Making Sense of Afghanistan GIJN 21- November 3, 2021

More on the documentary:
GHOSTS OF AFGHANISTAN

As the Taliban seize control of Afghanistan, a new Galafilm/TVO Original documentary offers a first-hand account of NATO's failed attempt to bring democracy and women's rights and freedoms to the country. Former Canadian war correspondent Graeme Smith takes viewers on a quest to uncover what went wrong with the war and the behind-the-scenes struggle for peace in the world's deadliest conflict.
