

Healthy Living Assignment

Topic: Societal Impacts

You are to investigate ONE (1) issue surrounding substance use/abuse and to create a report on your findings. Some of the topics that you can research, but are not limited to, include:

Crime - type and amount in a given community, region, province

Date rape

Family Violence

Disease

Ensure that you provide statistical data to back up claims in your report. You can contact various agencies to collect your data and to gather information.

Finally, identify in your report the supports and programs that exist to support those that are affected by substance use/abuse.
