Introduction to SoulCollage®

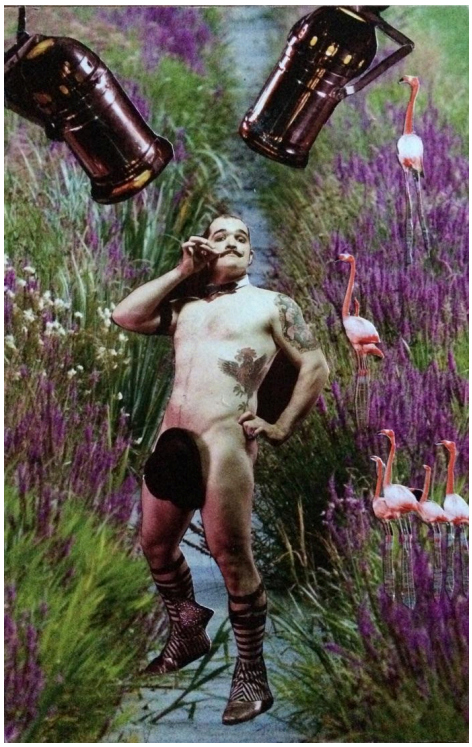

Oregon Association of Collegiate Registrars and Admissions Officers
Zoom In-service, Thursday 9/7/2023, Noon-2:30

Tumbled in a rich living collage, images constantly speak to us: in dreams, through art, and in our interpretation of the everyday world. Join me and your OrACRAO colleagues for an afternoon of imagery and inspiration as you begin to create SoulCollage® cards for your own personal deck.

You will be guided through a unique intuitive process that will move you from your linear language based left brain into your creative image based right brain… even if you have never done art or would not describe yourself as creative!

Simply place and glue images without words. Meaning comes afterward, when you learn how to do a basic 'reading' of your cards.

Meeting and Embracing Your Fool:
How to Love, Laugh, and Build on the Missteps that are Blessings

Explore your inner world and the connections to the larger energies that shape your life. Get a special introduction to The Fool archetype, who can become one of your strongest allies. Come play and explore with SoulCollage®.
