

Part 6 - Sermon Series "And They Sang A New Song"

Shane Vaughn ——— First Harvest Ministries International

1 start where we left off last Sabbath why don't we just start at verse one and we'll try to collect our thoughts here I am the Rose of Sharon and the lily of the valleys as the Lily among Thorns so is my love among the daughters and that's where we stop tonight we'll pick up at verse 3.

2 as the apple tree among the Trees of the wood so is my beloved among the sons so now this is her talking back now in verse 2 it was him singing to her now she turns around and sings to him and says as the apple tree among the Trees of the wood so is my beloved among the sons I sat down under his shadow with great Delight and his fruit was sweet to my taste you may be seated thank you Father father anoint your word tonight father we're nothing without you tonight I'm just a piece of clay your word has life in it and I submit myself to your Authority as the head of this church you are our chief

3 Shepherd and we just come now and ask you to feed these little sheep that have gathered together saying where Feed Us thou here they are saying where Feed Us thou that's where I want to be thank you Father amen for our live viewers welcome thank you for watching tonight don't forget Sabbath school starts at 10 o'clock in the morning we're going to have a wonderful class tomorrow and we're looking forward to all of you if you don't know what I'm talking about there should be a link in the description box below this video that will take you to Bible study in the morning if you don't see the link

4 if you're watching on Roku email me and I'll be happy to give you a link and if you don't know my email by now then you must be brand new it's brother Vaughn gmail.com okay there we go hey say it again it is it truly is it truly is we are looking forward to what God's got for us in the morning now after this one in the morning I will begin preparing you for Passover uh starting next Friday night I'll begin teaching in depth on how to prepare for Passover I want to say this to all of you you are not allowed to come to the table of the Passover meal with anything in your heart against anyone

5 because if you do the Bible said that you'll drink damnation upon your family and upon your life so make sure that you are preparing for Passover the first night of unleavened bread I want to do something different this year than we've ever done that'll be Wednesday night everyone that's going to go through their homes and clean their homes out of Leaven I want you to bring those garbage bags of Leaven and I want you to bring them and we're going to set them outside the door of the front door of the church and when you come in that night bring your leaven put your name on it because that's a

6 lot of food to throw away you can take it back home after the last night of unleavened bread so you're going to bring your leaven first night drop it at the front door of the church we're gonna leave it on the porch all week hopefully nobody can steal your food but you're gonna take it back home with you on the seventh night of unleavened bread and you know what these are word pictures they do us good nobody's ever said it's required for salvation they do us good they give us examples just like you teach your children with examples the father teaches his children with these word pictures

7 that's the reason we dress in white on Tuesday night you're not required to do that it's not mandated but it's a beautiful word picture of all the Lambs coming together on Passover nights

so make sure you remember this year now one reason I'm doing it because some of y'all been skimping every year and I'm not getting 11 out and this year you're going You're gonna have to join in and do it all right that way we get it out of our homes the Bible said if you don't do it he'll cut you off from Israel that don't mean you're going to hell no here's what it means you're no longer in unity with the

8 house of Israel you're doing your own thing and you're cut off from the unity of the house and that's not a good place to be amen praise the Lord verse number three as the apple tree among the apples what does this mean it's very simple and the Bible trees are a symbol of people when the blind man brother Michael when Yeshua opened his eyes he said I see men as trees walking all through the scripture the tree is the symbol of mankind now this lady which is you by the way she's singing a song to her beloved and here's what she says to him you sir are not just a tree you're not just the man

9 you're a special man you're an apple tree you're of all the trees at the forest there's a lot of great people what am I hearing Hallelujah there we go hey praise the Lord we got it together around here son just tap the cord [Music] could we fix that one day maybe like for real [Applause] okay surely we can get a new cord all right praise the Lord she said you're not just any old tree you're an apple tree amen when you begin to sing the new song of the Lord you will begin to recognize yahshua for his uniqueness among men although he's born of a woman and although he's a man he was an Apple Man

10 or a Superman if you will he was not like the Bible calls him the eldest brother what that means is don't get it twisted even though he's your brother he's an illegal to himself he is a special man he is an apple tree and when you begin to go forward in singing this song you will begin to recognize that he is an apple tree as a matter of fact she said in that verse that his fruit was sweet to my taste that means what that he is a fruitful tree what makes him an apple tree what makes him different than Andrew or Bruce or me besides the fact that he was resurrected and he's now sitting at the

11 right hand of the father and he is eternal now besides all that what made him on the days of his Earth on the on the earth what made him unique he had something that you are still trying to get he had fruit that's right he had the fruit of the spirit sister Sherry he was unique in the fact that he loved his enemies now if you're not there yet you're not an apple tree you're just an old tree he loves those spitefully using if you're not there yet you're just an old tree right that's right you just know a hardwood tree but Yeshua was a fruitful Trump now everyone in this room tonight you tell me

12 that you're trying to follow the patterned Sun that where's your fruit amen where's your fruit where's your gentleness where's your kindness where's your love long suffering where is your love and your your your your long suffering your meekness where is it at until we can see it you're an old tree see but this woman said to him notice what she said your fruit it's sweet to my mouth what does that mean if you're learning this new song you're eating the same fruit and you're becoming the fruit that you found on the Apple Tree you're not hearing me now this woman is saying to him you're not just

