

Privacy Policy

Prava Plus · Last updated: 09.09.2026

Prava Plus is a preparation platform for the theoretical driving licence examination in Uzbekistan. This policy explains what we collect, why, and what choices you have.

Operated by Prava Plus, Tashkent, Uzbekistan.

1. What we collect

From Telegram, when you sign in:

- Telegram user ID, first name (and last name if set)
- Username and profile photo, if your Telegram settings make them available
- Language preference

We do not receive your phone number, contacts or messages.

From using the app:

- Practice results — questions answered, correctness, time taken
- Progress — topics studied, tickets completed, daily streak
- Race data — races played, scores, opponents, rating and league position
- Settings — language, notifications, sound
- Error reports and anonymous usage counts, to fix and improve the app
- IP address, processed transiently for security and abuse prevention

Payments. Premium subscriptions are processed by Click. We never see or store your card number — only whether a subscription is active and when it expires.

We do not collect your location, camera, microphone, photos, files or contacts. We do not use advertising identifiers, do not show third-party advertising, and never sell your data.

2. Why we use it

Purpose	Data used
Show progress and results	Practice results, progress
Recommend weak topics	Practice results
Run races and maintain ratings	Race data, account information
Send notifications you enabled	Telegram user ID, settings
Fix problems and improve the app	Error reports, usage counts
Prevent cheating and abuse	Race data, IP address

3. What other users can see

Prava Plus includes competitive features. Other participants in a race can see your first name, profile photo, score, rating and league position, and your head-to-head record with them.

Your completed race may be stored and offered as an opponent to other players, shown with your first name and score. Your answers to individual questions are never shown to anyone. Shared results and invitation links contain first names and scores only — never your Telegram ID or username.

6. Your rights

Delete your account. In the app: Profile → Settings → Delete account. Or write to @prava_plus_admin on Telegram. Deletion removes your account, practice results, race data and settings, and is completed within 30 days. Anonymous aggregate statistics that cannot identify you may be retained.

Access and correction — you can see your progress and settings in the app at any time, and may request a copy of your data using the contacts below.

Notifications — turn them off under Profile → Settings, or by blocking our Telegram bot.

Withdrawing consent — delete your account. This does not affect processing carried out before withdrawal.

7. Security

We use encrypted connections (HTTPS/TLS), restricted database access, encrypted backups and rate limiting. No system is completely secure; if a breach affects your personal information we will notify affected users without undue delay.

8. Children

Prava Plus is intended for people preparing for a driving licence examination and is not directed at children under 13. We do not knowingly collect information from children under 13. If you believe a child has provided us with personal information, contact us and we will delete it.

10. Changes

We may update this policy. When we make material changes we will update the date above and notify users in the app. Continued use means you accept the updated policy.

11. Contact
