

1 40 steps that will make you a guaranteed rich millionaire,

2 Working “smart” is what will make you a guaranteed millionaire right? WRONG! You need to do something instead that will make you hungry to reach that goal and I will give you the answer because I know it.

3 No, this is not a joke, no this is not a money ripoff and it most certainly is not like all the things you tried to look for before. There is always one thing most “How to become a millionaire guides” have in common and that is empty promises, let me save you from that.

4 The Truth is that you have to believe in it. Andrew Tate, Bill Gates, Jeff Bezos... They all believed in what they were doing, But why would I want to tell YOU this?

5 Are you afraid to believe? The sneaky thing all millionaires do first, especially the ones I mentioned earlier, is something you would never expect, for example: let's say you want to invent a flying car, that majestic thing flying through the air... You know it is gonna make you a lot of money, but how could you ever make such a thing if you didn't believe it would work out?

I know how it feels, it is so unfair that so many people are making 6 figures as we speak while you are sitting here trying to find the secret, the clue and the answer. It bites on you does it not?

6 IT IS CALLED A BOOK, you need to believe in the fact that you will learn how to make that car. You need to assemble all the things that most humans don't know, the secret!

7 What is the secret? Some say it is the willpower to collect all the information about that specific thing in this case the flying car. How are the wings made, what makes it fly, is it kerosene?

8 Get this book now to find the answer immediately.

9 Not only does it make you feel like you were involved in an ongoing conversation, it also has the specific answers you so desperately need. They call this book “the job killer” for a good reason.

15 When eating an apple you think nothing of it... You probably think it is tasty or sour, but some person on earth somewhere is making a lot of money off of this as we are speaking!

16 Correct, an apple is not going to make you rich. But then, what is...? It is the sheer hard work you must put in. The exact work you “feel too tired” for at that moment.

17 I WILL LITERALLY TELL YOU WHAT I MEAN WITH THIS. 4 sentences back in the text you are reading I was almost about to give in, but then I thought to myself...