13 an apple tree but I'm eating the apples she's singing a new song she was out eating any unclean animals she wanted to eat she was out eating anything she desired but now that she found the fruit of the spirit she's becoming the bride by becoming the fruit that she found on the fruit tree [Applause] listen to me now you can have all the glory in the world you can have all the Miracles in the world the greatest Miracle you'll ever have in your life is to have fruit on your tree that's correct God is calling you in this ministry to never get to the point where you're more worried about the the

14 tree of knowledge then you are the fruit of the tree [Applause] knowledge brings you death

as quick as ignorance will that's right yes and know all things what did Paul say you can know all things but if you don't have them fruit it profits you what [Music] you get on Facebook and debate the name Yahweh yahuwah Yahweh y'all whatever you want to do and that's fine knowledge is good but if you can't get along with your brother and your sister the name don't mean nothing [Applause] somebody needs started eat the fruit of the apple tree amen [Applause] that's right notice these two trees one is

15 the Tree of Life That's yahshua but notice the tree of death watch this it's just important the tree of death is the opposite of the Tree of Life but notice how the tree of death is described knowledge knowledge of good and Evil you know what that means don't you that means this world they're eating at the tree of knowledge either Bible knowledge or worldly knowledge and they're still dying because the life is not in what you know the life is in what knows you the life is not in what you're learning the life isn't what you're becoming though we understand all Mysteries and we're not eating the

16 fruit we are a sounding brass and a tinkling symbol we must become lovers of fruit we must look for fruit in one another we must become fruit inspectors what does that mean when you open your mouth Elder Morgan if somebody this church opens their mouth and you hear rotten fruit come out they need a fruit inspector sir yes sir anybody in this Minister trying to get you on their side until they ain't no side but truth only one side that's true we don't do sides around here we do truth we do the word because we're learning that the tree of life is not the tree of knowledge it is the tree of

17 change it is the tree that gives us the Fruit of the Spirit Hallelujah as a matter of fact if you're read later you don't have to do it tonight but in the Book of Revelation yahshua said I stand at the door and knock If any man will open I will come in and eat with him I always wondered what they were eating he's only going to eat if there's fruit for him to eat if his fruit ain't on your table then there's no way for you and him to dine together he only eats what he produces it's called the Fruit of the Spirit he's only looking to eat his own fruit that's right you know that's like my wife we

18 go to restaurants she will not eat their uh you know whatever sweeteners they've got she brings her own she brings her life she trusts it he'll only eat what he trusts and that's what comes from the Tree of Life we've got to learn that from this apple tree we are becoming what we're eating wow wow we've had many people that have left the ministry that have said we love the message we love we love the message beloved you never even heard the message did you think our message was the Sabbath day did you think our message was clean and unclean animals did you think that was our message no darling

19 that was just the little byproducts of our message our message is if you don't look like him and if you don't live like him and if you don't act like him and if you don't smell like him you have missed the message [Music] [Applause] we're not telling you to keep the Sabbath day so you can be more like him we're telling you that the more you become like him the more you'll want to keep the Sabbath day holy did you hear what I just told you [Applause] Saints are making you holy he alone makes you holy Christ Alone but Holiness within becomes Holiness without [Applause] that's where you have to

20 get it Proverbs 25 and 11.

21 I want to show you this tree of life of apples I'm so glad we're learning to sing a song that men cannot sing Proverbs 25 and 11.

22 a word Fitness spoken is like apples of gold in pictures of silver a word is an apple a word is an apple and I just read about a bride that's sitting under a word tree because the Tree of Life is a warped tree I want you to hear me and you hear me well when you bring people to your denomination I want you to hear me now when you get people saved in a Baptist Church you'll

turn them into a Baptist when you get people saved in a Catholic Church you'll turn them into a Catholic when you get them saved into a Pentecostal Church you'll turn them into a Pentecostal but to get them saved at a word

23 tree you'll turn them into a word bride don't you ever forget what I just told you that's right the tree of life it's the word tree the fresh revelation of the truth is a word like an apple now remember this girl that's sitting there under the tree remember who she is Sister Justina remember a few verses earlier let's go back about two weeks ago remember something happened to her ear she got it opened now if an apple is the word somebody's got to have an ear to eat the apple or hear the word because a word is an apple a word deeply spoken is an apple of gold ladies and gentlemen we are the

24 pictures of silver that receive the apples of gold the word that's being revealed in this hour is Apples of gold but apples can only be placed in pictures of silver in those days do you know why I bet sister Maxine knows no silver is like nickel silver will keep them apples from going bad if you take a nickel and drop it in a gallon of milk you ain't got to refrigerate the milk because the silver keeps the bacteria out of the milk so the kings and queens you know when you get an Apple it starts turning brown it won't do it in a picture of pure silver that silver will preserve the apples of

