: I'll send it when it's done.

TSG: If you do not surrender, you will be destroyed.

SP: I thought. This is the opposite of what you were telling us earlier.

Vampire Queen: They transcribed everything you said.

MD: Everything.

Vampire Queen: And this is why I say I am everywhere.

Noslim: We even documented what he really was thinking.

TSG: How about we negotiate an armistice then.

SP: I'm a Staff Officer I can't be caught doing this.

Vampire Queen: I think my favorite quote's gotta be "I'm not saying now, in reference to the Cage."

SP: He said that to a lot of things. He also prefers the cage to PT.

Vampire Queen: I believe the quote was "I would pick the cage."

Noslim: With a TS clearance in the United States Marine Corps, that commanding generals in the US military have gotten away with much more. You should just give it a whirl buddy.

TSG: I am y'know, fully committed to my duty (doody) as a staff officer.

MD: To your men, you mean?

TSG: And I-

Nor: Soldier, think of this as a diplomatic mission.

Tut: No, he's not breaking character guys, that's the point. He not breaking character. He has dedicated himself fully a hundred, hundred-ten percent to this RP in game and beyond.

SP: We have to help him not get caught.

TSG: *sighs multiple times*

SP: Some of the best quotes are missing.

SP: "I'm not saying no" came up several times.

Medusa: And "I can't be caught doing this"

SP: Came up a lot!

(laughter)

TSG: I didn't know- I mean, I know, I am, I mean, I wouldn't, I mean, it, I wouldn't mind, I-

MD: We get it. We're not opposed to the idea of you and Vampire Queen hooking up, you just can't be caught.

Noslim: You just gotta enlist the right men, and they'll cover your back.

Vampire Queen: He just has to come into the cage first, just leave the men behind.

MD: No, no he was very specific, he was going to make you come first, and then he was going to come for you.

Vampire Queen: Well of course.

SP: See, not a bad response already.

Vampire Queen: It's all about my pleasure.

MD: IF he's enlisted in the military, he's over 16.

Yum: He mentioned he did 4 years.

TSG: I think we got off on the wrong foot.

SP: He's making a move.

MD: I think it was more than just a foot.

Vampire Queen: Don't worry, you don't need to be on your guard.

(chat laughs, but it was really weird, like one person at a time)

Medusa: She's female, she's gonna get what she wants, just surrender now.

Vampire Queen: It is very true.

Tut: I've never actually heard so much blushing in my life.

SCM: I never knew I could hear blushing until tonight.

TSG: No, I am simply, I am conferring with my superior on how I should proceed with-

MD: The guy on top of you?

TSG: -with how I should proceed with, uh, how I should proceed with her unconditional surrender.

Vampire Queen: You just can't say anything else can you? You have nothing else. I'm just crying, I'm laughing so hard.

Tut: Where do we go from here? Do we talk about furniture now?

Vampire Queen: Well, there is a piece I would like in my dungeon.

TSG: What dungeon?

Yum: Could we have a legitimate talk about the postal system?

SP: He's interested.

TSG: No I don't know why you would have one.

SP: Why wouldn't you have one.

TSG: Ok, listen.

Vampire Queen: To what, you stuttering again?

SP: Say it, say you have a lot of men.

MD: That you'll come for her?

SP: Say it.

TheStrategyGuy: I'm a Staff Officer.

It was clear at this point that no one wanted to talk about the postal system, which is my only goal in joining voice chat, so I stopped the transcription here. - Yum
