

## **Close My Eyes**

Treading on broken ice  
Memories froze longer  
Go helpless and heavy  
With all that we carry

Old times  
Taunt me  
Leave me  
Empty  
Cut me  
Quickly  
Ties still  
Bind me

Time goes slowly by  
And they stand still  
A while  
As shadows grow tall  
Close my eyes

See how the night draws  
And soothes me to resting  
Come as the rain falls  
And purs me an ending

Hear me  
Breathing  
Find me  
Sleeping  
In these  
Dark dreams  
Breath stops  
Falling

Time goes slowly by  
And they stand still  
A while

As shadows grow tall  
Close my eyes