25 gold ladies and gentlemen the apples that's been released from this ministry is not for pictures of clay which is men it's not from pictures of Flesh which is men it's for pictures and silver that are being purified in the fire of this entire message [Applause] you've gotta not just have apples but there's got to be pictures of silver that are worthy of the apples of gold the only thing you can put in a picture of clay is old bad apples but when the father gives you a revelation of Truth there must be a picture of silver is purification and cleansing it's a charm killer it kills bacteria we

26 are holders ladies and gentlemen of divine apples you know where we get them at don't you when we're learning the new song and as we sit under the apple tree we receive what drops from the tree lapis there we sit like we did tonight in the glory rain and then golden apples are falling the revelation of Truth is falling only on a people [Music] ask me all the time all over the world why don't we hear this in our church why don't we hear why can that we can't hear this message anywhere because [Music] it can't fall in a Baptist vessel it can't fall in a charismatic vessel it can only fall in a

27 crucified purified silver picture [Music] [Applause] notice what she said in verse 3.

28 chapter 2 I sat down under his shadow with great Delight I want to say this to you tonight until you learn the great Delight of sitting under the message it will not become a refuge for you notice what she said I've said under the shadow of the tree what was the shadow of the tree where the apples fall I'm sitting right there I'm right under the shadow where are these apples about I'm there every Friday night I'm there all during the week where the apples are falling nothing about dead apples from 50 years ago but I'm eating some apples gold and they're falling and I'm eating them I'm under

29 the Shadow and this is where my great Delight is [Music] nowhere else but right under the apple tree you hear me that apple tree where the apples are falling is called the place where the message is going for it do you know why she took great Delight there sister tally she said I'm in the shadow I'm taking it was her Refuge now I want to say something I want to talk to people tonight that have eaten these golden apples and you've lost your Delight under this tree I want to talk to people that's looking at other tree another teachers of the ministry then let me tell you what's out there darling

30 dead apples but under the tree of Truth find your Refuge find great Delight I think a shadow of this tree of Truth that must be where your Delight is if not you'll be like another man II Samuel

3.

31 read that for me Elder Morgan second Samuel chapter 3. verse 33.

32 I want to talk to you about a man Bishop Kendrick mentioned him a few weeks ago he had found safety Under The Apple Tree he was saved this man was saved he had found the City of Refuge for those of you that have moved here for those of you that have come here for those of you that have uprooted your lives you found the City of Refuge there's a refuge here and there's a man in the Bible that was running from something and he found safety in a City of Refuge he found an apple tree by The Shane Sewell he found his golden apples he found his King David or Solomon David at that time he found this

33 pasture good morning he found a Shepherd he wasn't running from tree to tree he found King David he found the City of Refuge he found truth let's read about him second Samuel 3 and verse 33 but one day this man got restless under that tree read and the King lamented over Abner and said died Abner as a full dive Abner Abner you had found safety son come on you had found the truth you found a safe place to park your family you found a safe place to rest your soul but I've known you started getting restless son and you went outside the city and bring you dead you died like a fool because it's one

34 thing to die on accident [Applause] when you quit delighting in this truth you will die like a fool dies you'll look around don't let it happen to you [Music] like a fool if anything matters to you more than this message you've not found great Delight in it if you're coming to this church for a place to hang out you're in the wrong building oh if you came here to find a friend you're in the wrong building but you may find one but if that's why you hear you're in the wrong place you're here because you found golden apples and you found great delight and you're resting under the shadow of these

35 golden apples of Truth [Applause] Abner didn't have to die sister Callie he could have submitted to the City of Refuge and found life this church has gone through a great battle but I want to say every one of you that stayed in the City of Refuge I want to say to you you're still alive tonight you're still safe tonight why because you found your golden apples and you found safety stay there [Applause] fools run away from the golden apples they always have to greener pastures opposed now be a picture of silver it happens today many Believers that are resting under this message some of you

36 watching me right now because you're fixing to go report to everybody what I said you shut up shut up and you you lost your great Delight in it and what happens is you get enticed Away by inboxes lured Away by lies [Applause] you get quadried away by questions before you know it you've lost the tree you look back and it's too far to run back because you can't repent and now you're out there among the stuff you get lured Away by Promises of teachers that'll teach you even deep indeed Pastor bond does teachers that don't even have their wives under control [Music] wives out there shipping and

37 dipping cussing and fussing and everything else and then and you listen everything that sounds deep ain't deep [Applause] God gives you a balance here We're not gonna go any deeper than you developing the fruits of the spirit do you understand that I don't want you no deeper than that till you learn to love one another any truth that takes you away from the body of of the Messiah and loving your brother and sister and being able to fellowship with one another any truth that makes you too holy for that that truth just too deep it brought you out into deep water you got that right but the Bible

38 said it's how pleasant it is for Brethren to dwell together in unity [Applause] to never think find those golden apples and just sit there God wants to keep you safe quit debating on Facebook if it's yahuwah or Yahweh or y'all whatever just get under these apples and be in unity with your church and just know that God will teach you everything he wants you to know [Applause] amen

[Music] nobody believes in the name more than I do but if you think I'm fixing to get in a debate with you over the name honey if you believe it's y'all wonder I'm fine with that I don't care I understand it to be

39 Yahweh and that's just what I understand I promise you one thing we're not going to turn this church into it debating the name Church [Applause] God don't want that he wants you to walk in the Revelation that you have [Applause] amen let's continue in Song of Solomon Chapter 2.

