

At Campaigners we try to create a place where people can come and feel loved. We try very hard to create a time of fellowship where people experience Jesus.

One of the ways that we try to communicate at campaigners is that when you experience God, as you grow in a relationship with him, you become confident in who you are. You begin to see yourself in God's eyes, and are transformed into that person. You start to become the person God created you to be.

1. Becoming confident in who we are, through Christ.
 - a. We started by getting them thinking about who they are. What does their name mean? What do they want to do with their life?
 - b. We then asked; what does God want to do with your Life?
 - c. We talked about when we compare ourselves to others, it distracts us from being who God created us to be.
 - d. When we focus on God, we will begin to see us the way he sees us. This frees us.
2. Watch Nooma Video "Name".

Were trying to show them that being a Christian is more than just getting a ticket into heaven, there is so much more, and one of those things is to know who we are in Christ, it changes our current life.

In the ancient cultures to know ones name was in essence to know that person. There is something in that idea, even God when asked by Moses who he should say sent him, said "Tell them I AM has sent you". When I read that, the name "I AM" I see it as an open ended statement, I am love, I am life, I am justice, I AM ... God is to be our everything.

So what does your name mean? I know that my name Jeremiah means "Appointed by God". I take that seriously, mostly in part because my mom has told me that God told her the name was given to her by God. So for me to know my name is to partially know who I am in Gods eyes.

Who are you in God's Eyes, what talents has he given you, and what are you good at. God has given us each specific abilities, and it is part of our job to use these talents, to hone them and to improve our skills in those areas. Maybe it is something that we will use for a little while, maybe it is something that God has a plan for us to use only once. But it is important to have put effort into doing the things God has planned for us.

When we know who we are in Christ, when we experience God in our

life, and know our purpose. Life has meaning, life is abundant, life is an experience with God. With God, we can be confident in who we are. With God we do not need to try to conform to specific standards, we are free to become who he created us to be. It is not that we limited because he made us a specific way, it is that we are now we are free to live that way. We are free to experience true life outside of the constraints, we put on ourselves because our perspective of other people thoughts about us.

Life with God is it!

What does your Name Mean?

Do you know what you want to do with your life?
What do you think God wants to do with your life?

Do what other say, or the way they act affect the way your act. Do their actions distract you from what you/God wants planned for your life?

Read John 21:15-22

Do you think you could live in a way where you're not comparing yourself to people who have more than you, who look different than you, or who can do things you can't?

Can you ever be fully you if you don't?

What would it look like for you to completely trust Jesus when he says
"You, Follow Me"

God has united you with Christ Jesus. For our benefit God made him to be wisdom itself.
Christ made us right with God; he made us pure and holy, and he freed us from sin. 1
Corinthians 1:30

All praise to God, the Father of our Lord Jesus Christ, who has blessed us with every
spiritual blessing in the heavenly realms because we are united with Christ. Ephesians
1:3

Yes, everything else is worthless when compared with the infinite value of knowing
Christ Jesus my Lord. For his sake I have discarded everything else, counting it all as
garbage, so that I could gain Christ Philippians 3:8
