Subject Line: I had fucked 3 girls that day

And it wasn't even noon yet

In college I couldn't get a single girl, not even an ugly one

I was broke, out of shape, and very self-conscious, which was a death sentence for my sex life, or so I thought...

I later discovered that the most important thing when getting girls was the **energy** I had

Even if I looked less-than-perfect, I could still go home with a girl if I was confident and cocky

Eventually I had too many women

And that's a problem worth having

Subject Line: The number 1 mistake you make with women

There is one thing that completely kills your chances with every single girl you meet

It was discovered by an underground psychologist and has been tearing up the dating world

Guys who used to get rejected daily, can't keep the women off them

And all they did was use a simple mind-trick