40 verse 4.

41 now I want you to notice in verse 4 what she says she says he brought me to the banqueting house and His Banner Over Me was a love oh wow this is somebody that's learning to sing a new song notice what she said no where was she at in verse number three before bring her an apple tree because she understands that the entrance to the banqueting table is through the apple tree she came under the word and while she's sitting an apple tree welcome to Narnia come through the tree and it's all of a sudden a banquet hall it just looked like an old chest of drawers it looked like an old Chaparral it

42 looked like an old tree it didn't look like much but when I started eating one message it turned into a banquet hall everything I ever wanted I found it under the message Hallelujah do you know how she got into that banqueting hole with these words under your shadow I found great Delight Hallelujah I want to explain something to you the father will give you one Golden Apple see how much you did over that apple the moment he reveals truth to you and he sees that you great that's one apple but a banqueting hole is full of apples foreign but the only way to get to the banqueting hall you got to

43 look at that old boring looking tree that seemed just like a little Churchill over on the corner on my old Spanish Trail just looked like a little old tree but there's some folks that know what's into this tree there's some folks that found out there's golden apples falling here and when you get under it if you'll take one apple at a time get quite Delight that look you have in your eyes Pat when truth opens up to you that's great [Applause] and the father says I'm watching how you eat the apples and if you'll eat those apples with green delight sort of like I eat a coconut cream everybody

44 knows I'm having great Delight [Music] the father said if you'll eat my truth like you do that pie what happens you'll open your eyes and you'll be in Narnia you will be in the banqueting hall don't ever mistake this ministry it's just the tree yeah it's not a place where one apple Falls it's the doorway to the quitting home [Applause] [Music] Hallelujah but those that don't stay long enough to eat every Apple they never get in the banquet hall they keep moving My grandmother used to sing before she was a preacher she sang the country songs and she said the song she always sang at a little

45 cafe in Holden Louisiana as a young girl I overlooked an orchid while looking for a rose if we're not careful we'll Overlook an orchid while looking for a rose in other words you'll overlook the balanced Ministry the balanced word to go chasing rabbits you'll change this over here before you know it you've left the banquet hall because there's more in the banqueting hall than just meet it's got pudding dancing a banqueting hall is full of dancing it's got the word it's got a balance of spirit and Truth I've been to many Zoo meetings where they have truth they do they have children but there is

46 not one ounce of life of the spirit I don't want it that's an unbalanced diet it will choke you eventually you need a place where the spirit of Yahweh can move over you like waves of the ocean and give you that beautiful outpouring of his spirit you need it all God wants to give you the whole banqueting house notice what else she said verse 4 he brought me to the banqueting house and His Banner Over Me was love what is this Banner of love I'm going to show you I got in the banqueting house and all of a sudden there's this Banner over me somebody thinks that's

a banner no darling that's a

47 hoofside this is the banner of love that's how we do our weddings the banner over her was her huffa it was the same reason we we marry people in this church under the banner of love now that Banner is very important to understand because the song this lady's learning to sing is is signified by the banner of Love Now this Banner of love over her is not the love that father has given her it's important that you get this you would think oh he put his Banner no no no no no no no no no no this is a banner that says that you have learned how to love him back [Applause] this is a love song that we're

48 learning ladies and gentlemen this new song is a love song and until you learn to sing it you will not be in the banqueting house of the millennial rain it's a banner of Love why a banner means victory conquerors wave Banners at their victory the moment Yeshua has declared victory over you you get the banner of love you're not hearing me so I'll do it again I preached a message one time called the horses are coming yeah and in that message I taught you sister Cali that yahshua has one plan to send four horses at the apocalypse into your life to conquer you right a banner is waived when you've

49 been conquered what's the first thing they waived when they conquer a nation their flag their Banner there's going to come a day little lady after you've eaten at that apple tree and had your ear pierced and had had your eyes washed with milk and once you've learned this song that's going to come a moment when yahshua conquers you [Music] he's gonna conquer Denisa one way or the other how do you know he's comforting because you'll start loving him back and once you've been conquered then you get the banner of love not his love it's the banner of Your Love once you've been conquered and you

50 said I no longer love myself I no longer love my holidays I no longer love my shrimp I no longer love the things that I love but if you will conquer me I love what you love after the past you can conquer me to where I won't even love my church more than you I'll leave it I'll leave everything because I want the banner of love she said the banner over her it's the banner of love when he rules over your pride you're gonna wave a banner when he rules over your Rebellion he's gonna wave a banner over you it's the banner of love how many want that Banner Hallelujah Hallelujah I want the banner of

51 Love Tonight I want him to wave the banner the hoofa over me and say hey you've qualified for the banner of love because you've given me victory over you you've submitted to me in every area of your life you've submitted to me that's when you get the banner of love once you stop by the apple tree and take great Delight in the apple tree those words of God next verse I'm trying to close now once she gets in the banqueting hall notice what she says are flagons comfort me with apples for I'm so in love I'm love sick I can't even stand up stay me because all that held me up was my pride and it's

