

Farewells

(fyi if pave sees this, send the link in gamejolt as a post, thank you)

Hey there, you guys.
Its Bamber yet again....

for the final time.

I got caught for the last time.

Now, it looks like i will be forced to either take a longwise break or quit.

But, i'm not ready to let go of you guys, i never was..

This is why i'm giving you this.

Roblox User: pedrosantarem7

If you guys can reach me via Roblox, you can send me friend requests because ill accept, but make your display recognizable to me.

And also, i'm giving a final marathon concept as a gift for you all. (luke self and maybe some others will give on the visualizers)

all the other projects are canned.

until then....

Thank you all for sticking with me, and for everything.

You really are true friends.

See you in the stars.

Yo bamber, it's sad that you well... have to leave us. We will all miss you and as a tribute, I will draw one of your ocs and compose a song for it. For now, it's probably our last time seeing each other but I hope I can see you sometime in the future yet again. ~ Inmbis fan (cat that can cat, otherwise shortened as cat)
