

On October 19, 2024, a group of 15 PIPSC members, their families, and a whole lot of snacks braved the atmospheric river in Vancouver, BC to ride the False Creek Ferries from Granville Island to Science World! Why? Because nothing brings people together like bonding over wet shoes, and an adventure after PIPSC's Steward Council.

Inside Science World, we ditched our umbrellas for a mini scavenger hunt where five lucky winners, scored gift card prizes, fueled up on snacks, and learned about each other's work—

from Environment and Climate Change Canada, Applied Science and Patent Examination, Royal Canadian Mounted Police to Canada Revenue Agency, we celebrated what makes our union community special and memorable.

A big thank you to everyone who joined us and made this event such a hit! Here's to more connections, and maybe slightly less rain next time 😊

In Solidarity,

PIPSC Young Professionals Committee
