Before commission me

Make sure that you read and understand the TOS before commissioning me please. Asking for a commission you give me to understand that you are ok with all and not going to have any problems. Any questions just ask. Thank you!

Basic information

★ Before work

First of all, **English is NOT my first language** so I require clear and simple information to work well. Things like photo references for poses or ideas are always welcome.

This is my **full time job** and I need to pay taxes every month and other expenses, so please, do not ask me for a discount. Tips are always welcome to help!

I have physical chronic arm pain and back problems, so I may not be able to work as fast as other times so please be patient with me, I am trying my best!

My current working hours are **Monday to Friday**. Weekends are often out except for urgent commissions.

Clients **MUST BE +18 years old.**

Clients need to have **reference sheet**s if the commission is not an icon, then I can work with drawings references.

These works will be **ONLY for personal use**, NOT for commercial use (you CAN NOT sell it or do merch). My works are only for personal use, not for commercial and as **NFT use is completelly prohibited.**

I DO NOT WORK with AI supporters.

Customers who do **ghosting** will never be able to order something from me again, also the same for people who participate and win a YCH with bids. If you can not pay or wanna cancel the slot, please let me know, I don't bite!

I can accept urgent or private commissions, but the price will vary. Urgent commissions must be paid before one week at least to the deadline.

★ Work in process

I usually work with **WIP**s (Work in Progress) sending 2-4 per commission for the client to check everything is alright for them before start with next step. Please be sure to check everything, little changes can be made). If the customer doesn't say anything after 24h-48h seeing the WIP I will suppose it is ok and work with next step.

One change per WIP. Be sure what do you want to change. You can not ask for lineart changes when the drawing is almost done.

Delivery time is **one month/ month and a half *.** You can ask for a refund if you did NOT receive at least one WIP of your commission after one month. You can NOT ask for a cancellation.

***This will not be adapted if I have health problems, in that case, I will delay the delivery date (all affected customers will be informed immediately).

If the client takes a couple of weeks to respond, I have the right to cancel the commission, returning a % paying for the not worked hours on the order and also keeping the sketch for future YCHs. I ask some availability when working with me. If you answer fast, I will work fast.

★ After work

Once finished, I will send the commission/s **via email with HQ PNG files.** You will have a watermark commission (only if you wanna post on social networks) and other archives without watermark (only for personal use).

I do NOT post all the finished commissions right after finished because wanna post things with time but you can post them, always with credit please!

You can **NOT alter the original commission**, if you want changes, please contact me. DO NOT remove my watermark please!