52 gone foreign [Music] once you come into the banqueting house you don't even have no more strength left you can't even walk the song says I can't even walk without you holding my hand stay me help me I need help walking but notice what she wanted him to stay or with the wine the flagons the fresh juice she wants that apple wine it's apple wine now [Applause] she wants that apple wine that the Bootlegger's done made she wants that apple wine why she knows now where her help comes from the word yeah apples I wish to God I could preach it but now for some reason I can't but I hope your spirit is

53 picking it up and a drink of his humility of his crushing his will not mine stay me because I don't even have the will to walk in my own way anymore I need somebody to help me stand yeah the things I wanted to do I don't even want to do them no more with that apple wine [Music] I just want some apple wine [Music] I just want somebody to keep singing gospel Pastor [Music] don't try to go country [Applause] thank you apple wine why do I need it because in that

wine is the word the revelation of the word and in the banqueting house and I got so drunk on that I've done lost my mind good I've done

54 lost my mind I'm so drunk I don't even know what I wanted to do with my own life anymore I'm just drunk on apple wine to Help Me Hold Me Up amen because before I came to this banquet and house I stood up straight and proud my jaw was sick and I started drinking the word of God and I don't even know how to talk ugly to people and no more I don't know how to talk back to people I don't know how to cut them down I don't know how to defend myself I'm so drunk on apple wine [Applause] hold me up Help Me Hold Me Up sir why because I didn't know where I'm going no more before I got under that old

55 Apple Tree I had directions I had my career my house was found [Applause] I wound up waiting [Applause] you drank that Apple why I was in Florida how did I get over there you drank that apple wine we had no more control you surrender to the banner of love you said wave that Banner Over Me father whatever you're planning if your plan for my life is to prepare for your kingdom I just just give me another glass so that wine and I'll drink it I want to lose all my control I'm sick in love I'm so lovesick with the word I can't even see straight I saw a live I don't even know what else to do with

56 myself I've been drinking the wine of the word foreign they do I spent 900 on an airplane ticket to see that woman over there I'd lost my mind nobody I would never pay that for no plaintiff but I lost my mind I saw one picture on Facebook and I lost my low down mind oh yeah [Music] I was so sick in love I married her two months later oh yeah she still don't know what happened to her she had a good life going was an RN had the whole house to herself and then here come this apple wine [Applause] she submitted to God's will for her life staggering the whole time literally when we got married I'm

57 not lying y'all she had two men holding her up coming down the aisle she was staggering so bad yeah her daddy can't carry her she's like a deer in him [Music] [Applause] I felt sorry for the girl [Applause] and she was wearing a butterfly ring we couldn't be before no rain but she was drunk and I was drunk in love she was drunk on straw or apple wine but I was drunk in love this woman says I'm so sick in love that I just I've lost my way and I found your way and I'm submitting to your way you told me to keep the Sabbath day hopefully I'm so drunk I'll quit arguing with you because see if

58 you're not drunk then you got you your mind then you make your own decisions well God don't care what the out seat in all your arguments come out but when you've been drinking apple wine you just obey and don't even know why you just so drunk in love if he said do it that way you do it that way if he says do it this way you do it this way cause you're so drunk on Apple why [Music] Hallelujah pictures of silver drinking apples of gold [Applause] I've lost my whole structure yo we got people moving here I had a lady Zoom me today she is a nurse practitioner I was on the phone with it in a zoom

59 call God's moving people here that's gonna blow your mind I'm telling you Vicki Baker is as close to a doctor as you can get giving it all up just Strawberry Wine I mean apple wine okay Hallelujah Hallelujah take another train [Applause] lose your strength Shang sure you're a strong man God brought you here to lose your strength sir You're Gonna Lose you're going to lose this wrestling matching so we lose our mind because he's wrestling with you sir and he's going to win oh yeah you're gonna tap out brother Shang sure you gonna tap out son Hallelujah you don't tap out [Applause] [Music] of

60 hurry now so I can get to get you all out of here verse number six oh I love this verse I'm about to preach this one now what's happening to her in the banqueting table his left hand is reshaping my head wow come on and his right hand is embraced embracing me while his left hand does the work oh my God help me to preach this now when you come into the banqueting

house of apple wine your husband your bridegroom your Shepherd he knows that you fell for the trick it was a setup you fell in love with the word and here you are in the banqueting House of UGA magaga and you're so excited over the

61 apples that you're eating you're learning things you never learned before and then he says now come on over here darling I'm gonna put my left hand under your head for those of you that don't know where I'm going it's because you've not read my book called the ministry of Satan Yahweh is just like you sister he has two hands You Were Made In His Image you look like him he's got two hands he's got a left hand and a right hand at his right hand is pleasure forevermore but there is a left hand the word left in Hebrew means dark there's a dark side of Yahweh that you've never met it's his left

62 hand and his left hand's name is Satan those watching live that I just blew your mind go watch the ministry of Satan or download the book free of charge you're mine when you come under the apple wine now your mind's got to be transformed why do you think she said he put my head and his left hand why does it say it that explicitly his right hand is embracing me but his left hand's worried about my stinking thinking his left hand's got work to do on the way I think foreign [Applause] [Music] that his left hand must reform your thinking [Applause] if this Same Spirit that was in Christ also dwell

