

Privacy Policy

Last Updated: 14/02/2025

1. Introduction

Thank you for using **Bookmark Organizer**! Your privacy is important to us. This Privacy Policy explains how we handle user data when you install and use our Chrome extension.

2. Data Collection and Usage

We do not collect, store, or share any personal data.

- Our extension only interacts with your Chrome **bookmarks** to create and organize folders.
- No information is transmitted to external servers or third parties.
- We do not track your activity or collect any browsing history.

3. Permissions Used

To function properly, our extension requests the following Chrome permission:

- **Bookmarks Permission:** This allows the extension to create and organize folders in your bookmarks.

This permission is solely used for the intended purpose and does not grant access to any other user data.

4. Third-Party Services

Our extension **does not** use any third-party analytics, tracking, or advertising services.

5. Support Button

We include a **voluntary support button** that redirects users to **Gumroad** - <https://georgiostragkas.gumroad.com/coffee>. This is an external link and is entirely optional.

6. Security

We do not store any data, so there is no risk of unauthorized data access. Your bookmarks remain private and under your full control.

7. Changes to This Policy

We may update this Privacy Policy if necessary. Any changes will be reflected here with an updated "Last Updated" date.
