

## Tamaki Makaurau Wish List of things we could definitely use

Arts & Crafts	
Acrylic Paint	Needs to be acrylic so it doesn't crack on banners
Fabric	Large enough for banners
Plain t-shirts	We can paint them with XR banners
Bobbins	The sewing machines need bobbins !
Tech	
Old Tablets	Saves us heaps of time if we can digitally sign people in to meetings and upload their details straight to our database. They can be old and really crap, would just need to at least function a little bit !
