

Home Skills 8

Our Goal

This 10 week class is designed to explore our role as a consumer in our ever changing world. We will be discussing how to become wise consumers of the future.

Planned Units of Study

The New Food Industry

Foods of your community and New York State

In Defense of Food (Real food!)

Foods of the Future & Food Sustainability

Food Science and Nutritional Value of our food supply

Recycling & Sustainability

Foods of the World

GRADING

75% of the student's earned grade is timely completion of assignments

25% of the student's earned grade is classroom connection to twice weekly google meets.

PLEASE NOTE: Google meets are in place of in-school classroom lessons. They are a mandatory requirement. Each class attendance is 50 points (100 points/week). Non- attendance is skipping school.

If your child is unable to connect to a meet due an acceptable absence, please email me in advance (emcandrew@frontiercsd.org). Thank you for your support!
