

When they select these programmes, they have to answer to the following obligatory questions:

For applications to MSc in Mechanical Modelling Engineering only: Which specialization do you intend to select as MAJOR specialization module? *

- ☐ Design and Technology
- ☐ Fluid Mechanics
- ☐ Solid Mechanics
- ☐ Thermal Engineering
- ☐ Nuclear Engineering

Please note that faculty reserves the right to rearrange the specialization applications, considering limitations (programme availability, number of students, etc.

For applications to MSc in Mechanical Modelling Engineering only: Which specialization do you intend to select as MINOR specialization module? *

- ☐ Design and Technology
- ☐ Fluid Mechanics
- ☐ Solid Mechanics
- ☐ Thermal Engineering
- ☐ Nuclear Engineering

Please note that faculty reserves the right to rearrange the specialization applications, considering limitations (programme availability, number of students, etc.

For applications to MSc in Structural Engineering only: Which specialization do you intend to select? *

- ☐ Specialization in Numerical Modeling
- ☐ Specialization in Structures
- ☐ Specialization in Geotechnics and Geology
- ☐ Specialization in Structures in Nuclear Power Plants

Please note that faculty reserves the right to rearrange the specialization applications, considering limitations (programme availability, number of students, etc.

For applications to MSc in Physics only: Which specialization do you intend to select? *

- ☐ Nanotechnology and Materials Science
- ☐ Optics and Photonics
- ☐ Research Physicist
- ☐ Nuclear Technology

Please note that faculty reserves the right to rearrange the specialization applications, considering limitations (programme availability, number of students, etc).

These data can be downloaded from the Tables by selecting the following questions:

The screenshot shows a table configuration interface. At the top, there is a toolbar with a wrench icon and four tabs: 'Status', 'Offer priority', 'Offer type', and 'Offer decision'. Below the tabs, a message says 'Choose the columns that you want to see in the table.' followed by an orange button with a checkmark and the text 'Apply changes'. Below this, a list of column categories is shown, each with a right-pointing arrow and a small circle containing a number: 'My columns', 'Metadata 2', 'Application: Offers 3', 'Application: Profile 3', 'Application: Organization', 'Application: Contact 1', 'Application: References', 'Application: Documents', and 'Application: Other 4'. The 'Application: Other 4' option is highlighted with a blue rectangular border.
