

Game Center in enVision Math

<https://www.psdschools.org/departments/mathematics>

The enVision Math program has an entire library of math games! To access, follow the same instructions to enVision lessons:

Students access enVision Math through the PSD link. They must be logged into Chrome with their PSD ID and password. (i.e. Username: 12345@psdschools.org Password: 1234abab)

- * Click the link to access the PSD Math page
- * Click the enVision link
- * Enter username and password (save if prompted)
- * Click on Pearson Realize
- * Click the search icon at the top of the page with the colored circles
- * Type in "game center"
- * Scroll to find the game center for your grade and click it
- * Click "open in new window"

The Game Center home page will appear. BOOKMARK IT! (click the star in the browser bar, turn it blue, click done)
This will give shortcut access to the enVision Math Game Center without going through the whole log in process each time!