63 in you he'll Quicken your mortal body [Music] the left hand is the hand of Correction [Applause] Yahweh created an entity by the name of Lucifer to be his left hand in your life because Lucifer can do things that Yahweh don't do Yahweh is good but for there to be good there must be bad yeah there's a balance Yahweh created Satan so he could control Satan and you Satan for the work that must be done in your life [Applause] [Music] that's why I'm not that Keen on casting too many Devils out sometimes them Devils have been sent by Yahweh himself Pastor I don't believe that I don't care what you

64 believe what does the Bible say don't get don't make me prove it let me let me prove it Yahweh is speaking to his Heavenly counsel and he says about King Ahab who will go and be a lying spirit in his mouth who shall I send and what demon spoke up and said master sir I'll go make him a liar Yahweh should go and make him lie why because my left hand I can't make him lie but I created you for my purposes to be done in the Earth [Applause] oh yeah brother I don't believe that I don't care what you believe let me take you to another man by the name of job Yahweh said Lucifer you look bored son

65 where have you been he said well I've just been doing what you created me to do I just I just froze I'm trying I'm seeking who I may destroy because if I can destroy him that proves they're not yours [Applause] I'm doing my Ministry you created before the Bible said he created the Smith to blow upon the fire Satan is your Smith that's glowing on your life with fire [Applause] and while you're busy rebuking him because you need a compound God's trying to tell you submit to what I'm doing give me thanks in all things and you'll be all right [Applause] [Music] I've never seen so many devil

66 worshiping churches in my life if you want to fill a church up tell them you're gonna have a Deliverance Church and they'll come from everywhere to glorify Satan I gave him no attention in this church you want to come out do what these Elders did tonight bring you in the back room we ain't got time to fool with you son we're glorifying Yahweh in this house [Applause] what you're gonna find 90 of the time when you bring them in the back room it ain't all that exciting for them no more [Applause] [Music] [Applause] trust me come on ninety percent of it's a show there's some I understand but

67 ninety percent of it is a show but people people Satan I want you to go and destroy that man's life right now brother Vaughn the church I go to says God only does good things how many grew up here and if it comes from God it's good if it comes from the devil it's bad baby the

Devil comes from God so who you're going to blame for bad now [Applause] only God who the devil come from [Applause] should theology right and you'll quit chasing devils and you'll learn to glorify God in all things you'll become a Yahweh worshiper you'll give him thanks and whatever the devil's doing in your life

68 [Applause] and I'm gonna tell you something else the devil ain't never made you do nothing [Applause] you never made me do it no he don't the Bible said when man is drawn away of his own lust the devil ain't never made you do you do you like what he offered and you chose it Hallelujah yeah come on let me tell you there's truth I'm preaching Ain't Easy but if you ever learn it nothing else will ever satisfy you I'm glad I know who yahshua is I'm glad I know who the devil is I'm glad I know who Yahweh is I'm glad I know who I am I'm glad I know that all power rests with thy heavenly father and

69 that anything his left hand is doing it's only because his right hand is giving me the strength to go through whatever his left hand is doing [Applause] why is that left hand behind the head what did I tell y'all in the beginning he's working on what ears eyes mouth brother Von I'm so tired of the devil's attack hold on hold on did you ever wonder that maybe a left hand is behind your head because your mouth ain't got right yet [Applause] but I'm so tired of people attacking me we'll find out when it no longer bothers you [Applause] again now you see why we don't have a big church people can't

70 handle this I've come to tell you if people can still hurt your feelings that left hand hadn't done the job yet [Applause] brother Vaughn I got offended then you got to stay in the left hand but they offended me who are you I'm looking for a fruit tree and all I found was you [Applause] gotta love people you can't love Yahweh without loving people every day of my life I try to help somebody why because as I do it to people I'm doing it to the Lord I've never given a dollar people get mad when I give to the homeless because they're doing alcohol and drugs I'd never give a homeless man a dog I

71 give it to the Lord through that homeless man I don't care what he goes and buys with it I didn't give it to him I gave it to the Lord the only way you can give money to Yahweh you got to give it to people [Applause] if I wouldn't have give all my money away I could go buy that 30 acres and pay cash for it so all that means now is somebody's got to come back for me [Applause] it's just a big old circle of giving we all give to one another and then we're giving to Yahweh when we give to one another [Applause] Hallelujah [Applause] I want to move to our final verse verse number seven and this is

72 something I really want to focus on for a moment I charge you o Daughters of Jerusalem by The Rose now remember I taught you I was going to teach you the four Natures of Christ what were they does anybody remember no a bridegroom Shepherd the king of humility the road and the husband man here we arrive we've already done the king of humility and the bridegroom Shepherd now I'm going to introduce you to the road the deer this is a part of the new song that you're going to have to learn you're going to have to learn Christ as the deer and the road you've already learned him as the shepherd

73 you've already learned him as your king of humility but until you're learning as your dough as your role that you don't know him yet amen verse 7 I charge you o Daughters of Jerusalem by The Rose and by the hands of the field that's the deal that you stir that up nor awake my love until he pleases there's so much Revelation in that one verse God help me oh when I read that verse I heard that Ramesh level that hemp level ladies and gentlemen this is a new level of relationship with yahshua this is not the king of humility this is not the bridegroom Shepherd now this woman that has come to the

