

### 3. Diary entry

After reading the novel and exploring discussion questions, you should have a strong understanding of *Klara and the Sun*. As you know, the novel is written from the perspective of an 'Artificial Friend'. But what if the reader could hear another character's voice? What would that character say? For this assignment, you are asked to write at least 2 diary entries from the perspective of any other character than Klara to show your understanding of that character and the novel's themes in 500-600 words. You are also asked to write a rationale of 200-300 words in which you explain which choices you made, why you made them and how they show your understanding of the novel. To get started, make a personal copy of this document and place it in your portfolio (Google Drive folder for English). Write your diary entry and rationale below. You will be assessed according to [this rubric](#).
