Dear Friend,

We are excited to offer you an opportunity to play a pivotal role in preserving and making accessible a rich compendium of resources — the Gestalt Practice Library and Resource Center.

We are building a dynamic hub that offers access to a rich repository of audio, video, and written materials dedicated to the teachings and legacy of Dick Price. Your support at this foundational stage will equip us with the technology necessary to curate, archive, and enhance these valuable resources.

Here's a breakdown of some of our initial funding needs, which your generous donation will directly support.

Staffing for content development and operations: $200,000
Technical development of our initial website and archival system: $50,000
Advanced software for professional-grade video and audio editing: $10,000
State-of-the-art scanning and projection equipment: $5,000

Our total startup goal is $265,000, and every contribution brings us closer to having these materials fully available and useful. Once operational, we plan to secure grants and additional funding to sustain and expand our services.

All contributions are tax-deductible. Contributions of any size are appreciated. Specifics about donation methods are below.

We are committed to keeping you informed of our progress and the ways your investment is helping to realize the vision. Together, we can ensure that these teachings continue to inspire and educate future generations. Please feel free to contact us if you need more information. Sign up for our mailing list!

Join us in this endeavor. We, the board members have been investing our time and money to get this rolling. Your contribution will directly impact how soon and to what depth we can make these resources fully available.

Warm regards,
Sharon Terry (Treasurer), with Chris Price and Dorothy Charles

The Gestalt Practice Library and Resource Center is a curated repository of digital and physical materials that provide history on the formation of gestalt practice as taught by Richard Price, as well as its ongoing development. This includes documentation of the work and teachers that influenced the formation of gestalt practice such as gestalt psychology, Buddhist practice, Taoism, and holistic approaches to

physical and mental health. The Gestalt Practice Library and Resource Center preserves these resources and enables engagement with the materials, providing theoretical information and access to experiential exploration.