74 banqueting house is about to learn him as a role a total different experience in God but ladies and gentlemen some of you in this room were you you're at the row level you just don't know it

but I want you to notice what this little bride of Christ said in verse 7 you Daughters of Jerusalem who's she talking to the church all the daughters of Jerusalem are saved and they're all in the church this is somebody in that church that has been called out to discover the new song and this woman which is you it's now turning around to Babylon and saying to them do not I charge you what's about to

75 happen in my life can't be stirred up by religion the level he's about to take me to requires me to leave the daughters of Jerusalem [Applause] I'm going to a new place don't you dare misunderstand you can't make this happen with church this is a calling come out of her but I want you to know who's calling her oh God help me now this level of relationship cannot be stirred up by the church or about the trappings of her theater [Music] there's some people always asking me when are we going to get more programs and when are we going to do more for the community when are we going to you know

76 let's put some light there when are we gonna you missed the whole point didn't you on this mountain it's not about the daughters of Jerusalem I've always told you we're not a church and I can't get that through your head we don't have auxiliaries we don't have any of that all we've got's a bunch of people leaders that's Gathering under the tree because we heard a call that religion didn't stir up in US nothing in those churches could feed us nothing in those religions could satisfy us nothing answered our questions [Applause] we would go and sit and wonder why do I do this back then you was

77 griping about driving three minutes to church and now we got people driving an hour every time moving from three hours away why there's something religion didn't do for you there's something your churches didn't do for you these gold and apples when you find them you found everything [Applause] you don't get this calling I'm fixing to talk to you about I'm sorry y'all these these pointy shoes gotta go they're cute and everything but they gotta go they look good but they gotta go that reminds me of some folk I know they look good but they gotta go listen what God's doing in your life couldn't

78 be stirred up by your denomination the auxiliaries The Sisterhood clubs I want to explain something to you those that have come here your Delight will always be I opened that book the last thing you'll wonder well when we're gonna have this when we're gonna have that we got everything darling what are you talking about when we're going we've got everything we've got the golden apples well you know what God is stirring up in you didn't come from theatrics if I lost every musician tomorrow we'll still have this word if I lost all my help all I gotta do is open the book that's all we need that's

79 all we need everything in this ministry is about this book everything so brother Von how does this level get stirred up not by the daughters of Jerusalem only by the row himself that's right verse 8.

80 The Voice of my beloved that's the only thing that can stir you up not the voice of the church only the voice of my beloved she says you church folk you'll never understand me all right come on I heard a call it's the voice of my beloved and he said come out of her come to me notice what he says in verse 8 behold behold he cometh to me leaping like a roll upon the mountains and he's skipping up on the Hills my beloved is like a road or a young deer notice the next part he's so skittish you ever seen a deer he's so skittish that is hiding behind the veil [Music] he stands behind the wall that

81 has separated you called religion it's behind that wall and he's looking at the windows and he shows himself here a little you ever seen a deer how quick they move [Music] they're almost seducing you follow me [Music] and you're like there he goes right when you just got what you thought was all the revelation you can see him through a lattice he's back there looking at you saying come out of her my people I Heard a Voice he turned to the church and don't try to figure

your daughter said Jerusalem I charge you I charge you you can't you you're not gonna understand why I'm packing my family

82 don't even you just I Heard a Voice [Applause] [Music] it was clear it opened up truth to me it keeps moving and I'm chasing only he can awaken this level of Love inside of you and if you have felt this calling to the house of Israel it was not of your own doing what happened was one day you was behind the wall of your church and you notice the shadow behind the wall [Music] and you heard say there's more and you said what is that who is that there's more and you look behind your church wall because they told you one thing but this thing over here said there's more and you look behind the wall

83 and when the dove sees you guys there's more but you're good to come you gotta be willing to leave it all because I climb mountains deers go up mountains and if you're gonna follow me you gotta pull up your boot traps we gotta get to the top of this mountain he's calling you tonight to sell it all and give it to him [Applause] I'm almost done now you might understand why Lord help me to get this out now you might understand why you I feel such a weight of the glory of God right now [Music] you might understand why you don't have the ability to stir this Same Love Of Love up in anybody else

84 they hadn't seen the deer why can't they see Pastor dear hadn't called them what did that what did that bride learn in the new song say to the church don't listen to what she said don't I'll waste my love before it's time read that verse read it read what she said seven three I charge you O.E Daughters of Jerusalem by the rose and by the Hinds of the field that ye stir not up nor awake my love till he please oh [Music] hallelujah what he's gonna stir up at you only comes when he's ready to show his face behind the wall to you [Applause] this was before the time and it'll come looking for you

85 [Applause] Hallelujah never find you yeah I know all that looks crazy to you but you don't understand something got a hold of me when I started chasing this deer when I went deer hunting honey I found what my soul left my caught from Mount Zion [Applause] [Music] listen to what she said I charge you all you other daughters don't try to get people to understand this kind of love until he wakes up [Music] but whenever he wakes up they'll be walking behind the same wall you were behind and they'll see a shadow Moon they'll see that same shadow that seduced you [Applause] yeah you was chasing a

