

Hello!

Thank you for choosing to send a child to school.

This one-pager shows every detail you need to know about enrolling a child in a school at Talent Mine Academy and the next steps.

Talent Mine Academy (TMA) is a free school that provides 12 years of high quality education to children in low-income communities. Our vision is to raise children in under-resourced communities as young leaders who can use the academic concepts they learn in class to solve the pressing problems in their communities.

We are simply placing children in these communities at the driver's seat of social change, by empowering them with the right combination of intellectual stimulation and life skills development that they need to make better life choices and create change within their community. So far, we've been able to enrol 67 children in school and we have recorded a 75% academic improvement rate within 6 months of enrollment.

Our Private School Scholarship is an avenue for private individuals and organizations to support a child's education without any interruptions. **Therefore, the sponsor would be committed to sponsoring the child until the end of his/her primary education or secondary education (6 - 12 years).**

The estimated cost of sending a child to school is NGN500,000 || \$500 || £500 per year, which can be either paid termly (every three months in bits) or yearly (as a whole) by the sponsor. The cost covers tuition, school wear, stationery and textbooks, daily school feeding (food, fruits, and snacks), extracurricular activities, vocational skills training, entrepreneurship classes, psycho-social support, and weekly leadership and life skills sessions to empower them to make better life choices and create change in their communities.

Every quarter, the sponsor would receive an update report on the child they are sponsoring so as to track the impact and progress of their allocated child on a quarterly basis.

While the sponsor is responsible for paying the child's school fees, TMA would be fully focused on ensuring that the child's well-being is taken care of.

If you are interested in moving forward to sponsor a child to school, kindly fill out [this](#) form, and we will be in touch shortly. We look forward to partnering with you!
