	Jen Krupp	r	Lynn Grover	r		
Meeting Place/Recorder:						
					Time:	0700-0750

Time/Presenter	Topic	Discussion/Follow-up
0700	Reflection	
Jen W.	Process for cord blood collection- avoid clotted specimens	No updates. Followed up with the lab yesterday. Will bring back update in April.
Jen W.	Fetal Pillow	<p>Fetal Pillow Rep came to discuss device with BS Drill team. Fetal pillow has been ordered. Rep will also attend provider meeting next week and staff meetings later in March.</p> <p>Dana mentioned that BS drill team members have a model that they will set up at the BS nurses' station with a fetal pillow for hands on practice for anyone to use.</p>

Jen W.	Visitor badges for L&D	Nicole Wipperfurth, OBT, came up with badges for visitors. There are 4 badges per room, significant other has own. Visitors sign in and out of unit. There is a sign in sheet with unit secretary. This helps staff know who is in the unit and limits additional people beyond those allowed with visitor guidelines.
Sam Walker	Release of remains form (wording changes) Loss cards for patients- for clinic visits	<p>Sam shared wording change recommendations on 2 documents: Release of Remains and card to hand out in clinic.</p> <p>Currently there are 3 options listed on the Release of Remains form for losses at <20 weeks gestation</p> <ul style="list-style-type: none"> ● St. Mary's burial ● Funeral Home ● Pick up by family <p>Would like to expand on burial information so that parents/family members are aware of the burial.</p> <p>BSCC members are in support of recommended changes.</p> <p>Some suggestions for clinic card were to have staff refer to back of card, also add information on bleeding: ex- light, heavy, clotting and pain: ex- cramping, aching, location of pain.</p> <p>Sam Walker will bring back final drafts of both documents to BSCC April 8, 2025, for review.</p>
Nancy	RPM for HDP Updates	May 5, 2025 is go-live date for SSM St. Mary's Madison. Currently the work team is working through insurance authorization workflows to avoid delays for starting the BP monitoring through SSM Health at Home once they are discharged after their pp stay. It will be offered to patients with preeclampsia with severe features initially for 1-2 months, then it will be offered to all patients with HDP, goal is to offer it in SSM WI region and all of SSM.
Nancy	Post Birth Alert Bands	Initiative is going well. Good feedback for emergency room staff. Data is being collected on band usage.

Nancy	<p>Education</p> <ul style="list-style-type: none"> • Relias EFM modules • BS Drills 3/3, 4, 6, 17, 19 & 20 • OB Education session Tuesday 3/18/25 0730 Conf. room 6 Dr. Naomi Roselaar <p>Substance Use & Treatment for Withdrawal in Antepartum Patients</p>	<p>EFM education required learning by August 30, 2025 for all SSM RNs and providers. Relias modules take on average 1-3 hours.</p> <p>BS drills are midway through. There are still options for providers to participate, just email Nancy for dates/times.</p> <p>OB education 3/18/25 0730 Conference room 6 and Teams option.</p>
Dawn Leila	Provider Update	<p>No updates since the provider meeting is later this week</p> <p>No updates at Wildwood.</p>
Jensi/Bethany	Resident program updates	No faculty updates for FM residents.
Liz	Connect Rx	<p>Things are going well. No waiting list for patient at St. Mary's- Madison. UW is fully staffed with community health workers. The director Ariel was moving on but has stayed in her position remotely. Connect Rx is still trying to expand throughout the SSM WI region. Will probably be in 3rd quarter of 2025. Screening and referrals placed.</p> <p>Leila had question on other clinic access for patients- they serve a lot of Medicaid access at Wildwood. Liz will help check in for expansion to other clinics.</p>
Lynn	4 th Trimester Group clinic updates/ Clinic leader updates	No Updates
All	Open Agenda	<ul style="list-style-type: none"> • Meriter started new IOL protocol. Single balloon and laminaria in triage and sent home, Bethany also shared that they will do other types of cervical ripening at their 2100 induction time and then discharge home with an appointment the next day, wondering if SM-M will be doing something similar? At St. Mary's Madison a team

		<p>is working through the option of placing Dilapan in the clinics for induction, then going home with appointment scheduled for next day in the hospital. Will start with the CNM group.</p> <ul style="list-style-type: none">• Dana had question on FM providers and when they need to be in house during labor? Had a question if providers need to be in house with start of pitocin? Generally, if a patient is active in labor the FP provider needs to be in house. Leila- there is not a policy that FM has to be in-house to start pitocin.• Will follow up for any policies or guidelines for next month. Dana will follow up with any specific situations concerning FM provider coverage. Bethany is open to discuss different situations since there are often patient specific situations that occur. Dawn shared that Dean OBs are always in house for support.<ul style="list-style-type: none">• Sam Walker will be starting as a fill-in charge nurse on nights. Welcome Sam!