86 deer look back and your whole family was going you ever you didn't even know where you was at you was chasing deer [Music] [Applause] you ever got lost there huh yeah yeah but don't try to Stir It Up before he wakes up that's why the Bible said pray for all men what are you praying for you're not listen to me and I beg you ain't nobody gonna listen to what you got to say about no Sabbath day until the lord of the Sabbath Peaks his head into their life do you understand me [Applause] just do it just shake stairs when you're trying to get them all saved get them to understand brother Vine listen

87 you can debate all day long but what brought you to this message was not a debate it was a shadow that said come this way [Applause] I will prove it to you there are some of you that started to follow my Ministry and didn't understand the word I was saying it didn't matter you heard a voice [Applause] you heard of ice and in that and that followed the voice [Applause] the Bible said this voice so give a certain sound [Applause] said don't awaken my love before before the time because when he wakes up he'll find you there's a song that says he came looking for me he came looking for me he'll

88 come looking for you one day he'll call you out from behind that wall of the church he'll say follow me I want to teach you more I want to make you more dedicated than you've ever been in your life before I close I want you to notice the role that she's talking about he's the most Discerning animal watch a deer they're watching you like a hawk there's a gays hat there's a

standoff happening with you and a deer he's deserting you come on he's watching you yes he is Discerning you and he's sensitive you'll take his flight if he deserves something ain't right the deer don't set the slightest

89 discernment that somebody has a hidden agenda I've come to preach tonight if you're hiding a bow and arrow behind your back you may be looking like you talking to that deer he's not listening to all words you saying he's Discerning the danger there's gonna come a day when you will meet your savior as a deer he will discern the very intent of your heart he will know you I said he'll know you [Applause] that's why we can't build a big church here you can't play church around here you'll do it you Mama Grandpa microphone like she did Sunday night you can't play church around here [Applause] wow

90 we're trying to build something real something that'll be here for the generation after us [Applause] he discerns your motives the deer does your slightest movement in the wrong direction and what does he do the moment you begin to move in the wrong direction that Revelation is gone the moment he smells rebellion in your heart see you're meeting him now is the row the book of the this is a new song we're learning we're learning him now as that Discerning row he knows when you're up here playing he knows when you what we call pray pray play in praying why why he desires art now when you go to

91 Lake Guntersville if they discern you they'll walk right up to you let you feed them they'll they'll shop with you you're about to meet the role concerning you and if it's right in here he'll come sit down and Shop with you but the minute he tears you talking cruel to one of his children oh hallelujah what yeah he says you're not serious about dining with me you're not serious about eating apples with me you know a deer's favorite food is an apple he said you don't want to eat apples with me you're you're more worried about that than this and that's what I think about members of this church

92 when they get caught up in such stupidity little Patty grievances little things and you got a dare over there won't eat apples wouldn't you you gotta dare won't eat apple switching drink apple wine he's a watcher what's a deer oh watch her now listen none of this applies to most of the people watching me right now you know why this is only for the new song if you don't want to sing the new song remember it's a song men can't sing there's one group of people learning this song it's the psalm of surrender the song of humility we're learning it from the dough from the row himself the great row

93 watches us honey if you'll come for that exact moment what's he watching for this that row is watching for the exact moment when he knows you're ready he gazes upon you to discern the moment of your visitation somebody praying for him to show up at your house laughs that's why the Bible said pray for all men that they might have their day of visitation what is the day of visitation when the road comes to visit you he stops by your wall because Somebody Prayed would you stopped by their womb that's why we pray for all men we know we can't stir this love up within them but we can pray for them

94 to see the deer he's watching you [Music] and if you don't see any weapons in your hand and if he knows you're not in it for yourself then he'll back up like this slowly not running from you but seducing you follow me and I'll give you apple wine slowly he backs up and as long as your gaze is upon him not your wife not your husband [Music] not your children but as long as you're watching him but the moment your head turned you struggling [Music] the moment other things become more important than truth truth will take its light [Music] this this road is watching for your distractions what's

95 distracting you what's distracting you one distraction causes message now as soon as you get your gauge back on him he'll come back out but some of you has been too distracted he's looking at your carnality he knows he cannot introduce this level of love to you if you're

distracted or if you're too carnal he's watching for the right moment to seduce you he's waiting for that moment of Brokenness when all other human loves become secondary to the love he wants to introduce you to when we when we find or when he finds this moment in your life he's about to give you an experience of love [Music]

96 for him that you've never known all other loves must cease as you begin to chase the road wherever he may go remember the hundred and forty four thousand they followed the lamb if you're not a road chaser you can't experience this love let us stand [Music] Hallelujah let's all come tonight and Chase the road a little bit every one of you I said every one of you do you hear your pastor everyone and let's chase This Road Together Hallelujah Brothers the lights please [Music] I surrender all to me I surrender all don't just sing it believe it I'm tired of looking in other directions tired of

97 being distracted [Music] [Applause] can you see that bro can you see the row all to these you wouldn't stop the savior [Music]
